The 24th December, 1847.

The Right Honorable the Governor General in Council has much satisfaction in publishing for general information, the copy of a Proclamation issued by the Maha Rao Raja of Boondee, prohibiting the rite of Suttee within his Territory.

Translation of a Proclamation issued by the Boondee Government.

To all the Talookdars, Kotreedars, Jageerdars and other Officers of the Boondee Raj, intimation is hereby given, this 6th day of the dark half of the month of Jet Sumbuh 1903, (corresponding with the 6th of May 1847.)

Several improper and unworthy practices, as the destroying of female children, the inhumation of Jogees, the voluntary suicide of individuals in fits of passion by poison, by weapons of violence, by casting themselves from precipices or other means, the burning or mutilating of women upon charges of witchcraft—for these and other unworthy acts, in violation of the Shasters, and occasioning injury in this life and the next, preventive measures have previous to this been enacted in conjunction with yourselves.

It is now further enacted, that with regard to those loving women who retain their affection towards their Lords when these have been removed by death, the Dhurm Shasters have enjoined two modes of proceedings, viz. that they should accompany them in death (Suhgumun) or else perform the living Suttee of a devout life (Jeewut Suttee Dhurm Palun.) But many now from motives of vain glory or reputation regarding only their own fancies and not the conditions of the Shasters, take no care to dissuade the woman at that moment of her anguish, but on the contrary giving her all the adventitious aids of camphor and other intoxicating drugs make thus a Suttee sacrifice of her.

Such are their impressions, and they are entirely erroneous and censurable, and surely compared with this the Suttee of a devout life is much more becoming and preferable.

Therefore let every one of you make arrangement in his respective jurisdiction, and know, that in whatever District so improper an act and so contrary to the Shasters, shall occur and a woman be burnt as a Suttee, the chief of the District and all those whose concern in the burning of the woman shall be established by evidence, shall be punished in such manner as the Dhurm Shaster as administered in Boondee, prescribes, for those criminals who have been guilty of acts of blood.

By order of the Right Hon'ble the Governor General of India in Council,

Fort William, Home Department, Legislative, the 18th December, 1847.

The following Act passed by the Governor General of India in Council on the 18th of December 1847, is hereby promulgated for general information.

ACT No. XX. OF 1847.

An Act for the encouragement of learning in the Territories subject to the Government of the East India Company, by defining and providing for the enforcement of the right called Copyright therein.

Whereas doubts may exist whether the right called Copyright can be enforced by the Common Law of England in those parts of the Territories subject to the Government of the East India Company into which the Common Law of England has been introduced:

And whereas doubts may exist whether the said right can be enforced by virtue of the principles of equity and good conscience in the other parts of the Territories subject to the Government of the East India Company:

And whereas for the encouragement of learning it is desirable that the existence of the said right should be placed beyond doubt, and that the said right should be made capable of easy enforcement in every part of the said Territories:

And whereas it is doubtful whether the Act of Parliament 5 and 6, Victoria, C. 45, entitled "*an Act to amend the Law of Copyright,*" although such Act extend to every part of the British Dominions, has made appropriate and sufficient provision for the enforcement in every part of the said Territories subject to the Government of the East India Company of the said right by proprietors thereof: and whether the said Act of Parliament has made provision for the enforcement of the said right by or against any persons not being subject to the jurisdiction of the Courts established by Her Majesty's Charter:

I. It is therefore hereby enacted, that the Copyright in every book published in the life-time of its author within the said Territories after the passing of the Act of Parliament 3 and 4, Wm. 4, C. 85, entitled "*an Act for effecting an arrangement with the East India Company and for the better government of His Majesty's Indian Territories till the 30th day of April, 1854,*" shall endure for the natural life of such author, and for the further term of seven years commencing at the time of his death and shall be the property of such author and his assigns: Provided always, that if the said term of seven years shall expire before the end of forty-two years from the publication of such book, the Copyright shall in that case endure for such period of forty-two years; and that the Copyright in every book published after the death of its author and after the passing of the Act of Parliament last aforesaid shall endure for the term of forty-two years from the first publication thereof and shall be the property of the proprietor of the author's manuscript, from which such book shall be first published, and his assigns.

II. And whereas it is expedient to provide against the suppression of books of importance to the public: It is enacted, that it shall be lawful for the Governor General in Council on complaint made to them that the proprietor of the Copyright in any book published after the passing of this Act within the said Territories, has after the death of its author refused to republish or to allow the republication of the same, and that by reason of such refusal such book may be withheld from the public, to grant a licence to such complainant to publish such book in such manner and subject to such conditions as they may think fit, and it shall be lawful for such complainant to publish such book according to such licence.

III. And it is hereby enacted, that a Book of Registry wherein may be registered as hereinafter enacted the proprietorship in the Copyright of books and assignments thereof, and licences affecting such Copyright, shall be kept in the office of the Secretary to the Government of India for the Home Department, and shall at all convenient

times be opened to the inspection of any person on payment of Eight Annas for every entry which shall be searched for or inspected in the said book, and that such Officer shall whenever thereunto reasonably required, give a copy of any entry in such book certified under his hand, to any person requiring the same on payment to him of the sum of Two Rupees, and such copies so certified shall be received in evidence in all Courts and in all summary proceedings, and shall be *prima facie* proof of the proprietorship or assignment of Copyright or licence as therein expressed, but subject to be rebutted by other evidence.

IV. And it is enacted, that if any person shall wilfully make or cause to be made any false entry in the Registry Book aforesaid, or shall wilfully produce, or cause to be tendered in evidence any paper falsely purporting to be a copy of any entry in the said Book, he shall be guilty of a misdemeanour and shall be punished with imprisonment with or without hard labour for a term not exceeding three years.

V. And it is enacted, that after the passing of this Act, it shall be lawful for the proprietor of Copyright in any book published, after the passing of the said Act of Parliament 3 and 4, Wm. 4, C. 85, to make entry in the Registry Book of the title of such book, the time of the first publication, and the name and place of abode of the publisher thereof, and the name and place of abode of the proprietor of the Copyright of the said book, or of any portion of such Copyright in the form in that behalf given in the Schedule to this Act annexed upon payment of the sum of Two Rupees to the said Secretary, and that it shall be lawful for every such registered proprietor to assign his interest or any portion of his interest therein, by making entry in the said Book of Registry of such assignment, and of the name and place of abode of the Assignee thereof in the form given in that behalf in the said Schedule on payment of the like sum; and such assignment so entered shall be effectual in Law to all intents and purposes whatsoever without being subject to any stamp or duty, and shall be of the same force and effect as if such assignment had been made by Deed.

VI. And it is enacted, that if any person shall deem himself aggrieved by any entry made under colour of this Act in the said Book of Registry, it shall be lawful for such person to apply by motion to the Supreme Court of Calcutta, or if the Court shall not be then sitting to any Judge of such Court sitting in Chambers for an order that such entry may be expunged or varied, and that upon any such application to the said Court, or to a Judge as aforesaid, such Court or Judge shall make such order for expunging, varying or confirming such entry either with or without costs, as to such Court or Judge shall seem just, and the said Secretary shall on the production to him of any such order for expunging or varying any such entry, expunge or vary the same according to the requisitions of such order.

VII. And it is enacted, that if any person shall after the passing of this Act print or cause to be printed either for sale or exportation, any book in which there shall be subsisting Copyright without the consent in writing of the proprietor thereof, or shall have in his possession for sale or hire any such book so unlawfully printed without such consent as aforesaid, such offender if he shall have so offended within the local limits of the jurisdiction of any of the Courts of Judicature established by Her Majesty's Charter, shall be liable to a special action on the case in such Court, and if he shall have so offended in any other part of the Territories subject to the Government of the East India Company to a suit in the Zillah Court within the jurisdiction of which he shall have so offended, which shall and may be prosecuted in the same manner in which any other action of damages may be brought and prosecuted there, and if he shall have so offended in any such last-mentioned part of the Territories subject to the Government of the East India Company in which there is no Zillah Court, to a suit in the highest local Court exercising original Civil jurisdiction in such part of the said Territories.

VIII. And it is hereby enacted, that after the passing of this Act in any suit or action brought in any of the Courts of Judicature established by Her Majesty's Charter under the provisions of this Act against any person for printing any such book for sale, hire or exportation, or for selling, publishing or exposing to sale or hire, or causing to be sold, published or exposed to sale or hire, or for having in his possession for sale or hire any such book so unlawfully printed, the defendant on pleading thereto shall give to the plaintiff a notice in writing of any objections on which he means to rely on the trial of such action, and if the nature of his defence be that the plaintiff in such action was not the author or first publisher of the book in which he shall by such action claim Copyright, or is not the proprietor of the Copyright therein, or that some other person than the plaintiff was the author or first publisher of such book, or is the proprietor of the Copyright therein, then the defendant shall specify in such notice the name of the person who he alleges to have been the author or first publisher of such book, or the proprietor of the Copyright therein, together with the title of such book, and the time when and the place where such book was first published, otherwise the defendant in such action shall not at the trial or hearing of such action be allowed to give any evidence that the plaintiff in such action was not the author or first publisher of the book in which he claims such Copyright as aforesaid, or that he was not the proprietor of the Copyright therein, and at such trial or hearing no other objection shall be allowed to be made on behalf of such defendant than the objections stated in such notice, or that any other person was the author or first publisher of such book, or the proprietor of the Copyright therein than the person specified in such notice, or give in evidence in support of his defence any other book than one substantially corresponding in title, time and place of publication with the title, time and place specified in such notice.

IX. And it is hereby enacted, that after the passing of this Act in any such suit or action as last aforesaid brought in any Zillah Court or other local Court as aforesaid the defendant shall state in his answer all such matters as he means to rely on and which by the last preceding Section the defendant in any suit or action brought in any of the Courts of Judicature established by Her Majesty's Charter is required to give notice of in writing, otherwise such defendant shall be subject to the same consequences for any omission in his answer as a defendant is made subject to by the last preceding Section for any omission in his notice.

X. And it is hereby enacted, that when any publisher or other person shall within the said Ter-

ritories before or at the time of the passing of this Act, but after the passing of the said Act of Parliament 3 and 4, Wm. 4, C. 85, have projected, conducted and carried on, or shall hereafter project, conduct or carry on, or be the proprietor of any Encyclopædia, Review, Magazine, Periodical work or work published in a series of Books or Parts, or any book whatsoever, and shall have employed or shall employ any persons to compose the same, or any Volumes, Parts, Essays, Articles or Portions, thereof for publication in, or as part of the same, and such Work, Volumes, Parts, Essays, Articles or Portions shall have been, or shall hereafter be composed under such employment on the terms that the Copyright therein shall belong to such Proprietor, Projector, Publisher or Conductor, and paid for by such Proprietor, Projector, Publisher or Conductor, the Copyright in every such Encyclopædia, Review, Magazine, Periodical work and work published in a series of Books or Parts, and in every Volume, Part, Essay, Article and Portion so composed and paid for shall be the property of such Proprietor, Projector, Publisher or Conductor, who shall enjoy the same rights as if he were the actual author thereof and shall have such term of Copyright therein as is given to the authors of Books by this Act, except only that in the case of Essays, Articles or Portions forming part of and first published in Reviews, Magazines or other Periodical works of a like nature after the term of twenty-eight years from the first publication thereof respectively the right of publishing the same in a separate form shall revert to the author for the remainder of the term given by this Act. Provided always, that during the term of twenty-eight years the said Proprietor, Projector, Publisher or Conductor shall not publish any such Essay, Article or Portion separately or singly without the consent previously obtained of the author thereof or his assigns: Provided also, that nothing herein contained shall alter or affect the right of any person who shall have been or shall be so employed as aforesaid to publish any such his composition in a separate form who by any contract, express or implied, may have reserved or may hereafter reserve to himself such right, but every author reserving, retaining or having such right shall be entitled to the Copyright in such composition when published in a separate form according to this Act without prejudice to the right of such Proprietor, Projector, Publisher or Conductor as aforesaid.

XI. And it is hereby enacted, that the Proprietor of the Copyright in any Encyclopædia, Review, Magazine, Periodical work or other work published in a series of Books or Parts shall be entitled to all the benefits of the Registration in the Office of the Secretary to the Government of India for the Home Department, under this Act, on entering in the said Book of Registry the title of such Encyclopædia, Review, Periodical work or other work published in a series of Books or Parts, the time of the first publication of the first Volume, Number or Part thereof, or of the first Volume, Number or Part first published after the passing of this Act in any such work which shall have been published heretofore, and after the passing of the said Act of Parliament 3 and 4, William 4, C. 85, and the name and place of abode of the Proprietor thereof and of the Publisher thereof when such Publisher shall not also be the Proprietor thereof.

XII. And it is enacted, that all copies of any Book wherein there shall be Copyright, and of which entry shall have been made in the said Registry Book and which shall have been unlawfully printed without the consents of the Registered Proprietor of such Copyright in writing under his hand first obtained shall be deemed to be the property of the Proprietor of such Copyright and who shall be registered as such, and such Registered Proprietor shall, after demand thereof in writing, be entitled to sue for and recover the same or damages for the detention thereof.

XIII. And it is enacted, that if the case be within the jurisdiction of any of the Courts of Judicature established by Her Majesty's Charter, such Registered Proprietor shall be entitled to sue for and recover such copies or damages for the detention thereof in an action of Detinue, from any party who shall detain the same, or to sue for and recover damages for the conversion thereof in an action of Trover, and that if the case be within the jurisdiction of any Zillah Court or other local Courts aforesaid, the Registered Proprietor shall be entitled to sue for and recover such copies or damages for the detention or conversion thereof, in such form as is in use in the said Zillah or other local Courts for the recovery of specific personal property or damages for the detention or conversion thereof.

XIV. And it is enacted, that no Proprietor of Copyright in any book first published after the passing of the said Act of Parliament 3 and 4, Wm. 4, C. 85, shall maintain under the provisions of this Act any action or suit at law or in equity, or any summary proceeding in respect of any infringement of such Copyright unless he shall before commencing such action, suit or proceeding have caused an entry to be made in the Book of Registry at the Office of the said Secretary of such book pursuant to this Act. Provided always, that the omission to make such entry shall not affect the Copyright in any book, nor the right to sue or proceed in respect of the infringement thereof except the right to sue or proceed in respect of the infringement thereof under the provisions of this Act.

XV. And it is enacted, that if any action or suit shall be commenced or brought in any of the Courts of Judicature established by Her Majesty's Charter against any person or persons whomsoever for doing or causing to be done any thing in pursuance of this Act the defendant or defendants in such action may plead the general issue and give the special matter in evidence; and if upon such action a verdict shall be given for the defendant or the plaintiff shall become nonsuited or discontinue his action, then the defendant shall have and recover his full costs for which he shall have the same remedy as a defendant in any case by Law hath in the said last-mentioned Courts.

GENERAL ORDERS BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, 31st December, 1847.

The Right Hon'ble the Governor General of India in Council is pleased to direct that the provisions of Her Majesty's Warrant, and the Orders of the Hon'ble the Court of Directors, as published in Government General Orders No. 35, of the 23d January 1846, for the distribution of the Prize Property taken in Scinde, be carried into effect under the directions of the General Prize Committee at the Presidency as respects the claims of Officers and Men belonging to the Bengal Establishment; the claims of the Madras and Bombay Troops being adjusted at those Presidencies as heretofore.

2. All European Commissioned and Warrant Officers will draw their shares on separate bills, in duplicate, and forward them to the Military Auditor General who, as a Member of the General Prize Committee, will pass them for payment, after deducting the six months' Donation Batta received by the Officers and Men present at the battles of Meanee and Hyderabad.

3. The shares due to European Non-Commissioned Officers and Men, now present with the Corps in which they served at Scinde, will be drawn by Officers Commanding Troops and Companies and the Abstracts (which are to be drawn on Foolscap paper and in duplicate) are to be forwarded to the Office of the Military Auditor General for audit, as above directed, accompanied by a Roll of the Individuals drawn for; when the Abstracts shall have been discharged and the parties paid, Commanding Officers of Corps will be careful that the prescribed Acquittance Rolls are duly forwarded for deposit to the Office of the Military Auditor General.

4. All persons who have been discharged or removed from the Corps in which they served, and all representatives of deceased persons will lay their claims before the proper Station Prize Committees, who will forward their Report on the several claims agreeably to Forms A. and B. accompanied by a Bill, in duplicate, for the amount, on audit and discharge of which the necessary Acquittance Rolls will be furnished by Committees respectively, and forwarded as directed in the preceding paragraph.

5. After the lapse of 12 months from the commencement of the distribution, the General Prize Committee will forward to the Secretary to Government, in the Military Department, a Return of the European Officers and Men who are entitled to share, but who from having died or left India before the distribution commenced may not have received their shares. When the Return shall have been prepared and transmitted, no payments must be made in India on account of the shares therein specified. A Return of the European part of the Force, shewing how the different shares have been paid, must also be forwarded.

No. 966 *of* 1847.

General Department.

To W. TAYLER, Esquire,
Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas;* and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.,

GENERAL POST OFFICE, MAY 1847.

The Post Master General having been informed by the Court of Directors of the East India Company, that on and after the 1st June next, persons in this Country may forward private correspondence by the Government Express from Bombay to Calcutta and Madras, all persons desirous of availing themselves of this privilege, will be required to mark upon the covers of their letters the words "By Express from Bombay," and in addition to this special address, it will be necessary, that all letters intended to be forwarded by the way of Southampton, should be so endorsed as hitherto; the postage to be charged in India in the delivery of letters sent by this Express will be in addition to the ordinary Inland rates.

One Rupee for every letter not exceeding half a tola in weight.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolas in weight, two tolas being the maximum weight of letters to be conveyed by Express.

On Newspapers, each Newspaper Office in Calcutta and Madras, will be allowed to receive two Newspapers at the ordinary rates of Inland postage, on all other Newspapers forwarded by Express a postage of five Rupees each will be charged, and no Newspaper will be received for the Express exceeding three tolas in weight.

N. B. One tola and a quarter is nearly equivalent to half an ounce avoirdupoise.

W. BRACKEN,

Calcutta, 31st December, 1847. *Collr. of Govt. Customs.*

The Collector has no objection to pass Packages, which are intended for private use, and not for Sale unopened—provided, that at the time they are applied for, satisfactory proof of their contents in the shape of Invoices, Bills, or Letters of Advice are produced. In the absence of these documents, owners should depute a person to be present at the opening of their Packages.

The Collector has nothing to do with the landing of Packages from Ships, nor with forwarding them to their owners or destinations.

NOTICE.—It is hereby notified for general information, that in consequence of all the Godowns of the central range of the Custom House Export Wharf being required by Government for the stowage of Opium, Merchants are henceforth permitted to ship Saltpetre and weighable goods in general, (Indigo, Raw Silk, and goods claiming drawback excepted,) directed from their own Warehouses. The declared weight on Chellauns will be admitted for the assessment of duty, unless there is good reason to believe, that that weight is not correct, in which case a Custom House Officer will be deputed to weigh the goods in question, previous to shipment.

On the production of Factory Invoices, or Bills of Lading, duly authenticated, in corroboration of the declared weight, special orders, permitting Indigo and Silk to be shipped without coming to the Custom House, will be issued at the Collector's discretion.

SECTION III.

Administration of Justice.

ARTICLE 70.

And such process of arrest or confinement, or an attempt to effect such process, shall in no case be omitted where it may be practicable;—but where resistance may be made, or from other circumstances such process may be impracticable, the offender or offenders shall be liable to trial and punishment at any subsequent period, within the limitations provided in these Articles of War.

ARTICLE 71.

No person shall be liable to be tried or punished for any offence against these Articles, which shall appear to have been committed *more than three years* previous to the order directing the assembly of the Court Martial whereby he is to be tried, unless the person accused, by reason of his absenting himself, or some other manifest impediment, shall not have been amenable to justice within that period; in which case such person shall be liable to be tried, at any time not exceeding *two years* after the impediment shall have ceased.

ARTICLE 72.

Any person amenable to these Articles of War, who may commit any offence against the same, may be tried and punished for such offence in any place within the British Territories, or elsewhere, where he may have come after the commission of the offence, in the same manner as if the offence had been committed where such trial shall take place.

ARTICLE 73.

The Commander in Chief at the Presidencies of Fort William, Fort Saint George, and Bombay respectively for the time being, may appoint General or other Courts Martial, and confirm, and mitigate or commute, or remit the Sentences of such Courts; and may issue his Warrant to any General or other Officer having the Command of a Body of Troops in the service of Her Majesty, or of the East India Company, empowering such Officer to appoint General, or District, or Garrison Courts Martial as occasion may require, for the trial of offences committed by any of the Officers, or Soldiers, or Followers in the service of the said Company, being Natives of the East Indies, or of other places within the limits of the said Company's Charter, and to confirm, and mitigate or commute, or remit the sentences of such Courts Martial.

ARTICLE 74.

A General Court Martial shall not consist of less than *thirteen* Commissioned Officers, unless it be held out of the East India Company's Territories, where such Court Martial may consist of *seven* Commissioned Officers, if a greater number cannot be conveniently assembled. And no sentence of a General Court Martial shall be put in execution until after a report shall have been made of the whole proceedings to the Commander in Chief, or to some other person duly authorized to confirm the same, and until his directions shall have been signified thereupon.

Powers of a General Court Martial.

ARTICLE 75.

A General Court Martial may sentence any Officer or Soldier to Death or Transportation, for any crimes which are by these Articles of War expressly made liable to sentence of Death or Transportation, and for such crimes only.

And when a Commissioned Officer shall be convicted of any offence, of which the punishment is not defined in these Articles of War, or is left discretionary, a General Court Martial may adjudge such Officer to be Dismissed the service;—or to be Suspended from Rank and Pay and Allowances, for a stated period;—or to be Placed lower on the list of his rank, by an alteration of the date of his Commission, thereby losing the corresponding benefit of length of service; and the Court shall in every such sentence specify the extent or degree of Suspension or Reduction, which they shall so adjudge;—or the Court may sentence such Officer to be Reprimanded in such manner as the Commander in Chief may direct.

And a General Court Martial may sentence any Non-Commissioned Officer to be Reduced to the ranks;—or may sentence any Non-Commissioned Officer or Soldier to be Dismissed the service;—or to be Placed lower in the list of the rank which he holds (which shall not involve any forfeiture of service or other advantage, except that of standing,) or may sentence any Soldier to suffer Corporal Punishment not exceeding *fifty lashes*;—or Imprisonment with or without hard labour not exceeding *two years*;—and to be kept in solitary confinement for any portion or portions of such Imprisonment, not exceeding twenty-eight days at a time, nor eighty-four days in any one year, with intervals between the periods of solitary confinement, of not less duration than such periods of solitary confinement. Provided that no Soldier shall be kept in solitary confinement more than eighty-four days in any one year, whether by the sentence of one or more Courts Martial, or by order of his Commanding Officer.

And a General Court Martial may, in addition either to Corporal Punishment, or to Imprisonment, as aforesaid, sentence a Soldier to Forfeiture of all advantage as to additional Pay and to Pension on discharge, which might have otherwise accrued from the length or nature of his former service; or to Forfeiture of such advantage abso-

lutely, whether it might have accrued from past service, or might accrue from future service, according to the nature of the case, for *disgraceful conduct.*

And a General Court Martial may, in addition to the punishment of Dismissal, sentence any Officer or Soldier to forfeit his arrears of Pay and Allowances due at the time of his discharge, or such proportion thereof as may be required, to make good any loss or damage arising out of his misconduct;—And, in addition to any punishment not involving Dismissal from the service, may sentence any Officer or Soldier to be put under Stoppages not exceeding two-thirds of his Pay and Allowances in the case of an Officer, and not exceeding half of his Pay and Allowances in the case of a Non-Commissioned Officer or Soldier, until the amount of such loss or damage be made good.

In cases of Commissioned Officers Sentenced to *Transportation*, the Commander in Chief may in lieu thereof order the offender to be imprisoned for any term of years, or to be Dismissed. And in cases of Commissioned Officers Sentenced to be *Dismissed* from the service, the Commander in Chief may, in lieu of such Punishment, direct, that the offender be Suspended from Rank and Pay and Allowances for a certain period, to be distinctly specified by the Commander in Chief.

And the Commander in Chief may commute a Sentence of *Transportation* passed on a Soldier, to Imprisonment with or without Hard Labour, and with or without Solitary Confinement (to be regulated as aforesaid); and such Imprisonment may be either for the same period for which Transportation shall have been awarded, or for any lesser period.

And the Commander in Chief may commute a Sentence of *Corporal Punishment* to Dismissal from the service; or, in the case of a Non-Commissioned Officer may mitigate such Sentence to Reduction to the ranks; or in the case of a Non-Commissioned Officer or Soldier may commute such Sentence to Imprisonment without Hard Labour, and with or without Solitary Confinement (to be regulated as aforesaid,) for any period not exceeding *two years.*

In cases of Non-Commissioned Officers Sentenced to be *Dismissed* from the service, the Commander in Chief may, in lieu of such punishment, direct that the offender be Reduced to the ranks, or placed lower in the list of the rank which he holds; (which shall not involve any forfeiture of service or other advantage, except that of standing.)

And in cases of offenders Sentenced to *Imprisonment with Hard Labour*, the Commander in Chief may mitigate such Sentence by causing the offender to be Reduced to the ranks, in the case of a Non-Commissioned Officer; or in the case of a Non-Commissioned Officer or Soldier by directing that he be Dismissed from the service; or suffer Imprisonment without Hard Labour, and with or without Solitary Confinement, (to be regulated as aforesaid,) for any period not exceeding that for which he shall have been Sentenced to such Imprisonment with Hard Labour.

ARTICLE 77.

A District, or Garrison Court Martial shall consist of not less than *Seven* Commissioned Officers, except in situations where that number cannot be conveniently assembled, when such Court may consist of not less than *Five* Commissioned Officers. And such District, or Garrison Court Martial may be composed of Officers of the same Regiment, and shall be assembled in conformity with the orders of the Commander in Chief.

And the Sentence of a District, or Garrison Court Martial shall be confirmed by the Commander in Chief, or by some Officer duly authorized to confirm the same.

Commutation of Sentence.

And the Commander in Chief is empowered to remit, or mitigate, or commute the Sentences of such Courts Martial, in the same manner as the Sentences of General Courts Martial; and to delegate to or withhold from Commanding Officers the power of convening such Courts Martial, and of confirming, remitting, mitigating, or commuting the Sentences of such Courts *(not including forfeiture of pay or pension or other advantage)*, as the Commander in Chief may deem to be most expedient.

And in case of any Sentence, including forfeiture of additional Pay or of Pension on Discharge, or of any prospective advantage, such Sentence shall not be carried into effect until confirmed by the Commander in Chief; and all forfeitures of any present or prospective advantage shall be restorable by the same authority.

And no Sentence of a Regimental Court Martial shall be of force until the Commanding Officer shall have confirmed the same. Provided that such Commanding Officer shall have power to remit all Sentences whatever passed by such Court, and thereupon to cause the offender to be released and to return to his duty.

Commutation of Sentence.

And such Commanding Officer shall have power to confirm and carry into effect or to mitigate all Sentences whatever passed by such Court; and to commute a Sentence of *Corporal Punishment* to Imprisonment without Hard Labour, and with or without Solitary Confinement, (to be regulated as aforesaid,) for any period for which such Court is competent to Sentence an offender to suffer Imprisonment and in the same manner; and to mitigate a Sentence of *Dismissal* in the case of a Non-Commissioned Officer, to Reduction to the Ranks;—and to commute a Sentence of *Imprisonment with Hard Labour*, to Dismissal; or to mitigate such Sentence to Reduction to the Ranks; or to Imprisonment without Hard Labour.

Provided that no Officer on detached Command of less than four Troops or Companies, or of Detachments numerically equal to four Troops or Companies, and not being on the line of march or on board any ship or other vessel, shall carry into effect any punishment awarded by a Court Martial held by his order, until the Sentence shall have been confirmed by the Officer Commanding the Regiment to which the offender belongs, or by the nearest Superior Officer holding a Command of not less than a Regiment;—(who is hereby authorized to confirm the same, in like manner, as an Officer Commanding a Regiment is empowered to do;)—Except in detached situations beyond Sea or out of the British Territories, or when on Service in the field, or in cases where an *immediate example* is necessary and reference cannot be made to such Commanding or Superior Officer without detriment to the Service; when the Officer Commanding such Detachment may exercise the powers which are vested in an Officer Commanding a Regiment.

And whereas it is expedient to make provision for those cases in which the said Commissioners may be able to purchase lands, buildings or tenements by agreement: it is enacted, that it shall and may be lawful for the said Commissioners to agree with the owners of any lands, buildings or tenements by this Act authorized to be taken and which shall be required for the purposes of this Act, and with all parties having any estate or interest in such lands, buildings or tenements, or by this Act or by any other authority or power enabled to sell and convey the same, for the absolute purchase of any such lands, buildings or tenements, or such parts thereof as they shall think proper, and of all estates and interests in such lands of what kindsoever.

IV. And it is enacted, that it shall and may be lawful for all parties being seized, possessed of or entitled to any such lands, buildings or tenements, or any estate or interest therein, to sell and convey or release the same to the said Commissioners and to enter into all necessary agreements for that purpose, and particularly it shall be lawful for all or any of the following parties so seized, possessed or entitled as aforesaid so to sell, convey or release (that is to say) all corporations, tenants in tail, or for life, married women seized in their own right or entitled to dower, guardians, committees of lunatics and idiots, trustees or feofees in trust for charitable or other purposes, executors and administrators and all parties for the time being entitled to the receipt of the rents and profits of any such lands in possession, or subject to any estate in dower, or to any lease for life or for lives, or for years, or any less interest, and the power so to sell and convey or release as aforesaid,

may lawfully be exercised by all such parties not only on behalf of themselves and their respective Heirs, Executors, Administrators and Successors, but also for and on behalf of every person entitled in reversion, remainder or expectancy after them, or in defeasance of the estates of such parties, and as to such married women whether they be of full age or not as if they were sole and of full age, and as to such guardians on behalf of their wards, and as to such committee on behalf of the lunatics and idiots of whom they are the committees respectively, and that to the same extent as such wives, wards, lunatics and idiots respectively could have exercised the same power under the authority of this Act if they had respectively been under no disability, and as to such Trustees, Executors and Administrators on behalf of their cestuique trusts whether infants, issue unborn, lunatics, femes covert or other persons, and that to the same extent as such cestuique trusts respectively could have exercised the same powers under the authority of this Act if they had respectively been under no disability.

V. And it is enacted, that the purchase money' consideration or compensation to be paid or given for any lands, buildings or tenements to be purchased or taken from any party under any disability or incapacity, and not having any power to sell or convey such lands except under the provisions of this Act, and the compensation to be paid for any permanent damage or injury to any such lands, buildings or tenements, shall in all cases be determined by the verdict of a jury to be summoned as hereinafter provided.

VI. And it is enacted, that it shall be lawful for any person seized in fee or entitled absolutely for his own benefit to any lands, buildings or tenements authorized to be purchased for the purposes of this Act to sell and convey such lands, buildings or tenements, or any part thereof, unto the said Commissioners in consideration of an annual rent-charge payable by the said Commissioners, but except as aforesaid the consideration to be paid for the purchase of any such lands, buildings or tenements, or for any damage done thereto, shall be in a gross sum.

VII. And it is enacted, that the yearly rent reserved by any conveyance of lands, buildings or tenements purchased by the said Commissioners for the purposes of this Act shall be charged on the rates hereinafter authorized to be raised and levied, and shall be paid by the said Commissioners as such rents become payable, and if at any time any such rents be not paid within thirty days after they so become payable, and after demand thereof in writing, the person to whom any such rent shall be payable, may recover the same from the said Commissioners with costs of suit by action of debt in the said Supreme Court.

VIII. And it is enacted, that when the said Commissioners shall require to purchase or take any of the lands, buildings or tenements which by this Act they are authorized to purchase or take, they shall give notice thereof to all the parties interested in such lands, or to the parties enabled by this Act to sell and convey or release the same or such of the said parties as shall after diligent inquiry be known to the said Commissioners, and by such notice shall demand from such parties the particulars of their estate and interest in such lands and of the claims made by them in respect thereof, and every such notice shall state the particulars of the lands so required, and that the said Commissioners are willing to treat for the purchase thereof, and as to the compensation to be made to all parties for the damage that may be sustained by them by reason of the execution of the works.

IX. And it is enacted, that all notices required to be served by the said Commissioners upon the parties interested in or entitled to sell any such lands, buildings or tenements shall either be served personally on such parties, or left at their last usual place of abode if any such can after diligent inquiry be found, and in case any such parties shall be absent from the said Town or cannot be found after diligent inquiry, such notices shall be left with the occupier of such lands, or if there be no such occupier shall be affixed upon some conspicuous part of such lands.

X. And it is enacted, that if the party claiming compensation desire to have the same settled by arbitration, and signify such desire by notice in writing to the said Commissioners before they have issued their warrant to the Sheriff to summon a jury in respect of such lands under the provisions hereinafter contained, stating in such notice the nature of the interest in respect of which such party claims compensation, and the amount of the compensation so claimed, the same shall be so settled by arbitration accordingly, but unless the party claiming compensation shall as aforesaid signify his desire to have the question of such compensation settled by arbitration, or if when the matter shall have been referred to arbitration the arbitrators or the umpire shall for three months have failed to make their or his award, or if no final award shall be made, the question of such compensation shall be settled by the verdict of a jury as hereinafter provided.

XI. And it is enacted, that when any question of disputed compensation by this Act authorized or required to be settled by arbitration, shall have arisen then unless both parties shall concur in the appointment of a single arbitrator, each party on the request of the other party shall nominate and appoint an arbitrator to which two arbitrators such dispute shall be referred, and every appointment of an arbitrator shall be made on the part of the said Commissioners under the hands of two of the said Commissioners, or of their Clerk duly authorized by such two Commissioners, and on the part of any other party under the hand of such party, or if such party be a corporation aggregate under the common seal of such corporation, and such appointment shall be delivered to the arbitrator or arbitrators, and shall be deemed a submission to arbitration on the part of the party by whom the same shall be made, and after any such appointment shall have been made neither party shall have power to revoke the same without the consent of the other, nor shall the death of either party operate as a revocation, and if after any such dispute shall have arisen and after a request in writing in which shall be stated the matter so required to be referred to arbitration, shall have been served by the one party on the other party to appoint an arbitrator, such last mentioned party fail within fourteen days after such service to appoint such arbitrator, then upon such failure the party making the request, and having himself appointed an arbitrator may appoint such arbitrator to act on behalf of both parties, and such arbitrator may proceed to hear and determine the matters which shall be in dispute, and in such case the award or determination of such single arbitrator shall be final.

XII. And it is enacted, that if before the matters so referred shall be determined, any arbitrator

appointed by either party shall die or become incapable to act, the party by whom such arbitrator was appointed may nominate and appoint in writing some other person to act in his place, and if for the space of seven days after notice in writing from the other party for that purpose he shall fail to do so, the remaining or other arbitrator may proceed to hear and determine the matters which shall be in dispute, and every arbitrator who shall be so substituted as aforesaid shall have the same power and authorities as were vested in the former arbitrator at the time of such his death or disability aforesaid.

XIII. And it is enacted, that where more than one arbitrator shall have been appointed such arbitrators shall before they enter upon the matters referred to them, nominate and appoint by writing under their hands an umpire to decide on any such matters on which they shall differ, or which shall be referred to him under the provisions of this Act, and if such umpire shall die or become incapable to act, they shall forthwith after such death or incapacity appoint another umpire in his place, and the decision of every such umpire on the matters so referred to him shall be final.

XIV. And it is enacted, that if in either of the cases aforesaid the said arbitrators shall refuse, or shall for seven days after request of either party to such arbitration, neglect to appoint an umpire, any two of the Magistrates of Calcutta shall on the application of either party to such arbitration appoint an umpire, and the decision of such umpire on the matters on which the arbitrators shall differ or which shall be referred to him under this Act shall be final.

XV. And it is enacted, that when a single arbitrator shall have been appointed as hereinbefore provided, and such arbitrator shall die or become incapable to act before he shall have made his award, the matters referred to him shall be determined by arbitrators under the provisions of this Act in the same manner as if such arbitrator had not been appointed.

XVI. And it is enacted, that if where more than one arbitrator shall have been appointed either of the arbitrators refuse, or for seven days after the day of his appointment shall neglect to act, the other arbitrator may proceed to hear and determine the matters in dispute, and the decision of such other arbitrator shall be as effectual as if he had been the single arbitrator appointed by both parties.

XVII. And it is enacted, that if where more than one arbitrator shall have been appointed and where neither of them shall refuse or neglect to act as aforesaid, but such arbitrators shall fail to make their award within twenty-one days after the day on which the last of such arbitrators shall have been appointed, or within such extended time, (if any) as shall have been appointed for that purpose by both such arbitrators under their hands, the matters referred to them shall be determined by the umpire to be appointed as aforesaid.

XVIII. And it is enacted, that the said arbitrators or their umpire may call for the production of any documents in the possession or power of either party which they or he may think necessary for determining the question in dispute, and may examine the parties or their witnesses on oath or solemn affirmation, and administer the oaths and solemn affirmation necessary for that purpose.

XIX. And it is enacted, that before any such arbitrator or umpire as aforesaid shall enter into the consideration of any matters referred to him he shall in the presence of a Magistrate of Calcutta make and subscribe the following declaration, that is to say—

XX. And it is enacted, that all the costs of any such arbitration and incident thereto, shall be settled by the said arbitrators and shall be borne by the said Commissioners, unless the arbitrators shall award the same or a less sum than shall have been offered by the said Commissioners in which case each party shall bear their own costs incident to the said arbitration, and the costs of the said arbitrators shall be borne by the parties in equal proportions.

XXI. And it is enacted, that the said arbitrators or the said umpire, as the case may be, shall deliver their award in writing to the said Commissioners, and the said Commissioners shall retain the same, and on demand made at the office of their Clerk shall forthwith at their own expense furnish a copy thereof to the other party to the arbitration, and shall at all reasonable times when thereunto required produce the said award and allow the same to be inspected or examined at the office of their said Clerk by such party or any person appointed by him for that purpose.

XXII. And it is enacted, that the submission to any such arbitration as aforesaid may be made a rule of the said Supreme Court on the application of either or any party thereto, and may be enforced against all necessary parties by any rule, order or decree of the said Court notwithstanding that any or either of the said parties are not otherwise subject to the jurisdiction of the said Court.

XXIII. And it is enacted, that no award made with respect to any question referred to arbitration under the provisions of this Act shall be set aside for irregularity or error in matter of form.

XXIV. And it is enacted, that in every case in which a dispute or difference shall arise between the said Commissioners, and any person or persons whose property they may intend or desire to purchase for the purposes of this Act as to the amount of compensation to be paid for the said property which difference and dispute either of the said parties shall refuse to settle by arbitration the said Commissioners shall issue a warrant in writing signed by any one of them and sealed with their common seal to the Sheriff of Calcutta, requiring him to summon a jury for the purpose of settling the said difference or dispute; and if such Sheriff be interested in the matter in dispute such warrant shall be addressed and sent to the Coroner of Calcutta, and if the said Sheriff and the said Coroner be both of them interested in the said matter then the said warrant shall be addressed and sent to the last person who shall have filled the office of Sheriff of Calcutta who is not interested in the said matter and who is at time of the issuing the said warrant an inhabitant of the said Town of Calcutta, and every such Sheriff, Coroner or

Ex-Sheriff shall have power if he think fit to appoint a Deputy or Assessor.

XXV. And it is enacted, that throughout the enactments contained in this Act relative to a reference to a jury where the term Sheriff is used the provisions applicable thereto shall be held to apply to every Coroner or other person lawfully acting in the place of the Sheriff, and in every case in which any such warrant as aforesaid shall have been directed to any other person than the said Sheriff of Calcutta, such Sheriff shall immediately on receiving notice of the delivery of the warrant on application being made to him for that purpose deliver over to the person to whom the said warrant shall have been directed, or to any other fit and proper person appointed by him to receive the same the Jurors' book and Special Jurors' list for the Town of Calcutta.

XXVI. And it is enacted, that upon the receipt of such warrant as aforesaid, the Sheriff shall summon a jury of ten indifferent persons duly qualified to act as common jurymen in Her Majesty's Supreme Court of Judicature aforesaid, to meet at a convenient time and place to be appointed by him for that purpose, such time not being less than fourteen nor more than twenty-one days after the receipt of such warrant, and such place not being more than two miles from the lands, buildings or tenements concerning and relating to which the said difference or dispute shall have arisen unless by consent of the parties interested some other time and place be agreed upon and settled, and the said Sheriff shall forthwith give notice to the said Commissioners of the time and place so appointed by him.

XXVII. And it is enacted, that out of and from the number of Jurors appearing upon such summons as aforesaid, a jury of five persons shall be drawn by the said Sheriff in such number and form as juries for trials of offences before the said Supreme Court are by the rules and orders of the said Court required to be drawn, and if a sufficient number of the jurymen so summoned as aforesaid do not appear in obedience to such summons as aforesaid, the Sheriff shall return other indifferent men duly qualified as aforesaid of the bye-standers or others that can speedily be procured to make up the jury to the said number of five persons, and the said Commissioners and all other parties interested in the said lands, buildings or tenements may have and make their challenges against any of the said jurymen according to the course and practice of the said Supreme Court, but neither the said Commissioners nor any of the said parties interested as aforesaid shall challenge the array.

XXVIII. And it is enacted, that in every such inquiry as aforesaid the said Sheriff shall preside, and the party or parties claiming compensation from the said Commissioners shall be deemed the plaintiff or plaintiffs, as the case may be, and shall have all such rights and privileges as the plaintiff is entitled to in the trial of actions at law in the Court of Queen's Bench at Westminster, and if the said Commissioners or any persons interested in the said lands, buildings or tenements so request in writing, the said Sheriff shall summon before him, any person who shall by the said Commissioners, or any person interested as aforesaid be considered necessary to be examined as a witness touching the matters in question, and on the like request the said Sheriff shall order the said jury to view the place or matter in controversy in like manner as views may be had in the trial of actions at law in the Court of Queen's Bench at Westminster.

XXIX. And it is enacted, that if the said Sheriff make default in any matter hereinbefore required to be done by him in relation to any such trial or inquiry as aforesaid, he shall forfeit and pay the sum of Five Hundred Rupees for every such offence, and such penalty shall be recoverable by the said Commissioners by an action of debt or on the case in the said Supreme Court, and if any person summoned or returned upon any jury under this Act, whether common or special, do not appear, or if appearing do refuse to make such lawful oath or affirmation as the said Sheriff may require, or in any other manner wilfully neglect his duty, he shall unless he shew reasonable excuse for the said default or neglect to the satisfaction of the said Sheriff forfeit a sum not exceeding One Hundred Rupees, and every such penalty as aforesaid payable by a Sheriff or juryman as aforesaid shall be applied in satisfaction of the costs of the said inquiry so far as the same will extend, and in addition to the penalty hereby imposed as aforesaid every such juryman shall in all respects be subject to the same regulations, pains and penalties as if such jury were returned for a trial in the said Supreme Court.

XXX. And it is enacted, that if any person who shall have been duly summoned to give evidence upon any such enquiry, and to whom a tender of his reasonable expenses shall have been made fail to appear at the time and place specified in the summons without sufficient cause, or if any person whether summoned or not who shall appear as a witness on any such inquiry refuse to be examined on oath or affirmation touching the subject matter in dispute every person so offending shall forfeit and pay to the party aggrieved thereby a sum not exceeding One Hundred Rupees, and that any person examined on oath or affirmation touching the subject matter in dispute who shall wilfully and falsely state any matter which if wilfully and falsely stated by such person in any Court of Justice in which such subject matter might be in dispute, would amount to wilful and corrupt perjury, shall be guilty of wilful and corrupt perjury.

XXXI. And it is enacted, that the said Commissioners shall give to all parties interested in any lands, buildings or tenements concerning or relating to which an inquiry hath been appointed to be held by the said Sheriff notice of the time and place of such inquiry, not less than ten days before the same is to be held. and the said notice shall be in writing, and shall be served on each of the said parties personally or left at his last known place of abode in the said Town, or if he have no such place of abode then the said notice of every such person shall be twice publicly advertised in one or more of the Newspapers published within the said Town.

XXXII. And it is enacted, that if at any such inquiry any party claiming compensation shall fail to appear in person, or by his Counsel or Agent, such inquiry shall not be proceeded with so far as concerns the compensation claimed by such absent party, but the compensation to be paid by the said Commissioners to such absent party shall be settled and determined by a Surveyor to be named and appointed by any two of the Magistrates of Calcutta without prejudice to such inquiry then and there proceeding before such Sheriff so far as concerns any compensation claimed by any other party or parties interested in such compensation in respect of the same premises who shall so appear.

XXXIII. And it is enacted, that before any jury shall proceed on any such inquiry as afore said, to inquire of and assess compensation or damages in respect of which their verdict is to be given they shall make oath, or if they object to make oath they shall make a solemn affirmation that they will truly and faithfully enquire of and assess such compensation or damages, and the said Sheriff shall administer such oaths and affirmations as well as the oaths and affirmations of all persons called upon to give evidence.

XXXIV. And it is enacted, that where such inquiry as aforesaid, shall relate to the value of any lands, buildings or tenements to be purchased, and also to compensation claimed for injury done or to be done to any other lands, buildings or tenements held therewith the jury shall deliver their verdict separately for the sum of money to be paid for the purchase of the lands, buildings or tenements required by the said Commissioners, or of any interest therein belonging to the party or parties with whom the question of disputed compensation shall have arisen, or which under the provisions herein contained he is enabled to sell or convey, and for the sum of money to be paid by way of compensation for the damage if any sustained or to be sustained by the said party or parties by reason of the severing of the lands, buildings or tenements taken from the other lands, buildings, or tenements of the said party or parties, or otherwise injuriously affecting such last-mentioned lands, buildings or tenements by the exercise of the powers conferred by this Act.

XXXV. And it is enacted, that the Sheriff before whom such inquiry as aforesaid, shall be held shall give judgment for the purchase money or compensation assessed by such jury as aforesaid, and the verdict and judgment shall thereupon be signed by such Sheriff, and being so signed shall be delivered to and kept by the Keeper of the Records in the said Supreme Court among the Records of the said Supreme Court, and such verdicts and judgments shall be deemed Records, and the same or true copies or exemplifications thereof shall be good evidence in all Courts, and elsewhere, and all persons may inspect the said verdicts and judgments, and may have copies or exemplifications thereof, or extracts therefrom, on paying for each inspection of any such verdict and judgment the sum of Eight Annas, and for every one hundred words copied or extracted therefrom Four Annas, which copies, exemplifications or extracts the said Keeper of the Records is hereby required to make out and sign and certify the same to be true.

XXXVI. And it is enacted, that on every such inquiry before a jury as aforesaid, where the verdict of the jury shall be given for a greater sum than the sum previously offered by the said Commissioners all the costs of such inquiry shall be borne by the said Commissioners, but if the verdict of the jury shall be for the same or a less sum than the sum previously offered by the said Commissioners one-half of the costs of summoning, impanelling and returning the jury, and of taking the inquiry and recording the verdict and judgment thereon shall be defrayed by the parties claiming the said compensation or purchase money, and the other half by the said Commissioners, and each party shall bear his own costs other than as aforesaid incident to such inquiry.

XXXVII. And it is enacted, that the costs of any such inquiry as aforesaid, shall in case of differences arising regarding the same be settled by the Taxing Officer of the said Supreme Court on the application of either party, and such costs shall include all reasonable costs, charges and expenses incurred in summoning, returning and impanelling the jury taking the enquiry, the attendance of witnesses, the employment of Counsel and Attornies, the recording the verdict and judgment thereon and otherwise incident to such inquiry.

XXXVIII. And it is enacted, that if any such costs shall be payable by the said Commissioners, and if within seven days after demand duly made at the Office of the Clerk of the said Commissioners such costs be not paid to the party entitled to receive the same they may and shall be recoverable by distress, and on application to any Magistrate of Calcutta he shall issue his warrant accordingly, and if any such costs shall be payable by the owner of any lands, buildings or tenements, or if any interest therein the same may be deducted and retained by the said Commissioners out of any money awarded by the jury to such owner or determined by the valuation of a Surveyor under the provision hereinafter contained, and the payment or deposit of the remainder, if any of such money shall be deemed payment and satisfaction of the whole thereof, or if such costs shall exceed the amount of the money so awarded or determined the excess may and shall be recoverable by distress, and on application to any Magistrate of Calcutta he shall issue his warrant accordingly.

XXXIX. And it is enacted, that if either party in such case of disputed compensation as aforesaid, desire such question to be tried before a special jury, such question shall be so tried, provided, that notice of such desire if given by the other party be given to the said Commissioners before they have issued their warrant as aforesaid to the Sheriff, and for that purpose the said Commissioners shall by their warrant to the Sheriff require him to nominate a special jury of five jurors for such trial, and thereupon the Sheriff shall as soon as conveniently may be after the receipt by him of such warrant summon the said Commissioners, and the said other party to appear before him by themselves or their Attornies at some convenient time and place to be appointed by him for the purpose of nominating a special jury (not being less than five nor more than eight days from the service of such summons) and at the time and place so appointed the said Sheriff shall proceed to, nominate and strike a special jury in the manner in which such juries shall be required by the Rules and Orders of the said Supreme Court for trials in the said Court, except as far as such Rules may be inconsistent with the number of which the juries under this Act are to consist, and the said Sheriff shall appoint a day not later than the eighth day after the striking of such jury for the parties or their agents to appear before him to reduce the number of such jury, and thereof shall give four days' notice to the said Commissioners, and the said other party, and on the day so appointed the Sheriff shall proceed to reduce the said special jury to the number of eight in the manner used and accustomed in the said Supreme Court.

XL. And it is enacted, that the special jury on such inquiry as last aforesaid, shall consist of five of the said eight who shall first appear on the names being called over, the said Commissioners and the said other party having respectively their lawful challenges against any of the said jurymen, and if a full jury of five do not appear and if after such challenges a full jury of five do not remain then upon the application of the said Commissioners or of the said other party, the Sheriff shall add to the list of such jury the names of any other disinterested persons qualified to act as special or common jurymen in the said Supreme Court who

shall not have been previously struck off the aforesaid list, and who may be then in attendance before the said Sheriff, or can speedily be procured so as to complete such special jury, the said Commissioners and the said other party having respectively their lawful challenges against such persons, and the Sheriff shall proceed to the trial and adjudication of the matters in question by such jury, and such trial shall be attended in all respects with the like incidents and consequences, and the like penalties shall be applicable as hereinbefore provided in the case of a trial by a common jury.

XLI. And it is enacted, that any other inquiry than that for the trial of which such special jury may have been struck and reduced as aforesaid may be tried by such jury provided the said Commissioners and all the other parties interested therein respectively shall give their consent to such trial.

XLII. And it is enacted, that where the purchase money or compensation to be paid by the said Commissioners for any lands, buildings or tenements to be purchased or used by the said Commissioners shall be payable to any person who by reason of absence from the Presidency of Bengal is prevented from treating, or who cannot after diligent inquiry be found, or who shall not appear at the time appointed for the inquiry before the jury as hereinafter provided after due notice thereof given to him, such purchase money or such compensation to be paid for any permanent injury to such lands, buildings or tenements shall be such as shall be determined by the valuation of such able practical Surveyor as two of the Magistrates of Calcutta aforesaid shall nominate for that purpose as hereinafter provided.

XLIII. And it is enacted, that upon application of the said Commissioners two of the Magistrates of Calcutta aforesaid, and upon such proof as shall be satisfactory to them that any such party is by reason of absence prevented from treating, or cannot after diligent inquiry be found, or that such party failed to appear on such inquiry before a jury as aforesaid after due notice given to him for that purpose, such Magistrates shall by writing under their hands nominate an able practical Surveyor, approved by the said Commissioners, to determine the amount of such purchase money or compensation as aforesaid, and such Surveyor shall determine the same accordingly, and shall annex to his valuation a declaration in writing signed by him of the correctness thereof.

XLIV. And it is enacted, that before any such Surveyor shall enter upon the duty of making such valuation as aforesaid he shall in the presence of such Magistrates, or one of them, make and subscribe the declaration following at the foot of such nomination by the said Magistrates as aforesaid, that is to say—

I, A. B., do solemnly and sincerely declare, that I will faithfully, impartially and honestly, according to the best of my skill and ability execute the duty of making the valuation hereby referred to me.

C. D.

And if any such Surveyor shall corruptly make such declaration, or having made such declaration, shall wilfully act contrary thereto he shall be deemed guilty of a misdemeanour.

XLV. And it is enacted, that the said nomination and declaration shall be annexed to the valuation to be made by such Surveyor and shall be preserved together therewith by the Clerk to the said Commissioners, and he shall at all reasonable times produce at his office the said valuation and other documents on demand to the owner of lands, buildings or tenements comprized in such valuation and to all other parties interested therein.

XLVI. And it is enacted, that in estimating the purchase money or compensation to be paid by the said Commissioners in any of the cases aforesaid regard shall be had by the Magistrates, Arbitrators or Surveyors, as the case may be, not only to the value of the lands, buildings or tenements to be purchased by the said Commissioners, but also to the damage if any to be sustained by the owners of the lands, buildings or tenements by reason of the severing of the said lands, buildings or tenements taken from other lands, buildings or tenements of such owner, or otherwise injuriously affecting such other lands, buildings or tenements by the exercise of the powers of this Act.

XLVII. And it is enacted, that where the compensation payable in respect of any lands, buildings or premises, or any interest therein, shall have been ascertained by the valuation of a Surveyor and deposited as hereafter provided by reason that the owner of or party entitled to convey such lands, buildings and tenements, or such interest therein as aforesaid, could not be found or was absent, and such owner or party shall be dissatisfied with such valuation it shall be lawful for him before he shall have applied as hereinafter provided for payment or investment of the monies so deposited under the provisions herein contained, by notice in writing to the said Commissioners to require the question of such compensation to be submitted to arbitration, and thereupon the same shall be so submitted accordingly in the same manner as in other cases of disputed compensation hereinbefore authorized or required to be submitted to arbitration.

XLVIII. And it is enacted, that the question to be submitted to the arbitrators in the case last aforesaid shall be whether the said sum so deposited as aforesaid by the said Commissioners was a sufficient sum, or whether any and what further sum ought to be paid or deposited by them.

XLIX. And it is enacted, that if the arbitrators shall award a further sum to be paid or deposited by the said Commissioners they shall pay or deposit, as the case may require, such further sum within fourteen days after the making of such award, or in default thereof the same may be recovered with costs by action or suit in the said Supreme Court.

L. And it is enacted, that if the arbitrators shall determine that the sum so paid or deposited was sufficient the costs of and incident to such arbitration to be determined by the arbitrators, shall be in the discretion of the arbitrators, but if the arbitrators shall determine that a further sum ought to be paid or deposited by the said Commissioners all the costs of and incident to the arbitration shall be borne by the said Commissioners.

LI. And it is enacted, that if any party shall be entitled to any compensation in respect of any lands, buildings or tenements, or of any interest therein which shall have been taken for or injuriously affected by the execution of the works of the said Commissioners, and for which the said Commissioners shall not have made satisfaction under the provisions of this Act, such party may have the same settled either by arbitration or by the

verdict of a jury as he shall think fit; and if the said party desire to have the same settled by arbitration it shall be lawful for him to give notice in writing to the said Commissioners of such his desire, stating in such notice the nature of the interest in such lands, buildings or tenements in respect of which he claims compensation and the amount of the compensation so claimed therein, and unless the said Commissioners, be willing to pay the amount of the compensation so claimed, and shall enter into a written agreement for that purpose within twenty-one days after the receipt of any such notice from any party so entitled, the same shall be settled by arbitration in the manner herein provided, or if the party so entitled as aforesaid desire to have such question of compensation settled by jury it shall be lawful for him to give notice in writing of such his desire to the said Commissioners, stating such particulars as aforesaid, and unless the said Commissioners be willing to pay the amount of compensation so claimed and enter into a written agreement for that purpose, they shall within twenty-one days after the receipt of such notice issue their warrant to the Sheriff to summon a jury for settling the same in the manner herein provided, and in default thereof they shall be liable to pay to the party so entitled as aforesaid the amount of the compensation so claimed, and the same may be recovered by him by action of debt or on the case in the said Supreme Court.

LII. And it is enacted, that so soon as the amount of the purchase money or compensation to be paid by the said Commissioners in respect of any lands, houses, tenements or hereditaments, or any interest therein, shall be ascertained, fixed, awarded or settled in any of the modes sanctioned and appointed by this Act as aforesaid, if the said lands, houses, tenements or hereditaments shall have been purchased or taken by the said Commissioners from any person or persons not entitled to sell or convey the same except under the provisions of this Act as being tenant for life or in tail, married women, guardian, committee, trustee, executor or administrator, or person having a partial or qualified interest therein, or who shall refuse to accept such purchase money or compensation, or neglect or fail to make out a title to such lands, houses, tenements or hereditaments, or to the interest therein claimed by him to the satisfaction of the said Commissioners, or shall refuse to convey or release the same, or shall be absent from the Presidency of Bengal, or cannot after diligent enquiry be found, the said Commissioners are hereby empowered and required forthwith to invest the said purchase money or amount of compensation in some of the Securities or Promissory Notes of the East India Company, commonly called Company's Paper, at the current price of the day, and to deposit the same with the Government Agent at Fort William aforesaid, in the name and with the privity of the Accountant General of the said Supreme Court to be placed by him to the account of such Accountant General to the credit of the parties interested, or who may be or become interested in such lands, houses, tenements or hereditaments, describing both them and the said parties so far as the said Commissioners can do pursuant to the course of proceeding in the said Court under the Rules, Orders and Regulations of the said Court, regarding monies paid into the said Court in matters and causes depending before it on its Equity side, and such Securities shall remain so deposited and the interest thereon shall be regularly received by the said Government Agent and credited to the said account, and when and so often as the said interest so received by the said Government Agent shall amount to a sufficient sum for that purpose such interest shall be invested by the said Government Agent from time to time in other such Securities as aforesaid, and such monies, principal and interest, shall remain so invested and deposited until the same be applied under the authority of the said Court upon the petition of the party who would have been entitled to the rents and profits of the lands, houses, tenements and hereditaments in respect of which such monies shall have been deposited to some one or more of the following purposes, that is to say—In the discharge of any debt or incumbrance affecting the lands, tenements and hereditaments in respect of which such money shall have been paid or affecting other lands settled therewith to the same, or the like uses, trusts or purposes, or in the purchase of other lands, tenements or hereditaments to be conveyed, limited and settled upon the like uses, trusts and purposes, and in the same manner as the lands, tenements or hereditaments in respect of which such money shall have been paid, stood settled, or if such money shall be paid in respect of any buildings taken under the authority of this Act, or injured by the proximity of the works in removing or replacing such buildings or substituting others in their stead, or in payment to any person who shall become absolutely entitled to such money, and until such monies can or shall be so applied, the interest, dividends and annual proceeds of such Company's Paper shall and may upon the like petition and order be paid to the party or parties who would for the time being have been entitled to receive the rents and profits of the said lands, houses, tenements and hereditaments.

LIII. And it is enacted, that where any purchase money or compensation paid as aforesaid under the provisions of this Act shall have been paid in respect of any lease for a life or lives, or years, or any estate in lands, tenements or hereditaments less than the whole fee simple thereof, or in respect of any reversion dependent on any such lease or estate, it shall be lawful for the said Supreme Court on the petition of any party interested in such money to order that the same shall be laid out, invested, accumulated and paid in such manner as the said Court may consider will give to the parties interested in such money the same benefit therefrom as they might lawfully have had from the lease, estate or reversion in respect of which such money shall have been paid or as near thereto as may be.

LIV. And it is enacted, that upon payment or deposit in manner hereinbefore mentioned of the purchase money or compensation agreed or awarded to be paid in respect of any lands, tenements or hereditaments purchased or taken by the said Commissioners under the provisions of this Act, the owners of and all parties by this Act enabled to sell or convey such lands, tenements and hereditaments shall when required so to do by the said Commissioners, duly convey such lands to the said Commissioners, or as they shall direct, and in default thereof, or if such party fail to adduce a good title to such lands, tenements and hereditaments to the satisfaction of the said Commissioners it shall be lawful for the said Commissioners if they think fit to execute a deed of sale under their common seal, con-

taining a description of the lands, tenements and hereditaments in respect of which such default shall be made, and reciting the purchase or taking thereof, and the names of the parties from whom the same were purchased or taken, and the payment made in respect thereof, and declaring the fact of such default having been made, and thereupon all the estate and interest in such lands, tenements and hereditaments of, or capable of being sold and conveyed by the party with whom the said Commissioner shall have made such agreement, or to whom such purchase money or compensation shall have been awarded by a jury or by arbitrators, or by a Surveyor appointed by any Magistrate or Magistrates, or as hereinbefore provided shall vest absolutely in the said Commissioners, and as against such parties and all parties on behalf of whom they are hereinbefore enabled to sell and convey the said Commissioners shall be entitled to immediate possession of such lands, tenements and hereditaments.

LV. And it is enacted, that if the owner of any such lands, tenements and hereditaments purchased or taken by the said Commissioners, or of any interest therein, on tender of the purchase money or compensation agreed or awarded to be paid in respect thereof, shall refuse to accept the same, or neglect or fail to make out a title to such lands, tenements and hereditaments, or to the interest therein claimed by him to the satisfaction of the said Commissioners, or if he refuse to convey or release such lands, tenements and hereditaments as directed and required by the said Commissioners, or if any such owner be absent from the Presidency of Bengal, or cannot after diligent inquiry be found or fail to appear on the inquiry before a jury as hereinbefore provided, it shall be lawful for the said Commissioners to place the purchase money or compensation payable in respect of such lands, tenements and hereditaments, or any interest therein to the credit of the parties interested in such lands, tenements and hereditaments (the said parties being described so far as the said Commissioners can describe them) subject to the control and disposition of the said Supreme Court, and it shall be lawful for the said Commissioners if they shall think fit to execute a deed of sale under their common seal containing a description of the lands, tenements and hereditaments in respect whereof such purchase money or compensation shall have been placed to credit, and declaring the circumstances under which and the names of the parties to whose credit such purchase money or compensation shall have been placed, and thereupon all the estate and interest in such lands, tenements and hereditaments of the parties for whose use and in respect whereof such purchase money or compensation shall have been placed to credit, shall vest absolutely in the said Commissioners and as against such parties they shall be entitled to immediate possession of such lands, tenements and hereditaments.

LVI. And it is enacted, that upon the application by petition of any party making claim to the money so placed to credit as last aforesaid, or any part thereof, or to the lands, buildings or tenements in respect whereof the same shall have been so placed to credit, or any part of such lands, buildings or tenements, or any interest in the same the said Supreme Court on its Equity side may in a summary way as to the said Court shall seem fit, order such money to be laid out or invested in Company's Paper and deposited as aforesaid with the said Government Agent, and may order distribution thereof or payment of the interest thereof according to the respective estates, titles or interests of the parties making claim to such money, lands, buildings or tenements, or any part thereof, and may make such other order in the premises as to the said Court shall seem just.

LVII. And it is enacted, that the said Commissioners shall not be deemed necessary or competent parties to any such proceeding in the said Supreme Court, but that due notice shall be given according to the course and practice of the said Court in matters before it by summary petition by the party or parties petitioning to all other parties interested to whom it shall be competent to appear in such summary suit to defend and maintain their respective right and interests.

LVIII. And it is enacted, that the said Commissioners may with the consent of the said Governor sell and dispose of any lands or tenements vested in them by virtue of this Act, or any part thereof either together or in parcels as they may find most convenient and advantageous and the money to arise and to be produced by such sale shall be applied to such of the purposes of this Act or Act No. XVI. of 1847, as the said Commissioners shall think fit, and the purchaser of such lands or tenements shall not be answerable or accountable for any misapplication or non-application of such purchase money; and for the completing and carrying any such sale into effect the said Commissioners may make and execute a conveyance of the lands and tenements sold and disposed of as aforesaid unto the purchaser thereof and such conveyance shall be under the common seal of the said Commissioners.

LIX. And it is enacted, that in every conveyance of lands to be made by the said Commissioners under this Act the word "grant" shall operate as express covenants by the said Commissioners for themselves and their successors with the respective grantees therein named, and their Successors, Heirs, Executors, Administrators or Assigns, as the case may be, according to the quality and nature of such grants, and of the estate or interest therein expressed to be thereby conveyed as follows except as far as the same shall be restrained or limited by express words contained in any such conveyance (that is to say) A covenant that notwithstanding any act or default done by the said Commissioners, they were at the time of the execution of such conveyance under and by virtue of the provisions of this Act possessed of the lands or premises granted thereby for an indefeasible estate of inheritance in fee simple free from all encumbrances done or occasioned by them or otherwise for such estate or interest as therein expressed to be thereby granted free from encumbrances done or occasioned by them.

LX. And in order to raise money for defraying the expenses incurred or to be incurred by the said Commissioners in carrying into effect the provisions of this Act or of Act No. XVI. of 1847, it is enacted, that it shall be lawful for the said Commissioners, and they are hereby authorized subject in each case to the approval of the Governor aforesaid to be signified in writing, to borrow and take up at interest on the credit of the rates, taxes and duties authorized to be made, levied and received by the said Commissioners from any person who shall be willing to advance the same the sum and sums of money necessary for defraying the costs, charges and expenses incurred or to be incurred by the said Commissioners in carrying into effect with the least possible delay the pro-

visions of this Act or of Act No. XVI of 1847, and for securing the repayment of such sum or sums of money with such interest thereon as shall be agreed upon between the said Commissioners, and the person or persons lending or advancing the same, the said Commissioners may mortgage and assign over the said rates, taxes, tolls and duties, or any part thereof to the person or persons who shall advance such money, or to a Trustee or Trustees on his or their behalf as security for the money so to be borrowed, together with interest upon the same, and no assessment, tax, toll or duty over which any such mortgage shall have been granted shall be repealed in whole or in part until such mortgage shall be paid off unless by the consent in writing of such mortgagee.

LXI. And it is enacted, that in order to discharge the principal money of any such sum or sums of money as shall be borrowed on security of the assessments, taxes and duties aforesaid, it shall be lawful for the said Commissioners, and they are hereby authorized and required yearly and every year to deduct, appropriate and set apart, and apply out of the rates aforesaid such a sum of money as shall be in proportion to one-thirtieth part of the money borrowed or secured, and which at that time shall remain due and secured as aforesaid upon the said assessments, taxes and duties as and for a Sinking Fund to be applied in paying off and discharging the principal monies so borrowed or secured, and from time to time cause the amount of such Sinking Fund to be invested in the Securities of the East India Company called Company's Paper, and such Company's Paper to be deposited from time to time in the hands of the Government Agent, who is hereby empowered and required to increase the same by investing the interest payable thereon as the same shall become due and payable in the purchase of other Company's Paper, and so on from time to time so that the said Sinking Fund shall accumulate at compound interest until the same shall be of sufficient amount to pay off the said principal debts, or one of them or some part of some one of them at which time the same shall be so applied in paying off the same in manner hereinafter mentioned.

LXII. And it is enacted, that every mortgage of assessments, taxes and duties authorized to be made under the provisions of this Act shall be by deed in which the consideration shall be truly stated, and every such deed shall be under the common seal of the said Commissioners, and signed by three of them at the least at one of their annual, quarterly or special meetings and may be according to the form in the Schedule [A] to this Act annexed, or to the like effect, and the respective mortgagees shall be entitled one with another to their respective proportions of the assessments, taxes, tolls and duties comprised in such mortgages according to the respective sums which in such mortgages are mentioned to be advanced by such mortgagees respectively, and to be repaid the sums so advanced with interest without any preference one above another by reason of priority of advance, or of the date of any such mortgage respectively.

LXIII. And it is enacted, that the expenses of every mortgage shall from time to time be defrayed by the said Commissioners out of the money raised by the same.

LXIV. And it is enacted, that a Register of all the said mortgages shall be kept by the Clerk of the said Commissioners, and within fourteen days after the date of any mortgage an entry or memorial specifying the number and date of such mortgage, and the sum secured thereby and the names of the parties thereto with their proper additions shall be made in the said Register, and the said Register may be perused at all reasonable times by any mortgagee or by any person interested in any such mortgage without fee or reward.

LXV. And it is enacted, that from time to time any party entitled to any such mortgage may transfer his right and interest therein to any other person, and every such transfer shall be by deed wherein the consideration shall be truly stated, and every such transfer may be according to the form in the Schedule B to this Act annexed or to the like effect.

LXVI. And it is enacted, that within thirty days after the date of every such transfer if executed within the territories subject to the Government of the East India Company, or otherwise, within thirty days after the arrival thereof within the said territories, it shall be produced to the said Clerk, and thereupon the said Clerk shall make an entry or memorial thereof in the Register aforesaid in the same manner as in the case of an original mortgage, and for such entry the said Clerk may demand and receive a fee not exceeding Two Rupees, and after such entry every such transfer shall entitle the transferee, his Executors, Administrators and Assigns to the full benefit of the original mortgage, and the principal and interest secured thereby, and such transferee may in like manner assign or transfer the same again and toties quoties, and it shall not be in the power of any person except the person to whom the said mortgage shall have been last transferred, his Executors, or Administrators or Assigns to make void, release or discharge the original mortgage, or the monies due thereon or secured thereby.

LXVII. And it is enacted, that from and after the payment or satisfaction of all the principal and interest of monies secured by any mortgage made under the powers of this Act all the estate, property, right and interest by such mortgage vested in the mortgagee, his Heirs, Executors, Administrators or Assigns shall without any transfer or release, or any other act or deed whatsoever immediately cease and determine.

LXVIII. And in order that no undue preference may be given in paying off any mortgages it is enacted, that whenever the said Commissioners shall be enabled to pay off one or more out of the number of the said mortgages, or a part of the money secured on any such mortgage, they shall decide the order in which such mortgages shall be paid off by lot or ballot, and shall cause a notice signed by their Clerk to be given to the person entitled to the money to be paid off pursuant to such lot or ballot, and such notice shall express the principal sum proposed to be paid off, and that the same will be paid together with the interest due thereon, at the office of the Clerk of the said Commissioners on a day and at an hour to be specified at the expiration of six months from the date of giving such notice.

LXIX. And it is enacted, that the said Commissioners may if they think proper fix a period for the repayment of the whole of the principal money borrowed on any one mortgage under the provisions of this Act with the interest thereon, and in such case the said Commissioners shall cause such period to be inserted in the mortgage deed, and upon the expiration of such period the said principal sum, together with the arrears of interest thereon, shall on demand be paid to the party entitled to receive such principal sum and

interest, and if no other place of payment be inserted in such mortgage deed such principal and interest shall be payable at the office of the Clerk of the said Commissioners.

LXX. And it is enacted, that if no time be fixed in the mortgage deed for the repayment of the money so borrowed the party entitled to receive such money may at the expiration, or at any time after the expiration of twelve months from the date of such mortgage, demand payment of the principal sum thereby secured, with all arrears of interest, upon giving six months previous notice for that purpose, and in the like case the said Commissioners may at any time pay off the money borrowed on giving the like notice, and every such notice shall be in writing or print; or partly in writing and partly in print, and if given by a mortgagee or creditor shall be delivered to the Clerk aforesaid or left at his office, and if given by the said Commissioners shall be given either personally to such mortgagee or creditor, or left at his residence, or if his present residence be not known then at his last known place of abode, or if such mortgagee or creditor be unknown to the said Commissioners, or cannot be found after diligent inquiry and his last place of abode be unknown such notice shall be given by advertisement in the Calcutta Government Gazette, and once in each of three successive weeks in two of the Calcutta newspapers.

LXXI. And it is enacted, that if the said Commissioners shall have given notice in terms of this Act of their intention to pay off any such mortgage then at the expiration of such notice all further interest shall cease to be payable on such mortgage unless demand of payment be made pursuant to such notice, and unless on such demand being duly made the said Commissioners shall fail to pay the principal and interest then due on such mortgage.

LXXII. And it is enacted, that it shall be lawful for any mortgagee or other person entitled to receive payment of the money secured by any such mortgage to enforce the payment of the principal money and interest due thereon by applying for the appointment of a Receiver in the manner hereinafter provided, but in order to authorize the appointment of such Receiver the amount of money owing to the mortgagee or mortgagees or creditor or creditors by whom the application is made shall not be less than Ten Thousand Rupees.

LXXIII. And it is enacted, that if within six months after the principal money or any interest owing upon any such mortgage has become payable and after demand thereof in writing the same be not paid the mortgagee or other creditor as aforesaid (without prejudice to his right to sue for such principal money, together with all arrears of interest in any competent Court or Courts of Law or Equity) may if his debt amount to the sum of Ten Thousand Rupees alone, or, if his debt does not amount to that sum, in conjunction with other mortgagees whose debts being so in arrears after demand as aforesaid shall, together with his amount to the said sum, require the appointment of a Receiver by an application to be made as hereinafter provided.

LXXIV. And it is enacted, that every application for a Receiver shall be made to one or more Justices of Her Majesty's Supreme Court of Judicature at Fort William in Bengal, and on any such application it shall be lawful for such Justice or Justices by order in writing after hearing the parties to appoint a fit and proper person to receive the whole or a competent part of the rates and assessments, and to apply the same to the payment of such interest or principal and interest as the case may be, together with all costs, including the charges of receiving the rates and assessments until the said principal and interest, together with all such costs and charges be fully paid, and upon such appointment being made all such rates and assessments as aforesaid shall be paid to and received by the person so appointed who is hereby empowered to give good and sufficient discharges for the same, and the money so to be received shall be so much money received by or to the use of the party to whom such interest or such principal and interest as the case may be, shall be then due, and on whose behalf such Receiver shall have been appointed, and after such interest and costs, or such principal, interest and costs have been so received, the power of such Receiver shall cease.

G. A. BUSHBY, *Secy. to the Govt. of India.*

Fort William, Home Department, Legislative, the 18th December, 1847.

The following Act passed by the Governor General of India in Council on the 18th of December 1847, is hereby promulgated for general information.

ACT No. XX. OF 1847.

An Act for the encouragement of learning in the Territories subject to the Government of the East India Company, by defining and providing for the enforcement of the right called Copyright therein.

Whereas doubts may exist whether the right called Copyright can be enforced by the Common Law of England in those parts of the Territories subject to the Government of the East India Company into which the Common Law of England has been introduced:

And whereas doubts may exist whether the said right can be enforced by virtue of the principles of equity and good conscience in the other parts of the Territories subject to the Government of the East India Company:

And whereas for the encouragement of learning it is desirable that the existence of the said right should be placed beyond doubt, and that the said right should be made capable of easy enforcement in every part of the said Territories:

And whereas it is doubtful whether the Act of Parliament 5 and 6, Victoria, C. 45, entitled "*an Act to amend the Law of Copyright,*" although such Act extend to every part of the British Dominions, has made appropriate and sufficient provision for the enforcement in every part of the said Territories subject to the Government of the East India Company of the said right by proprietors thereof: and whether the said Act of Parliament has made provision for the enforcement of the said right by or against any persons not being subject to the jurisdiction of the Courts established by Her Majesty's Charter:

I. It is therefore hereby enacted, that the Copyright in every book published in the life-time of its author within the said Territories after the passing of the Act of Parliament 3and 4, Wm. 4, C. 85, entitled "*an Act for effecting an arrangement with the East India Company and for the better government of His Majesty's Indian Territories till the 30th day of April, 1854,*" shall endure for the natural life of such author, and for the further term of seven years commencing at the time of his death and shall be the property of such author and his assigns: Provided always, that if the said term of seven years shall expire before the end of forty-two years from the publication of such book, the Copyright shall in that case endure for such period of forty-two years; and that the Copyright in every book published after the death of its author and after the passing of the Act of Parliament last aforesaid shall endure for the term of forty-two years from the first publication thereof and shall be the property of the proprietor of the author's manuscript, from which such book shall be first published, and his assigns.

II. And whereas it is expedient to provide against the suppression of books of importance to the public: It is enacted, that it shall be lawful for the Governor General in Council on complaint made to them that the proprietor of the Copyright in any book published after the passing of this Act within the said Territories, has after the death of its author refused to republish or to allow the republication of the same, and that by reason of such refusal such book may be withheld from the public, to grant a licence to such complainant to publish such book in such manner and subject to such conditions as they may think fit, and it shall be lawful for such complainant to publish such book according to such licence.

III. And it is hereby enacted, that a Book of Registry wherein may be registered as hereinafter enacted the proprietorship in the Copyright of books and assignments thereof, and licences affecting such Copyright, shall be kept in the office of the Secretary to the Government of India for the Home Department, and shall at all convenient times be opened to the inspection of any person on payment of Eight Annas for every entry which shall be searched for or inspected in the said book, and that such Officer shall whenever thereunto reasonably required, give a copy of any entry in such book certified under his hand, to any person requiring the same on payment to him of the sum of Two Rupees, and such copies so certified shall be received in evidence in all Courts and in all summary proceedings, and shall be *prima facie* proof of the proprietorship or assignment of Copyright or licence as therein expressed, but subject to be rebutted by other evidence.

IV. And it is enacted, that if any person shall wilfully make or cause to be made any false entry in the Registry Book aforesaid, or shall wilfully produce, or cause to be tendered in evidence any paper falsely purporting to be a copy of any entry in the said Book, he shall be guilty of a misdemeanour and shall be punished with imprisonment with or without hard labour for a term not exceeding three years.

V. And it is enacted, that after the passing of this Act, it shall be lawful for the proprietor of Copyright in any book published, after the passing of the said Act of Parliament 3 and 4, Wm. 4, C. 85, to make entry in the Registry Book of the title of such book, the time of the first publication, and the name and place of abode of the publisher thereof, and the name and place of abode of the proprietor of the Copyright of the said book, or of any portion of such Copyright in the form in that behalf given in the Schedule to this Act annexed upon payment of the sum of Two Rupees to the said Secretary, and that it shall be lawful for every such registered proprietor to assign his interest or any portion of his interest therein, by making entry in the said Book of Registry of such assignment, and of the name and place of abode of the Assignee thereof in the form given in that behalf in the said Schedule on payment of the like sum; and such assignment so entered shall be effectual in Law to all intents and purposes whatsoever without being subject to any stamp or duty, and shall be of the same force and effect as if such assignment had been made by Deed.

VI. And it is enacted, that if any person shall deem himself aggrieved by any entry made under colour of this Act in the said Book of Registry, it shall be lawful for such person to apply by motion to the Supreme Court of Calcutta, or if the Court shall not be then sitting to any Judge of such Court sitting in Chambers for an order that such entry may be expunged or varied, and that upon any such application to the said Court, or to a Judge as aforesaid, such Court or Judge shall make such order for expunging, varying or confirming such entry either with or without costs, as to such Court or Judge shall seem just, and the said Secretary shall on the production to him of

any such order for expunging or varying any such entry, expunge or vary the same according to the requisitions of such order.

VII. W. TAYLER,
Post Master General.

Fort William, Genl. Post Office,
The 24th July, 1847.

No. 966 *of* 1847.

General Department.

To W. TAYLER, Esquire,
Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas;* and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight,* because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas,* but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit,* and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c,

The Calcutta Gazette.

Published by Authority.

WEDNESDAY, JANUARY 5, 1848.

Fort William, Home Department, Legislative, the 18th December, 1847.

The following Act passed by the Governor General of India in Council on the 18th of December, 1847, is hereby promulgated for general information:

ACT No. XXII. OF 1847.

To enable the Commissioners who may be appointed under Act XVI. of 1847 *to purchase and hold real or personal property for the Improvement of the Town of Calcutta.*

Whereas by Act XVI. of 1847, entitled an Act for constituting Commissioners for the Improvement of the Town of Calcutta, partly by appointment of the Government and partly by election of the Rate-payers, provision was made for the appointment and election of such Commissioners, or in default of election, for the appointment of the whole of such Commissioners:

And whereas it is expedient, that provision should be made to enable such Commissioners to purchase and hold real or personal property for the purposes aforesaid in manner hereinafter mentioned:

And whereas it is probable that benevolent and public spirited individuals, with the view of contributing to the improvement and adornment of the said Town may be desirous of settling real or personal property by Deed or Will upon such Commissioners:

I. It is therefore enacted, that the said Commissioners shall be Trustees for and on behalf of the Government of Fort William in Bengal, and of the inhabitants of Calcutta, and shall sue and be sued at Law and in Equity in Her Majesty's Supreme Court of Judicature at Fort William by the name of the Commissioners for the improvement of the Town of Calcutta, and shall have a common seal, and shall have power to take, purchase and hold lands, tenements, hereditaments, goods, chattels and other property, as such Trustees for the purposes aforesaid.

II. And it is enacted, that whenever it shall appear to the said Commissioners, or a majority of them, that it is necessary they should purchase any houses, buildings or grounds for the purposes aforesaid, the said Commissioners shall represent the same to the Governor of Bengal, and if he shall consent thereto, but not otherwise, shall enter into treaties for the purchase of such houses, buildings or grounds with the owners thereof, and in case they shall not be able to come to agreement with such owners or the amount of compensation shall not be settled by arbitration as hereinafter provided, then the said Commissioners shall apply to the Sheriff of Calcutta to summon a Jury, and the said Sheriff shall forthwith summon a Jury in manner hereinafter mentioned, to assess the price which the said Commissioners shall pay to the said owner or owners for the purchase of such houses, buildings and grounds with all appurtenances as aforesaid.

III. And whereas it is expedient to make provision for those cases in which the said Commissioners may be able to purchase lands, buildings or tenements by agreement: it is enacted, that it shall and may be lawful for the said Commissioners to agree with the owners of any lands, buildings or tenements by this Act authorized to be taken and which shall be required for the purposes of this Act, and with all parties having any estate or interest in such lands, buildings or tenements, or by this Act or by any other authority or power enabled to sell and convey the same, for the absolute purchase of any such lands, buildings or tenements, or such parts thereof as they shall think proper, and of all estates and interests in such lands of what kindsoever.

IV. And it is enacted, that it shall and may be lawful for all parties being seized, possessed of or entitled to any such lands, buildings or tenements, or any estate or interest therein, to sell and convey or release the same to the said Commissioners and to enter into all necessary agreements for that purpose, and particularly it shall be lawful for all or any of the following parties so seized, possessed or entitled as aforesaid so to sell, convey or release (that is to say) all corporations, tenants in tail, or for life, married women seized in their own right or entitled to dower, guardians, committees of lunatics and idiots, trustees or feofees in trust for charitable or other purposes, executors and administrators and all parties for the time being entitled to the receipt of the rents and profits of any such lands in possession, or subject to any estate in dower, or to any lease for life or for lives, or for years, or any less interest, and the power so to sell and convey or release as aforesaid,

may lawfully be exercised by all such parties not only on behalf of themselves and their respective Heirs, Executors, Administrators and Successors, but also for and on behalf of every person entitled in reversion, remainder or expectancy after them, or in defeasance of the estates of such parties, and as to such married women whether they be of full age or not as if they were sole and of full age, and as to such guardians on behalf of their wards, and as to such committee on behalf of the lunatics and idiots of whom they are the committees respectively, and that to the same extent as such wives, wards, lunatics and idiots respectively could have exercised the same power under the authority of this Act if they had respectively been under no disability, and as to such Trustees, Executors and Administrators on behalf of their cestuique trusts whether infants, issue unborn, lunatics, femes covert or other persons, and that to the same extent as such cestuique trusts respectively could have exercised the same powers under the authority of this Act if they had respectively been under no disability.

V. And it is enacted, that the purchase money consideration or compensation to be paid or given for any lands, buildings or tenements to be purchased or taken from any party under any disability or incapacity, and not having any power to sell or convey such lands except under the provisions of this Act, and the compensation to be paid for any permanent damage or injury to any such lands, buildings or tenements, shall in all cases be determined by the verdict of a jury to be summoned as hereinafter provided

VI. And it is enacted, that it shall be lawful for any person seized in fee or entitled absolutely for his own benefit to any lands, buildings or tenements authorized to be purchased for the purposes of this Act to sell and convey such lands, buildings or tenements, or any part thereof, unto the said Commissioners in consideration of an annual rentcharge payable by the said Commissioners, but except as aforesaid the consideration to be paid for the purchase of any such lands, buildings or tenements, or for any damage done thereto, shall be in a gross sum.

VII. And it is enacted, that the yearly rent reserved by any conveyance of lands, buildings or tenements purchased by the said Commissioners for the purposes of this Act shall be charged on the rates hereinafter authorized to be raised and levied, and shall be paid by the said Commissioners as such rents become payable, and if at any time any such rents be not paid within thirty days after they so become payable, and after demand thereof in writing, the person to whom any such rent shall be payable, may recover the same from the said Commissioners with costs of suit by action of debt in the said Supreme Court.

VIII. And it is enacted, that when the said Commissioners shall require to purchase or take any of the lands, buildings or tenements which by this Act they are authorized to purchase or take, they shall give notice thereof to all the parties interested in such lands, or to the parties enabled by this Act to sell and convey or release the same or such of the said parties as shall after diligent inquiry be known to the said Commissioners, and by such notice shall demand from such parties the particulars of their estate and interest in such lands and of the claims made by them in respect thereof, and every such notice shall state the particulars of the lands so required, and that the said Commissioners are willing to treat for the purchase thereof, and as to the compensation to be made to all parties for the damage that may be sustained by them by reason of the execution of the works.

IX. And it is enacted, that all notices required to be served by the said Commissioners upon the parties interested in or entitled to sell any such lands, buildings or tenements shall either be served personally on such parties, or left at their last usual place of abode if any such can after diligent inquiry be found, and in case any such parties shall be absent from the said Town or cannot be found after diligent inquiry, such notices shall be left with the occupier of such lands, or if there be no such occupier shall be affixed upon some conspicuous part of such lands.

X. And it is enacted, that if the party claiming compensation desire to have the same settled by arbitration, and signify such desire by notice in writing to the said Commissioners before they have issued their warrant to the Sheriff to summon a jury in respect of such lands under the provisions hereinafter contained, stating in such notice the nature of the interest in respect of which such party claims compensation, and the amount of the compensation so claimed, the same shall be so settled by arbitration accordingly, but unless the party claiming compensation shall as aforesaid signify his desire to have the question of such compensation settled by arbitration, or if when the matter shall have been referred to arbitration the arbitrators or the umpire shall for three months have failed to make their or his award, or if no final award shall be made, the question of such compensation shall be settled by the verdict of a jury as hereinafter provided.

XI. And it is enacted, that when any question of disputed compensation by this Act authorized or required to be settled by arbitration, shall have arisen then unless both parties shall concur in the appointment of a single arbitrator, each party on the request of the other party shall nominate and appoint an arbitrator to which two arbitrators such dispute shall be referred, and every appointment of an arbitrator shall be made on the part of the said Commissioners under the hands of two of the said Commissioners, or of their Clerk duly authorized by such two Commissioners, and on the part of any other party under the hand of such party, or if such party be a corporation aggregate under the common seal of such corporation, and such appointment shall be delivered to the arbitrator or arbitrators, and shall be deemed a submission to arbitration on the part of the party by whom the same shall be made, and after any such appointment shall have been made neither party shall have power to revoke the same without the consent of the other, nor shall the death of either party operate as a revocation, and if after any such dispute shall have arisen and after a request in writing in which shall be stated the matter so required to be referred to arbitration, shall have been served by the one party on the other party to appoint an arbitrator, such last mentioned party fail within fourteen days after such service to appoint such arbitrator, then upon such failure the party making the request, and having himself appointed an arbitrator may appoint such arbitrator to act on behalf of both parties, and such arbitrator may proceed to hear and determine the matters which shall be in dispute, and in such case the award or determination of such single arbitrator shall be final.

XII. And it is enacted, that if before the matters so referred shall be determined, any arbitrator

appointed by either party shall die or become incapable to act, the party by whom such arbitrator was appointed may nominate and appoint in writing some other person to act in his place, and if for the space of seven days after notice in writing from the other party for that purpose he shall fail to do so, the remaining or other arbitrator may proceed to hear and determine the matters which shall be in dispute, and every arbitrator who shall be so substituted as aforesaid shall have the same power and authorities as were vested in the former arbitrator at the time of such his death or disability aforesaid.

XIII. And it is enacted, that where more than one arbitrator shall have been appointed such arbitrators shall before they enter upon the matters referred to them, nominate and appoint by writing under their hands an umpire to decide on any such matters on which they shall differ, or which shall be referred to him under the provisions of this Act, and if such umpire shall die or become incapable to act, they shall forthwith after such death or incapacity appoint another umpire in his place, and the decision of every such umpire on the matters so referred to him shall be final.

XIV. And it is enacted, that if in either of the cases aforesaid the said arbitrators shall refuse, or shall for seven days after request of either party to such arbitration, neglect to appoint an umpire, any two of the Magistrates of Calcutta shall on the application of either party to such arbitration appoint an umpire, and the decision of such umpire on the matters on which the arbitrators shall differ or which shall be referred to him under this Act shall be final.

XV. And it is enacted, that when a single arbitrator shall have been appointed as hereinbefore provided, and such arbitrator shall die or become incapable to act before he shall have made his award, the matters referred to him shall be determined by arbitrators under the provisions of this Act in the same manner as if such arbitrator had not been appointed.

XVI. And it is enacted, that if where more than one arbitrator shall have been appointed either of the arbitrators refuse, or for seven days after the day of his appointment shall neglect to act, the other arbitrator may proceed to hear and determine the matters in dispute, and the decision of such other arbitrator shall be as effectual as if he had been the single arbitrator appointed by both parties.

XVII. And it is enacted, that if where more than one arbitrator shall have been appointed and where neither of them shall refuse or neglect to act as aforesaid, but such arbitrators shall fail to make their award within twenty-one days after the day on which the last of such arbitrators shall have been appointed, or within such extended time, (if any) as shall have been appointed for that purpose by both such arbitrators under their hands, the matters referred to them shall be determined by the umpire to be appointed as aforesaid.

XVIII. And it is enacted, that the said arbitrators or their umpire may call for the production of any documents in the possession or power of either party which they or he may think necessary for determining the question in dispute, and may examine the parties or their witnesses on oath or solemn affirmation, and administer the oaths and solemn affirmation necessary for that purpose.

XIX. And it is enacted, that before any such arbitrator or umpire as aforesaid shall enter into the consideration of any matters referred to him he shall in the presence of a Magistrate of Calcutta make and subscribe the following declaration, that is to say—

I, A. B., do solemnly and sincerely declare that I will faithfully and honestly to the best of my skill and ability hear and determine the matters referred to me under the provisions of the Act XXII. of 1847.

A. B.

Made and subscribed
in the presence of C. D.

And such declaration shall be annexed to the award when made, and if any arbitrator or umpire having made such declaration shall wilfully act contrary thereto, he shall be deemed guilty of a misdemeanour.

XX. And it is enacted, that all the costs of any such arbitration and incident thereto, shall be settled by the said arbitrators and shall be borne by the said Commissioners, unless the arbitrators shall award the same or a less sum than shall have been offered by the said Commissioners in which case each party shall bear their own costs incident to the said arbitration, and the costs of the said arbitrators shall be borne by the parties in equal proportions.

XXI. And it is enacted, that the said arbitrators or the said umpire, as the case may be, shall deliver their award in writing to the said Commissioners, and the said Commissioners shall retain the same, and on demand made at the office of their Clerk shall forthwith at their own expense furnish a copy thereof to the other party to the arbitration, and shall at all reasonable times when thereunto required produce the said award and allow the same to be inspected or examined at the office of their said Clerk by such party or any person appointed by him for that purpose.

XXII. And it is enacted, that the submission to any such arbitration as aforesaid may be made a rule of the said Supreme Court on the application of either or any party thereto, and may be enforced against all necessary parties by any rule, order or decree of the said Court notwithstanding that any or either of the said parties are not otherwise subject to the jurisdiction of the said Court.

XXIII. And it is enacted, that no award made with respect to any question referred to arbitration under the provisions of this Act shall be set aside for irregularity or error in matter of form.

XXIV. And it is enacted, that in every case in which a dispute or difference shall arise between the said Commissioners, and any person or persons whose property they may intend or desire to purchase for the purposes of this Act as to the amount of compensation to be paid for the said property which difference and dispute either of the said parties shall refuse to settle by arbitration the said Commissioners shall issue a warrant in writing signed by any one of them and sealed with their common seal to the Sheriff of Calcutta, requiring him to summon a jury for the purpose of settling the said difference or dispute; and if such Sheriff be interested in the matter in dispute such warrant shall be addressed and sent to the Coroner of Calcutta, and if the said Sheriff and the said Coroner be both of them interested in the said matter then the said warrant shall be addressed and sent to the last person who shall have filled the office of Sheriff of Calcutta who is not interested in the said matter and who is at time of the issuing the said warrant an inhabitant of the said Town of Calcutta, and every such Sheriff, Coroner or

XXV. And it is enacted, that throughout the enactments contained in this Act relative to a reference to a jury where the term Sheriff isused the provisions applicable thereto shall be held to apply to every Coroner or other person lawfully acting in the place of the Sheriff, and in every case in which any such warrant as aforesaid shll have been directed to any other person than the said Sheriff of Calcutta, such Sheriff shall immediately on receiving notice of the delivery of the warrant on application being made to him for that purpose deliver over to the person to whom the said warrant shall have been directed, or to any other fit and proper person appointed by him to receive the same the Jurors' book and Special Jurors' list for the Town of Calcutta.

XXVI. And it is enacted, that upon the receipt of such warrant as aforesaid, the Sheriff shall summon a jury of ten indifferent persons duly qualified to act as common jurymen in Her Majesty's Supreme Court of Judicature aforesaid, to meet at a convenient time and place to be appointed by him for that purpose, such time not being less than fourteen nor more than twenty-one days after the receipt of such warrant, and such place not being more than two miles from the lands, buildings or tenements concerning and relating to which the said difference or dispute shall have arisen unless by consent of the parties interested some other time and place be agreed upon and settled, and the said Sheriff shall forthwith give notice to the said Commissioners of the time and place so appointed by him.

XXVII. And it is enacted, that out of and from the number of Jurors appearing upon such summons as aforesaid, a jury of five persons shall be drawn by the said Sheriff in such number and form as juries for trials of offences before the said Supreme Court are by the rules and orders of the said Court required to be drawn, and if a sufficient number of the jurymen so summoned as aforesaid do not appear in obedience to such summons as aforesaid, the Sheriff shall return other indifferent men duly qualified as aforesaid of the byestanders or others that can speedily be procured to make up the jury to the said number of five persons, and the said Commissioners and all other parties interested in the said lands, buildings or tenements may have and make their challenges against any of the said jurymen according to the course and practice of the said Supreme Court, but neither the said Commissioners nor any of the said parties interested as aforesaid shall challenge the array.

XXVIII. And it is enacted, that in every such inquiry as aforesaid the said Sheriff shall preside, and the party or parties claiming compensation from the said Commissioners shall be deemed the plaintiff or plaintiffs, as the case may be, and shall have all such rights and privileges as the plaintiff is entitled to in the trial of actions at law in the Court of Queen's Bench at Westminster, and if the said Commissioners or any persons interested in the said lands, buildings or tenements so request in writing, the said Sheriff shall summon before him, any person who shall by the said Commissioners, or any person interested as aforesaid be considered necessary to be examined as a witness touching the matters in question, and on the like request the said Sheriff shall order the said jury to view the place or matter in controversy in like manner as views may be had in the trial of actions at law in the Court of Queen's Bench at Westminster.

XXIX. And it is enacted, that if the said Sheriff make default in any matter hereinbefore required to be done by him in relation to any such trial or inquiry as aforesaid, he shall forfeit and pay the sum of Five Hundred Rupees for every such offence, and such penalty shall be recoverable by the said Commissioners by an action of debt or on the case in the said Supreme Court, and if any person summoned or returned upon any jury under this Act, whether common or special, do not appear, or if appearing do refuse to make such lawful oath or affirmation as the said Sheriff may require, or in any other manner wilfully neglect his duty, he shall unless he shew reasonable excuse for the said default or neglect to the satisfaction of the said Sheriff forfeit a sum not exceeding One Hundred Rupees, and every such penalty as aforesaid payable by a Sheriff or juryman as aforesaid shall be applied in satisfaction of the costs of the said inquiry so far as the same will extend, and in addition to the penalty hereby imposed as aforesaid every such juryman shall in all respects be subject to the same regulations, pains and penalties as if such jury were returned for a trial in the said Supreme Court.

XXX. And it is enacted, that if any person who shall have been duly summoned to give evidence upon any such enquiry, and to whom a tender of his reasonable expenses shall have been made fail to appear at the time and place specified in the summons without sufficient cause, or if any person whether summoned or not who shall appear as a witness on any such inquiry refuse to be examined on oath or affirmation touching the subject matter in dispute every person so offending shall forfeit and pay to the party aggrieved thereby a sum not exceeding One Hundred Rupees, and that any person examined on oath or affirmation touching the suoject matter in dispute who shall wilfully and falsely state any matter which if wilfully and falsely stated by such person in any Court of Justice in which such subject matter might be in dispute, would amount to wilful and corrupt perjury, shall be guilty of wilful and corrupt perjury.

XXXI. XXXV. And it is enacted, that the Sheriff before whom such inquiry as aforesaid, shall be held shall give judgment for the purchase money or compensation assessed by such jury as aforesaid, and the verdict and judgment shall thereupon be signed by such Sheriff, and being so signed shall be delivered to and kept by the Keeper of the Records in the said Supreme Court among the Records of the said Supreme Court, and such verdicts and judgments shall be deemed Records, and the same or true copies or exemplifications thereof shall be good evidence in all Courts, and elsewhere, and all persons may inspect the said verdicts and judgments, and may have copies or exemplifications thereof, or extracts therefrom, on paying for each inspection of any such verdict and judgment the sum of Eight Annas, and for every one hundred words copied or extracted therefrom Four Annas, which copies, exemplifications or extracts the said Keeper of the Records is hereby required to make out and sign and certify the same to be true.

XXXVI. And it is enacted, that on every such inquiry before a jury as aforesaid, where the verdict of the jury shall be given for a greater sum than the sum previously offered by the said Commissioners all the costs of such inquiry shall be borne by the said Commissioners, but if the verdict of the jury shall be for the same or a less sum than the sum previously offered by the said Commissioners one-half of the costs of summoning, impanelling and returning the jury, and of taking the inquiry and recording the verdict and judgment thereon shall be defrayed by the parties claiming the said compensation or purchase money, and the other half by the said Commissioners, and each party shall bear his own costs other than as aforesaid incident to such inquiry.

XXXVII. XXXIX. And it is enacted, that if either party in such case of disputed compensation as aforesaid, desire such question to be tried before a special jury, such question shall be so tried, provided, that notice of such desire if given by the other party be given to the said Commissioners before they have issued their warrant as aforesaid to the Sheriff, and for that purpose the said Commissioners shall by their warrant to the Sheriff require him to nominate a special jury of five jurors for such trial, and thereupon the Sheriff shall as soon as conveniently may be after the receipt by him of such warrant summon the said Commissioners, and the said other party to appear before him by themselves or their Attornies at some convenient time and place to be appointed by him for the purpose of nominating a special jury (not being less than five nor more than eight days from the service of such summons) and at the time and place so appointed the said Sheriff shall proceed to, nominate and strike a special jury in the manner in which such juries shall be required by the Rules and Orders of the said Supreme Court for trials in the said Court, except as far as such Rules may be inconsistent with the number of which the juries under this Act are to consist, and the said Sheriff shall appoint a day not later than the eighth day after the striking of such jury for the parties or their agents to appear before him to reduce the number of such jury, and thereof shall give four days' notice to the said Commissioners, and the said other party, and on the day so appointed the Sheriff shall proceed to reduce the said special jury to the number of eight in the manner used and accustomed in the said Supreme Court.

XL. And it is enacted, that the special jury on such inquiry as last aforesaid, shall consist of five of the said eight who shall first appear on the names being called over, the said Commissioners and the said other party having respectively their lawful challenges against any of the said jurymen, and if a full jury of five do not appear and if after such challenges a full jury of five do not remain then upon the application of the said Commissioners or of the said other party, the Sheriff shall add to the list of such jury the names of any other disinterested persons qualified to act as special or common jurymen in the said Supreme Court who

shall not have been previously struck off the aforesaid list, and who may be then in attendance before the said Sheriff, or can speedily be procured so as to complete such special jury, the said Commissioners and the said other party having respectively their lawful challenges against such persons, and the Sheriff shall proceed to the trial and adjudication of the matters in question by such jury, and such trial shall be attended in all respects with the like incidents and consequences, and the like penalties shall be applicable as hereinbefore provided in the case of a trial by a common jury.

XLI. And it is enacted, that any other inquiry than that for the trial of which such special jury may have been struck and reduced as aforesaid may be tried by such jury provided the said Commissioners and all the other parties interested therein respectively shall give their consent to such trial.

XLII. And it is enacted, that where the purchase money or compensation to be paid by the said Commissioners for any lands, buildings or tenements to be purchased or used by the said Commissioners shall be payable to any person who by reason of absence from the Presidency of Bengal is prevented from treating, or who cannot after diligent inquiry be found, or who shall not appear at the time appointed for the inquiry before the jury as hereinafter provided after due notice thereof given to him, such purchase money or such compensation to be paid for any permanent injury to such lands, buildings or tenements shall be such as shall be determined by the valuation of such able practical Surveyor as two of the Magistrates of Calcutta aforesaid shall nominate for that purpose as hereinafter provided.

XLIII. And it is enacted, that upon application of the said Commissioners two of the Magistrates of Calcutta aforesaid, and upon such proof as shall be satisfactory to them that any such party is by reason of absence prevented from treating, or cannot after diligent inquiry be found, or that such party failed to appear on such inquiry before a jury as aforesaid after due notice given to him for that purpose, such Magistrates shall by writing under their hands nominate an able practical Surveyor, approved by the said Commissioners, to determine the amount of such purchase money or compensation as aforesaid, and such Surveyor shall determine the same accordingly, and shall annex to his valuation a declaration in writing signed by him of the correctness thereof.

XLIV. And it is enacted, that before any such Surveyor shall enter upon the duty of making such valuation as aforesaid he shall in the presence of such Magistrates, or one of them, make and subscribe the declaration following at the foot of such nomination by the said Magistrates as aforesaid, that is to say—

And if any such Surveyor shall corruptly make such declaration, or having made such declaration, shall wilfully act contrary thereto he shall be deemed guilty of a misdemeanour.

XLV. And it is enacted, that the said nomination and declaration shall be annexed to the valuation to be made by such Surveyor and shall be preserved together therewith by the Clerk to the said Commissioners, and he shall at all reasonable times produce at his office the said valuation and other documents on demand to the owner of lands, buildings or tenements comprized in such valuation and to all other parties interested therein.

XLVI. And it is enacted, that in estimating the purchase money or compensation to be paid by the said Commissioners in any of the cases aforesaid regard shall be had by the Magistrates, Arbitrators or Surveyors, as the case may be, not only to the value of the lands, buildings or tenements to be purchased by the said Commissioners, but also to the damage if any to be sustained by the owners of the lands, buildings or tenements by reason of the severing of the said lands, buildings or tenements taken from other lands, buildings or tenements of such owner, or otherwise injuriously affecting such other lands, buildings or tenements by the exercise of the powers of this Act.

XLVII. And it is enacted, that where the compensation payable in respect of any lands, buildings or premises, or any interest therein, shall have been ascertained by the valuation of a Surveyor and deposited as hereafter provided by reason that the owner of or party entitled to convey such lands, buildings and tenements, or such interest therein as aforesaid, could not be found or was absent, and such owner or party shall be dissatisfied with such valuation it shall be lawful for him before he shall have applied as hereinafter provided for payment or investment of the monies so deposited under the provisions herein contained, by notice in writing to the said Commissioners to require the question of such compensation to be submitted to arbitration, and thereupon the same shall be so submitted accordingly in the same manner as in other cases of disputed compensation hereinbefore authorized or required to be submitted to arbitration.

XLVIII. And it is enacted, that the question to be submitted to the arbitrators in the case last aforesaid shall be whether the said sum so deposited as aforesaid by the said Commissioners was a sufficient sum, or whether any and what further sum ought to be paid or deposited by them.

XLIX. And it is enacted, that if the arbitrators shall award a further sum to be paid or deposited by the said Commissioners they shall pay or deposit, as the case may require, such further sum within fourteen days after the making of such award, or in default thereof the same may be recovered with costs by action or suit in the said Supreme Court.

L. And it is enacted, that if the arbitrators shall determine that the sum so paid or deposited was sufficient the costs of and incident to such arbitration to be determined by the arbitrators, shall be in the discretion of the arbitrators, but if the arbitrators shall determine that a further sum ought to be paid or deposited by the said Commissioners all the costs of and incident to the arbitration shall be borne by the said Commissioners.

LI. And it is enacted, that if any party shall be entitled to any compensation in respect of any lands, buildings or tenements, or of any interest therein which shall have been taken for or injuriously affected by the execution of the works of the said Commissioners, and for which the said Commissioners shall not have made satisfaction under the provisions of this Act, such party may have the same settled either by arbitration or by the

verdict of a jury as he shall think fit; and if the said party desire to have the same settled by arbitration it shall be lawful for him to give notice in writing to the said Commissioners of such his desire, stating in such notice the nature of the interest in such lands, buildings or tenements in respect of which he claims compensation and the amount of the compensation so claimed therein, and unless the said Commissioners, be willing to pay the amount of the compensation so claimed, and shall enter into a written agreement for that purpose within twenty-one days after the receipt of any such notice from any party so entitled, the same shall be settled by arbitration in the manner herein provided, or if the party so entitled as aforesaid desire to have such question of compensation settled by jury it shall be lawful for him to give notice in writing of such his desire to the said Commissioners, stating such particulars as aforesaid, and unless the said Commissioners be willing to pay the amount of compensation so claimed and enter into a written agreement for that purpose, they shall within twenty-one days after the receipt of such notice issue their warrant to the Sheriff to summon a jury for settling the same in the manner herein provided, and in default thereof they shall be liable to pay to the party so entitled as aforesaid the amount of the compensation so claimed, and the same may be recovered by him by action of debt or on the case in the said Supreme Court.

LII. And it is enacted, that so soon as the amount of the purchase money or compensation to be paid by the said Commissioners in respect of any lands, houses, tenements or hereditaments, or any interest therein, shall be ascertained, fixed, awarded or settled in any of the modes sanctioned and appointed by this Act as aforesaid, if the said lands, houses, tenements or hereditaments shall have been purchased or taken by the said Commissioners from any person or persons not entitled to sell or convey the same except under the provisions of this Act as being tenant for life or in tail, married women, guardian, committee, trustee, executor or administrator, or person having a partial or qualified interest therein, or who shall refuse to accept such purchase money or compensation, or neglect or fail to make out a title to such lands, houses, tenements or hereditaments, or to the interest therein claimed by him to the satisfaction of the said Commissioners, or shall refuse to convey or release the same, or shall be absent from the Presidency of Bengal, or cannot after diligent enquiry be found, the said Commissioners are hereby empowered and required forthwith to invest the said purchase money or amount of compensation in some of the Securities or Promissory Notes of the East India Company, commonly called Company's Paper, at the current price of the day, and to deposit the same with the Government Agent at Fort William aforesaid, in the name and with the privity of the Accountant General of the said Supreme Court to be placed by him to the account of such Accountant General to the credit of the parties interested, or who may be or become interested in such lands, houses, tenements or hereditaments, describing both them and the said parties so far as the said Commissioners can do pursuant to the course of proceeding in the said Court under the Rules, Orders and Regulations of the said Court, regarding monies paid into the said Court in matters and causes depending before it on its Equity side, and such Securities shall remain so deposited and the interest thereon shall be regularly received by the said Government Agent and credited to the said account, and when and so often as the said interest so received by the said Government Agent shall amount to a sufficient sum for that purpose such interest shall be invested by the said Government Agent from time to time in other such Securities as aforesaid, and such monies, principal and interest, shall remain so invested and deposited until the same be applied under the authority of the said Court upon the petition of the party who would have been entitled to the rents and profits of the lands, houses, tenements and hereditaments in respect of which such monies shall have been deposited to some one or more of the following purposes, that is to say—In the discharge of any debt or incumbrance affecting the lands, tenements and hereditaments in respect of which such money shall have been paid or affecting other lands settled therewith to the same, or the like uses, trusts or purposes, or in the purchase of other lands, tenements or hereditaments to be conveyed, limited and settled upon the like uses, trusts and purposes, and in the same manner as the lands, tenements or hereditaments in respect of which such money shall have been paid, stood settled, or if such money shall be paid in respect of any buildings taken under the authority of this Act, or injured by the proximity of the works in removing or replacing such buildings or substituting others in their stead, or in payment to any person who shall become absolutely entitled to such money, and until such monies can or shall be so applied, the interest, dividends and annual proceeds of such Company's Paper shall and may upon the like petition and order be paid to the party or parties who would for the time being have been entitled to receive the rents and profits of the said lands, houses, tenements and hereditaments.

LIII. And it is enacted, that where any purchase money or compensation paid as aforesaid under the provisions of this Act shall have been paid in respect of any lease for a life or lives, or years, or any estate in lands, tenements or hereditaments less than the whole fee simple thereof, or in respect of any reversion dependent on any such lease or estate, it shall be lawful for the said Supreme Court on the petition of any party interested in such money to order that the same shall be laid out, invested, accumulated and paid in such manner as the said Court may consider will give to the parties interested in such money the same benefit therefrom as they might lawfully have had from the lease, estate or reversion in respect of which such money shall have been paid or as near thereto as may be.

LIV. And it is enacted, that upon payment or deposit in manner hereinbefore mentioned of the purchase money or compensation agreed or awarded to be paid in respect of any lands, tenements or hereditaments purchased or taken by the said Commissioners under the provisions of this Act, the owners of and all parties by this Act enabled to sell or convey such lands, tenements and hereditaments shall when required so to do by the said Commissioners, duly convey such lands to the said Commissioners, or as they shall direct, and in default thereof, or if such party fail to adduce a good title to such lands, tenements and hereditaments to the satisfaction of the said Commissioners it shall be lawful for the said Commissioners if they think fit to execute a deed of sale under their common seal, con-

taining a description of the lands, tenements and hereditaments in respect of which such default shall be made, and reciting the purchase or taking thereof, and the names of the parties from whom the same were purchased or taken, and the payment made in respect thereof, and declaring the fact of such default having been made, and thereupon all the estate and interest in such lands, tenements and hereditaments of, or capable of being sold and conveyed by the party with whom the said Commissioner shall have made such agreement, or to whom such purchase money or compensation shall have been awarded by a jury or by arbitrators, or by a Surveyor appointed by any Magistrate or Magistrates, or as hereinbefore provided shall vest absolutely in the said Commissioners, and as against such parties and all parties on behalf of whom they are hereinbefore enabled to sell and convey the said Commissioners shall be entitled to immediate possession of such lands, tenements and hereditaments.

LV. And it is enacted, that if the owner of any such lands, tenements and hereditaments purchased or taken by the said Commissioners, or of any interest therein, on tender of the purchase money or compensation agreed or awarded to be paid in respect thereof, shall refuse to accept the same, or neglect or fail to make out a title to such lands, tenements and hereditaments, or to the interest therein claimed by him to the satisfaction of the said Commissioners, or if he refuse to convey or release such lands, tenements and hereditaments as directed and required by the said Commissioners, or if any such owner be absent from the Presidency of Bengal, or cannot after diligent inquiry be found or fail to appear on the inquiry before a jury as hereinbefore provided, it shall be lawful for the said Commissioners to place the purchase money or compensation payable in respect of such lands, tenements and hereditaments, or any interest therein to the credit of the parties interested in such lands, tenements and hereditaments (the said parties being described so far as the said Commissioners can describe them) subject to the control and disposition of the said Supreme Court, and it shall be lawful for the said Commissioners if they shall think fit to execute a deed of sale under their common seal containing a description of the lands, tenements and hereditaments in respect whereof such purchase money or compensation shall have been placed to credit, and declaring the circumstances under which and the names of the parties to whose credit such purchase money or compensation shall have been placed, and thereupon all the estate and interest in such lands, tenements and hereditaments of the parties for whose use and in respect whereof such purchase money or compensation shall have been placed to credit, shall vest absolutely in the said Commissioners and as against such parties they shall be entitled to immediate possession of such lands, tenements and hereditaments.

LVI. And it is enacted, that upon the application by petition of any party making claim to the money so placed to credit as last aforesaid, or any part thereof, or to the lands, buildings or tenements in respect whereof the same shall have been so placed to credit, or any part of such lands, buildings or tenements, or any interest in the same the said Supreme Court on its Equity side may in a summary way as to the said Court shall seem fit, order such money to be laid out or invested in Company's Paper and deposited as aforesaid with the said Government Agent, and may order distribution thereof or payment of the interest thereof according to the respective estates, titles or interests of the parties making claim to such money, lands, buildings or tenements, or any part thereof, and may make such other order in the premises as to the said Court shall seem just.

LVII. And it is enacted, that the said Commissioners shall not be deemed necessary or competent parties to any such proceeding in the said Supreme Court, but that due notice shall be given according to the course and practice of the said Court in matters before it by summary petition by the party or parties petitioning to all other parties interested to whom it shall be competent to appear in such summary suit to defend and maintain their respective right and interests.

LVIII. And it is enacted, that the said Commissioners may with the consent of the said Governor sell and dispose of any lands or tenements vested in them by virtue of this Act, or any part thereof either together or in parcels as they may find most convenient and advantageous and the money to arise and to be produced by such sale shall be applied to such of the purposes of this Act or Act No. XVI. of 1847, as the said Commissioners shall think fit, and the purchaser of such lands or tenements shall not be answerable or accountable for any misapplication or non-application of such purchase money; and for the completing and carrying any such sale into effect the said Commissioners may make and execute a conveyance of the lands and tenements sold and disposed of as aforesaid unto the purchaser thereof and such conveyance shall be under the common seal of the said Commissioners.

LIX. And it is enacted, that in every conveyance of lands to be made by the said Commissioners under this Act the word "grant" shall operate as express covenants by the said Commissioners for themselves and their successors with the respective grantees therein named, and their Successors, Heirs, Executors, Administrators or Assigns, as the case may be, according to the quality and nature of such grants, and of the estate or interest therein expressed to be thereby conveyed as follows except as far as the same shall be restrained or limited by express words contained in any such conveyance (that is to say) A covenant that notwithstanding any act or default done by the said Commissioners, they were at the time of the execution of such conveyance under and by virtue of the provisions of this Act possessed of the lands or premises granted thereby for an indefeasible estate of inheritance in fee simple free from all encumbrances done or occasioned by them or otherwise for such estate or interest as therein expressed to be thereby granted free from encumbrances done or occasioned by them.

LX. And in order to raise money for defraying the expenses incurred or to be incurred by the said Commissioners in carrying into effect the provisions of this Act or of Act No. XVI. of 1847, it is enacted, that it shall be lawful for the said Commissioners, and they are hereby authorized subject in each case to the approval of the Governor aforesaid to be signified in writing, to borrow and take up at interest on the credit of the rates, taxes and duties authorized to be made, levied and received by the said Commissioners from any person who shall be willing to advance the same the sum and sums of money necessary for defraying the costs, charges and expenses incurred or to be incurred by the said Commissioners in carrying into effect with the least possible delay the pro-

visions of this Act or of Act No. XVI of 1847, and for securing the repayment of such sum or sums of money with such interest thereon as shall be agreed upon between the said Commissioners, and the person or persons lending or advancing the same, the said Commissioners may mortgage and assign over the said rates, taxes, tolls and duties, or any part thereof to the person or persons who shall advance such money, or to a Trustee or Trustees on his or their behalf as security for the money so to be borrowed, together with interest upon the same, and no assessment, tax, toll or duty over which any such mortgage shall have been granted shall be repealed in whole or in part until such mortgage shall be paid off unless by the consent in writing of such mortgagee.

LXI. And it is enacted, that in order to discharge the principal money of any such sum or sums of money as shall be borrowed on security of the assessments, taxes and duties aforesaid, it shall be lawful for the said Commissioners, and they are hereby authorized and required yearly and every year to deduct, appropriate and set apart, and apply out of the rates aforesaid such a sum of money as shall be in proportion to one-thirtieth part of the money borrowed or secured, and which at that time shall remain due and secured as aforesaid upon the said assessments, taxes and duties as and for a Sinking Fund to be applied in paying off and discharging the principal monies so borrowed or secured, and from time to time cause the amount of such Sinking Fund to be invested in the Securities of the East India Company called Company's Paper, and such Company's Paper to be deposited from time to time in the hands of the Government Agent, who is hereby empowered and required to increase the same by investing the interest payable thereon as the same shall become due and payable in the purchase of other Company's Paper, and so on from time to time so that the said Sinking Fund shall accumulate at compound interest until the same shall be of sufficient amount to pay off the said principal debts, or one of them or some part of some one of them at which time the same shall be so applied in paying off the same in manner hereinafter mentioned.

LXII. And it is enacted, that every mortgage of assessments, taxes and duties authorized to be made under the provisions of this Act shall be by deed in which the consideration shall be truly stated, and every such deed shall be under the common seal of the said Commissioners, and signed by three of them at the least at one of their annual, quarterly or special meetings and may be according to the form in the Schedule [A] to this Act annexed, or to the like effect, and the respective mortgagees shall be entitled one with another to their respective proportions of the assessments, taxes, tolls and duties comprised in such mortgages according to the respective sums which in such mortgages are mentioned to be advanced by such mortgagees respectively, and to be repaid the sums so advanced with interest without any preference one above another by reason of priority of advance, or of the date of any such mortgage respectively.

LXIII. And it is enacted, that the expenses of every mortgage shall from time to time be defrayed by the said Commissioners out of the money raised by the same.

LXIV. And it is enacted, that a Register of all the said mortgages shall be kept by the Clerk of the said Commissioners, and within fourteen days after the date of any mortgage an entry or memorial specifying the number and date of such mortgage, and the sum secured thereby and the names of the parties thereto with their proper additions shall be made in the said Register, and the said Register may be perused at all reasonable times by any mortgagee or by any person interested in any such mortgage without fee or reward.

LXV. And it is enacted, that from time to time any party entitled to any such mortgage may transfer his right and interest therein to any other person, and every such transfer shall be by deed wherein the consideration shall be truly stated, and every such transfer may be according to the form in the Schedule B to this Act annexed or to the like effect.

LXVI. And it is enacted, that within thirty days after the date of every such transfer if executed within the territories subject to the Government of the East India Company, or otherwise, within thirty days after the arrival thereof within the said territories, it shall be produced to the said Clerk, and thereupon the said Clerk shall make an entry or memorial thereof in the Register aforesaid in the same manner as in the case of an original mortgage, and for such entry the said Clerk may demand and receive a fee not exceeding Two Rupees, and after such entry every such transfer shall entitle the transferee, his Executors, Administrators and Assigns to the full benefit of the original mortgage, and the principal and interest secured thereby, and such transferee may in like manner assign or transfer the same again and toties quoties, and it shall not be in the power of any person except the person to whom the said mortgage shall have been last transferred, his Executors, or Administrators or Assigns to make void, release or discharge the original mortgage, or the monies due thereon or secured thereby.

LXVII. And it is enacted, that from and after the payment or satisfaction of all the principal and interest of monies secured by any mortgage made under the powers of this Act all the estate, property, right and interest by such mortgage vested in the mortgagee, his Heirs, Executors, Administrators or Assigns shall without any transfer or release, or any other act or deed whatsoever immediately cease and determine.

LXVIII. And in order that no undue preference may be given in paying off any mortgages it is enacted, that whenever the said Commissioners shall be enabled to pay off one or more out of the number of the said mortgages, or a part of the money secured on any such mortgage, they shall decide the order in which such mortgages shall be paid off by lot or ballot, and shall cause a notice signed by their Clerk to be given to the person entitled to the money to be paid off pursuant to such lot or ballot, and such notice shall express the principal sum proposed to be paid off, and that the same will be paid together with the interest due thereon, at the office of the Clerk of the said Commissioners on a day and at an hour to be specified at the expiration of six months from the date of giving such notice.

LXIX. And it is enacted, that the said Commissioners may if they think proper fix a period for the repayment of the whole of the principal money borrowed on any one mortgage under the provisions of this Act with the interest thereon, and in such case the said Commissioners shall cause such period to be inserted in the mortgage deed, and upon the expiration of such period the said principal sum, together with the arrears of interest thereon, shall on demand be paid to the party entitled to receive such principal sum and

interest, and if no other place of payment be inserted in such mortgage deed such principal and interest shall be payable at the office of the Clerk of the said Commissioners.

LXX. And it is enacted, that if no time be fixed in the mortgage deed for the repayment of the money so borrowed the party entitled to receive such money may at the expiration, or at any time after the expiration of twelve months from the date of such mortgage, demand payment of the principal sum thereby secured, with all arrears of interest, upon giving six months previous notice for that purpose, and in the like case the said Commissioners may at any time pay off the money borrowed on giving the like notice, and every such notice shall be in writing or print; or partly in writing and partly in print, and if given by a mortgagee or creditor shall be delivered to the Clerk aforesaid or left at his office, and if given by the said Commissioners shall be given either personally to such mortgagee or creditor, or left at his residence, or if his present residence be not known then at his last known place of abode, or if such mortgagee or creditor be unknown to the said Commissioners, or cannot be found after diligent inquiry and his last place of abode be unknown such notice shall be given by advertisement in the Calcutta Government Gazette, and once in each of three successive weeks in two of the Calcutta newspapers.

LXXI. And it is enacted, that if the said Commissioners shall have given notice in terms of this Act of their intention to pay off any such mortgage then at the expiration of such notice all further interest shall cease to be payable on such mortgage unless demand of payment be made pursuant to such notice, and unless on such demand being duly made the said Commissioners shall fail to pay the principal and interest then due on such mortgage.

LXXII. And it is enacted, that it shall be lawful for any mortgagee or other person entitled to receive payment of the money secured by any such mortgage to enforce the payment of the principal money and interest due thereon by applying for the appointment of a Receiver in the manner hereinafter provided, but in order to authorize the appointment of such Receiver the amount of money owing to the mortgagee or mortgagees or creditor or creditors by whom the application is made shall not be less than Ten Thousand Rupees.

LXXIII. And it is enacted, that if within six months after the principal money or any interest owing upon any such mortgage has become payable and after demand thereof in writing the same be not paid the mortgagee or other creditor as aforesaid (without prejudice to his right to sue for such principal money, together with all arrears of interest in any competent Court or Courts of Law or Equity) may if his debt amount to the sum of Ten Thousand Rupees alone, or, if his debt does not amount to that sum, in conjunction with other mortgagees whose debts being so in arrears after demand as aforesaid shall, together with his amount to the said sum, require the appointment of a Receiver by an application to be made as hereinafter provided.

LXXIV. And it is enacted, that every application for a Receiver shall be made to one or more Justices of Her Majesty's Supreme Court of Judicature at Fort William in Bengal, and on any such application it shall be lawful for such Justice or Justices by order in writing after hearing the parties to appoint a fit and proper person to receive the whole or a competent part of the rates and assessments, and to apply the same to the payment of such interest or principal and interest as the case may be, together with all costs, including the charges of receiving the rates and assessments until the said principal and interest, together with all such costs and charges be fully paid, and upon such appointment being made all such rates and assessments as aforesaid shall be paid to and received by the person so appointed who is hereby empowered to give good and sufficient discharges for the same, and the money so to be received shall be so much money received by or to the use of the party to whom such interest or such principal and interest as the case may be, shall be then due, and on whose behalf such Receiver shall have been appointed, and after such interest and costs, or such principal, interest and costs have been so received, the power of such Receiver shall cease.

Post Master General.

Fort William, Genl. Post Office,
The 24th July, 1847.

No. 966 *of* 1847.

General Department.

To W. TAYLER, Esquire,
Post Master General, Calcutta.

SIR.—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express." and to keep within the *limited weight of two tolas*; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail.) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.,

The Post Master General having been informed by the Court of Directors of the East India Company, that on and after the 1st June next, persons in this Country may forward private correspondence by the Government Express from Bombay to Calcutta and Madras, all persons desirous of availing themselves of this privilege, will be required to mark upon the covers of their letters the words "By Express from Bombay," and in addition to this special address, it will be necessary, that all letters intended to be forwarded by the way of Southampton, should be so endorsed as hitherto; the postage to be charged in India in the delivery of letters sent by this Express will be in addition to the ordinary Inland rates.

One Rupee for every letter not exceeding half a tola in weight.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolas in weight, two tolas being the maximum weight of letters to be conveyed by Express.

SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

SATURDAY, JANUARY 8, 1848.

Fort William, Home Department, Legislative, the 18th December, 1847.

The following Act passed by the Governor General of India in Council on the 18th of December, 1847, is hereby promulgated for general information:

ACT No. XXII. OF 1847.

To enable the Commissioners who may be appointed under Act XVI. of 1847 to purchase and hold real or personal property for the Improvement of the Town of Calcutta.

Whereas by Act XVI. of 1847, entitled an Act for constituting Commissioners for the Improvement of the Town of Calcutta, partly by appointment of the Government and partly by election of the Rate-payers, provision was made for the appointment and election of such Commissioners, or in default of election, for the appointment of the whole of such Commissioners:

And whereas it is expedient, that provision should be made to enable such Commissioners to purchase and hold real or personal property for the purposes aforesaid in manner hereinafter mentioned:

And whereas it is probable that benevolent and public spirited individuals, with the view of contributing to the improvement and adornment of the said Town may be desirous of settling real or personal property by Deed or Will upon such Commissioners:

I. It is therefore enacted, that the said Commissioners shall be Trustees for and on behalf of the Government of Fort William in Bengal, and of the inhabitants of Calcutta, and shall sue and be sued at Law and in Equity in Her Majesty's Supreme Court of Judicature at Fort William by the name of the Commissioners for the improvement of the Town of Calcutta, and shall have a common seal, and shall have power to take, purchase and hold lands, tenements, hereditaments, goods, chattels and other property, as such Trustees for the purposes aforesaid.

II. And it is enacted, that whenever it shall appear to the said Commissioners, or a majority of them, that it is necessary they should purchase any houses, buildings or grounds for the purposes aforesaid, the said Commissioners shall represent the same to the Governor of Bengal, and if he shall consent thereto, but not otherwise, shall enter into treaties for the purchase of such houses, buildings or grounds with the owners thereof, and in case they shall not be able to come to agreement with such owners or the amount of compensation shall not be settled by arbitration as hereinafter provided, then the said Commissioners shall apply to the Sheriff of Calcutta to summon a Jury, and the said Sheriff shall forthwith summon a Jury in manner hereinafter mentioned, to assess the price which the said Commissioners shall pay to the said owner or owners for the purchase of such houses, buildings and grounds with all appurtenances as aforesaid.

III. And whereas it is expedient to make provision for those cases in which the said Commissioners may be able to purchase lands, buildings or tenements by agreement: it is enacted, that it shall and may be lawful for the said Commissioners to agree with the owners of any lands, buildings or tenements by this Act authorized to be taken and which shall be required for the purposes of this Act, and with all parties having any estate or interest in such lands, buildings or tenements, or by this Act or by any other authority or power enabled to sell and convey the same, for the absolute purchase of any such lands, buildings or tenements, or such parts thereof as they shall think proper, and of all estates and interests in such lands of what kindsoever.

IV. And it is enacted, that it shall and may be lawful for all parties being seized, possessed of or entitled to any such lands, buildings or tenements, or any estate or interest therein, to sell and convey or release the same to the said Commissioners and to enter into all necessary agreements for that purpose, and particularly it shall be lawful for all or any of the following parties so seized, possessed or entitled as aforesaid so to sell, convey or release (that is to say) all corporations, tenants in tail, or for life, married women seized in their own right or entitled to dower, guardians, committees of lunatics and idiots, trustees or feofees in trust for charitable or other purposes, executors and administrators and all parties for the time being entitled to the receipt of the rents and profits of any such lands in possession, or subject to any estate in dower, or to any lease for life or for lives, or for years, or any less interest, and the power so to sell and convey or release as aforesaid,

may lawfully be exercised by all such parties not only on behalf of themselves and their respective Heirs, Executors, Administrators and Successors, but also for and on behalf of every person entitled in reversion, remainder or expectancy after them, or in defeasance of the estates of such parties, and as to such married women whether they be of full age or not as if they were sole and of full age, and as to such guardians on behalf of their wards, and as to such committee on behalf of the lunatics and idiots of whom they are the committees respectively, and that to the same extent as such wives, wards, lunatics and idiots respectively could have exercised the same power under the authority of this Act if they had respectively been under no disability, and as to such Trustees, Executors and Administrators on behalf of their cestuique trusts whether infants, issue unborn, lunatics, femes covert or other persons, and that to the same extent as such cestuique trusts respectively could have exercised the same powers under the authority of this Act if they had respectively been under no disability.

V. And it is enacted, that the purchase money consideration or compensation to be paid or given for any lands, buildings or tenements to be purchased or taken from any party under any disability or incapacity, and not having any power to sell or convey such lands except under the provisions of this Act, and the compensation to be paid for any permanent damage or injury to any such lands, buildings or tenements, shall in all cases be determined by the verdict of a jury to be summoned as hereinafter provided.

VI. XLIX. And it is enacted, that if the arbitrators shall award a further sum to be paid or deposited by the said Commissioners they shall pay or deposit, as the case may require, such further sum within fourteen days after the making of such award, or in default thereof the same may be recovered with costs by action or suit in the said Supreme Court.

LXVIII. And in order that no undue preference may be given in paying off any mortgages it is enacted, that whenever the said Commissioners shall be enabled to pay off one or more out of the number of the said mortgages, or a part of the money secured on any such mortgage, they shall decide the order in which such mortgages shall be paid off by lot or ballot, and shall cause a notice signed by their Clerk to be given to the person entitled to the money to be paid off pursuant to such lot or ballot, and such notice shall express the principal sum proposed to be paid off, and that the same will be paid together with the interest due thereon, at the office of the Clerk of the said Commissioners on a day and at an hour to be specified at the expiration of six months from the date of giving such notice.

LXIX. And it is enacted, that the said Commissioners may if they think proper fix a period for the repayment of the whole of the principal money borrowed on any one mortgage under the provisions of this Act with the interest thereon, and in such case the said Commissioners shall cause such period to be inserted in the mortgage deed, and upon the expiration of such period the said principal sum, together with the arrears of interest thereon, shall on demand be paid to the party entitled to receive such principal sum and

interest, and if no other place of payment be inserted in such mortgage deed such principal and interest shall be payable at the office of the Clerk of the said Commissioners.

LXX. And it is enacted, that if no time be fixed in the mortgage deed for the repayment of the money so borrowed the party entitled to receive such money may at the expiration, or at any time after the expiration of twelve months from the date of such mortgage, demand payment of the principal sum thereby secured, with all arrears of interest, upon giving six months previous notice for that purpose, and in the like case the said Commissioners may at any time pay off the money borrowed on giving the like notice, and every such notice shall be in writing or print; or partly in writing and partly in print, and if given by a mortgagee or creditor shall be delivered to the Clerk aforesaid or left at his office, and if given by the said Commissioners shall be given either personally to such mortgagee or creditor, or left at his residence, or if his present residence be not known then at his last known place of abode, or if such mortgagee or creditor be unknown to the said Commissioners, or cannot be found after diligent inquiry and his last place of abode be unknown such notice shall be given by advertisement in the Calcutta Government Gazette, and once in each of three successive weeks in two of the Calcutta newspapers.

LXXI. And it is enacted, that if the said Commissioners shall have given notice in terms of this Act of their intention to pay off any such mortgage then at the expiration of such notice all further interest shall cease to be payable on such mortgage unless demand of payment be made pursuant to such notice, and unless on such demand being duly made the said Commissioners shall fail to pay the principal and interest then due on such mortgage.

LXXII. And it is enacted, that it shall be lawful for any mortgagee or other person entitled to receive payment of the money secured by any such mortgage to enforce the payment of the principal money and interest due thereon by applying for the appointment of a Receiver in the manner hereinafter provided, but in order to authorize the appointment of such Receiver the amount of money owing to the mortgagee or mortgagees or creditor or creditors by whom the application is made shall not be less than Ten Thousand Rupees.

LXXIII. And it is enacted, that if within six months after the principal money or any interest owing upon any such mortgage has become payable and after demand thereof in writing the same be not paid the mortgagee or other creditor as aforesaid (without prejudice to his right to sue for such principal money, together with all arrears of interest in any competent Court or Courts of Law or Equity) may if his debt amount to the sum of Ten Thousand Rupees alone, or, if his debt does not amount to that sum, in conjunction with other mortgagees whose debts being so in arrears after demand as aforesaid shall, together with his amount to the said sum, require the appointment of a Receiver by an application to be made as hereinafter provided.

LXXIV. And it is enacted, that every application for a Receiver shall be made to one or more Justices of Her Majesty's Supreme Court of Judicature at Fort William in Bengal, and on any such application it shall be lawful for such Justice or Justices by order in writing after hearing the parties to appoint a fit and proper person to receive the whole or a competent part of the rates and assessments, and to apply the same to the payment of such interest or principal and interest as the case may be, together with all costs, including the charges of receiving the rates and assessments until the said principal and interest, together with all such costs and charges be fully paid, and upon such appointment being made all such rates and assessments as aforesaid shall be paid to and received by the person so appointed who is hereby empowered to give good and sufficient discharges for the same, and the money so to be received shall be so much money received by or to the use of the party to whom such interest or such principal and interest as the case may be, shall be then due, and on whose behalf such Receiver shall have been appointed, and after such interest and costs, or such principal, interest and costs have been so received, the power of such Receiver shall cease.

NOTICE.—With reference to the London Post Master General's Notification regarding the rates of postage to be charged upon Letters received from Bombay by the Government Express, which was published with a notice from this Office of yesterday's date, the following Letter since received from the Post Master General of Bombay on the subject, is also published for general information.

No. 966 of 1847.
General Department.

To W. TAYLER, Esquire,
Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas;* and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.,

2.—Parties must tender for each division separately, and be prepared for the acceptance of their offer for one division, and its rejection in another. No general tender will be accepted, but the same party may tender for both descriptions of fuel, and for more than one Division, specifying separately the rate for each. The tenders must specify the rate per hundred bazar maunds of Coal or Wood.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality, and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which, with the exception of two maunds, will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, and recently felled, of the heaviest and best quality procurable, either of the trunks of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 to 15 inches; and both coal and wood must be protected from the rain and the coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractor will be required under penalty to maintain constantly in store fuel for three months estimated consumption. The Government will not be pledged however, to take monthly or yearly the entire estimated quantity, as circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated may be insufficient; and the Contractor will be required to undertake that in such cases he will on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present estimate, and on the same terms of contract.

6.—The Clause requiring that fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the contract, but at the expiration of the contract, Government will take over or transfer to new Contractors such quantity or quantities of fuel as may remain in the Depots to the extent of two months' supply at the contract price.

7.—Should the Contractor fail to provide coal equal to the muster, or wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved fuel at the expense of the Contractor.

8.—Government will advance to the Contractor, under approved security, one half of the estimated outlay for fuel for one year, and will further on the production of receipts from Commanders of the Steamers for fuel delivered on board their respective vessels by the Contractor pay one quarter of the contract price of the fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of fuel than shall on winding up the year's account appear to have been supplied the excess, shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractor on account of Monies paid to him, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of fuel supplied by him or be otherwise recoverable as a debt.

9.—Wood will not be received on Board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of wood instead of coal, the Contractor for coal shall be debited with the contract price of five maunds of wood for every maund of coal he may fail to supply. Should the Contractor for wood fail in his supply, and the Government Boat be obliged to consume coal instead, the Contractor shall for every maund of wood not supplied, pay to Government eight annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10.—The Party whose Tender is accepted, will be required to enter into the usual Penalty bond for the due fulfilment of his engagement.

By order of the Superintendent of Marine.

CONDITIONS OF SALE.

1st.—The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2d.—The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price; except under the circumstances for which provision is made by Clause 12th of the Conditions of Sale.

3d.—The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M; but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a public Holiday.) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or, if the quantity of 2,610 Chests shall not be sold on the day advertized, the Board may dispose of the Lots which remain on hand at a future Sale.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 25 per Cent. even money of the amount for which each lot is knocked down, shall be made by the purchaser in the Sale Room, and before the lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the Purchasers at this Office, by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 26th January, 1848; or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times, and under such conditions of re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 26th January, 1848, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th.—No Tender of Money, Sub-Treasurer's Receipts, or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 26th January, 1848, will be afterwards accepted.

8th.—The Opium now advertised for Sale shall be paid for within fifteen clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday the 8th February, 1848, and in case any lots of such Opium shall not be so paid for, and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or any Public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium shall think fit, and the first Purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale, and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9th.—Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities. under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the Purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such Purchaser, and the Securities so deposited will be returned when the clearance has been made by the said Purchaser or his order.

11th.—The Officer Superintending the Sale, on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time, a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid.

12th.—With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government Superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bonâ fide bidder for a lot, after it has been offered for Sale in the mode here described, shall be held and declared to be the Purchaser of the said lot, and the Officer of Government Superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees, specified in the 2d Clause of these Conditions.

13th.—The Purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of twenty-five lots, and for the lots so purchased, the Purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, and pay the same price per chest as that for which he purchased his first lot; provided always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William, in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1—Certificate of the Opium now advertized for Sale.

No. 2—Report of the Examination of such Opium.

16th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1846-47, the same precautions having been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake.

An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the dispatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Any further information respecting weight or quality of the Opium advertized for sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium; but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug which may be preferred in reference to chests after the sale and delivery of the Opium for shipment.

18th.—The Public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1846-47, will be brought to sale in the present season on or about the dates specified below:—

General Department.

To W. TAYLER, Esquire,
Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas;* and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail.) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.,

GENERAL POST OFFICE, MAY 1847.

The Post Master General having been informed by the Court of Directors of the East India Company, that on and after the 1st June next, persons in this Country may forward private correspondence by the Government Express from Bombay to Calcutta and Madras, all persons desirous of availing themselves of this privilege, will be required to mark upon the covers of their letters the words "By Express from Bombay," and in addition to this special address, it will be necessary, that all letters intended to be forwarded by the way of Southampton, should be so endorsed as hitherto; the postage to be charged in India in the delivery of letters sent by this Express will be in addition to the ordinary Inland rates.

One Rupee for every letter not exceeding half a tola in weight.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolas in weight, two tolas being the maximum weight of letters to be conveyed by Express.

On Newspapers, each Newspaper Office in Calcutta and Madras, will be allowed to receive two Newspapers at the ordinary rates of Inland postage, on all other Newspapers forwarded by Express a postage of five Rupees each will be charged, and no Newspaper will be received for the Express exceeding three tolas in weight.

N. B. One tola and a quarter is nearly equivalent to half an ounce avoirdupoise.

2.—Parties must tender for each division separately, and be prepared for the acceptance of their offer for one division, and its rejection in another. No general tender will be accepted, but the same party may tender for both descriptions of fuel, and for more than one Division, specifying separately the rate for each. The tenders must specify the rate per hundred bazar maunds of Coal or Wood.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality, and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which, with the exception of two maunds, will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, and recently felled, of the heaviest and best quality procurable, either of the trunks of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 to 15 inches; and both coal and wood must be protected from the rain and the coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractor will be required under penalty to maintain constantly in store fuel for three months estimated consumption. The Government will not be pledged however, to take monthly or yearly the entire estimated quantity, as circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated may be insufficient; and the Contractor will be required to undertake that in such cases he will on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present estimate, and on the same terms of contract.

6.—The Clause requiring that fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the contract, but at the expiration of the contract, Government will take over or transfer to new Contractors such quantity or quantities of fuel as may remain in the Depots to the extent of two months' supply at the contract price.

7.—Should the Contractor fail to provide coal equal to the muster, or wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved fuel at the expense of the Contractor.

8.—Government will advance to the Contractor, under approved security, one half of the estimated outlay for fuel for one year, and will further on the production of receipts from Commanders of the

Steamers for fuel delivered on board their respective vessels by the Contractor pay one quarter of the contract price of the fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of fuel than shall on winding up the year's account appear to have been supplied the excess, shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractor on account of Monies paid to him, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of fuel supplied by him or be otherwise recoverable as a debt.

9.—Wood will not be received on Board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of wood instead of coal, the Contractor for coal shall be debited with the contract price of five maunds of wood for every maund of coal he may fail to supply. Should the Contractor for wood fail in his supply, and the Government Boat be obliged to consume coal instead, the Contractor shall for every maund of wood not supplied, pay to Government eight annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10.—The Party whose Tender is accepted, will be required to enter into the usual Penalty bond for the due fulfilment of his engagement.

By order of the Superintendent of Marine.

The 6th January, 1848. JAS. SUTHERLAND, *Secretary.*

CONDITIONS OF SALE.

1st.—The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2d —The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price; except under the circumstances for which provision is made by Clause 12th of the Conditions of Sale.

3d.—The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M; but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a public Holiday.) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or, if the quantity of 2,610 Chests shall not be sold on the day advertized, the Board may dispose of the Lots which remain on hand at a future Sale.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 25 per Cent. even money of the amount for which each lot is knocked down, shall be made by the purchaser in the Sale Room, and before the lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the Purchasers at this Office, by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 26th January, 1848; or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times, and under such conditions of re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 26th January, 1848, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th.—No Tender of Money, Sub-Treasurer's Receipts, or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 26th January, 1848, will be afterwards accepted.

8th.—The Opium now advertised for Sale shall be paid for within fifteen clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday the 8th February, 1848, and in case any lots of such Opium shall not be so paid for, and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or any Public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium shall think fit, and the first Purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale, and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9th —Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities, under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the Purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such Purchaser, and the Securities so deposited will be returned when the clearance has been made by the said Purchaser or his order.

11th.—The Officer Superintending the Sale, on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time, a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid.

12th.—With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government Superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bonâ fide bidder for a lot, after it has been offered for Sale in the mode here described, shall be held and declared to be the Purchaser of the said lot, and the Officer of Government Superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper;

provided always, that no lot shall be sold below the minimum price of 400 Rupees, specified in the 2d Clause of these Conditions.

13th.—The Purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of twenty-five lots, and for the lots so purchased, the Purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, and pay the same price per chest as that for which he purchased his first lot; provided always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William, in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1—Certificate of the Opium now advertized for Sale.

No. 2—Report of the Examination of such Opium.

16th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1846-47, the same precautions having been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake.

An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the dispatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Any further information respecting weight or quality of the Opium advertized for sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium; but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug which may be preferred in reference to chests after the sale and delivery of the Opium for shipment.

NOTICE.—With reference to the London Post Master General's Notification regarding the rates of postage to be charged upon Letters received from Bombay by the Government Express, which was published with a notice from this Office of yesterday's date, the following Letter since received from the Post Master General of Bombay on the subject, is also published for general information.

W. TAYLER,

Post Master General.

Fort William, Genl. Post Office, The 24th July, 1847.

No. 966 *of* 1847.

General Department.

To W. TAYLER, Esquire,

Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their

Correspondents to mark "per Express," and to keep within the *limited weight of two tolas*; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.

NOTICE.—The following Notice of the Post Master General of London, received through the Post Master General of Bombay, is published for general information.

W. Tayler, *Post Master Genl.*

Calcutta, Genl. Post Office,
the 23d July, 1847.

General Post Office, May 1847.

The Post Master General having been informed by the Court of Directors of the East India Company, that on and after the 1st June next, persons in this Country may forward private correspondence by the Government Express from Bombay to Calcutta and Madras, all persons desirous of availing themselves of this privilege, will be required to mark upon the covers of their letters the words "By Express from Bombay," and in addition to this special address, it will be necessary, that all letters intended to be forwarded by the way of Southampton, should be so endorsed as hitherto; the postage to be charged in India in the delivery of letters sent by this Express will be in addition to the ordinary Inland rates.

One Rupee for every letter not exceeding half a tola in weight.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolas in weight, two tolas being the maximum weight of letters to be conveyed by Express.

On Newspapers, each Newspaper Office in Calcutta and Madras, will be allowed to receive two Newspapers at the ordinary rates of Inland postage, on all other Newspapers forwarded by Express a postage of five Rupees each will be charged, and no Newspaper will be received for the Express exceeding three tolas in weight.

N. B. One tola and a quarter is nearly equivalent to half an ounce avoirdupoise.

2.—Parties must tender for each division separately, and be prepared for the acceptance of their offer for one division, and its rejection in another. No general tender will be accepted, but the same party may tender for both descriptions of fuel, and for more than one Division, specifying separately the rate for each. The tenders must specify the rate per hundred bazar maunds of Coal or Wood.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality, and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which, with the exception of two maunds, will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, and recently felled, of the heaviest and best quality procurable, either of the trunks of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 to 15 inches; and both coal and wood must be protected from the rain and the coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractor will be required under penalty to maintain constantly in store fuel for three months estimated consumption. The Government will not be pledged however, to take monthly or yearly the entire estimated quantity, as circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated may be insufficient; and the Contractor will be required to undertake that in such cases he will on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present estimate, and on the same terms of contract.

6.—The Clause requiring that fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the contract, but at the expiration of the contract, Government will take over or transfer to new Contractors such quantity or quantities of fuel as may remain in the Depots to the extent of two months' supply at the contract price.

7.—Should the Contractor fail to provide coal equal to the muster, or wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved fuel at the expense of the Contractor.

8.—Government will advance to the Contractor, under approved security, one half of the estimated outlay for fuel for one year, and will further on the production of receipts from Commanders of the

Steamers for fuel delivered on board their respective vessels by the Contractor pay one quarter of the contract price of the fuel so delivered; and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of fuel than shall on winding up the year's account appear to have been supplied the excess, shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractor on account of Monies paid to him, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of fuel supplied by him or be otherwise recoverable as a debt.

9.—Wood will not be received on Board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of wood instead of coal, the Contractor for coal shall be debited with the contract price of five maunds of wood for every maund of coal he may fail to supply. Should the Contractor for wood fail in his supply, and the Government Boat be obliged to consume coal instead, the Contractor shall for every maund of wood not supplied, pay to Government eight annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10.—The Party whose Tender is accepted, will be required to enter into the usual Penalty bond for the due fulfilment of his engagement.

By order of the Superintendent of Marine.

The 6th January, 1848. JAS. SUTHERLAND, *Secretary.*

CONDITIONS OF SALE.

2d.—The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price; except under the circumstances for which provision is made by Clause 12th of the Conditions of Sale.

3d.—The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M; but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a public Holiday.) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or, if the quantity of 2,610 Chests shall not be sold on the day advertized, the Board may dispose of the Lots which remain on hand at a future Sale.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 25 per Cent. even money of the amount for which each lot is knocked down, shall be made by the purchaser in the Sale Room, and before the lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the Purchasers at this Office, by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 26th January, 1848; or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times, and under such conditions of re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 26th January, 1848, will be placed in the hands of the Attorney

to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th.—No Tender of Money, Sub-Treasurer's Receipts, or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 26th January, 1848, will be afterwards accepted.

M. of Tuesday the 8th February, 1848, and in case any lots of such Opium shall not be so paid for, and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or any Public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium shall think fit, and the first Purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale, and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9th.—Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities, under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the Purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such Purchaser, and the Securities so deposited will be returned when the clearance has been made by the said Purchaser or his order.

11th.—The Officer Superintending the Sale, on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time, a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid.

12th.—With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government Superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bonâ fide bidder for a lot, after it has been offered for Sale in the mode here described, shall be held and declared to be the Purchaser of the said lot, and the Officer of Government Superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees, specified in the 2d Clause of these Conditions.

13th.—The Purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of twenty-five lots, and for the lots so purchased, the Purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, and pay the same price per chest as that for which he purchased his first lot; provided always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William, in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1—Certificate of the Opium now advertized for Sale.

No. 2—Report of the Examination of such Opium.

16th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1846-47, the same precautions having been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake.

An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the dispatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four chests of Béhar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Any further information respecting weight or quality of the Opium advertized for sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium; but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug which may be preferred in reference to chests after the sale and delivery of the Opium for shipment.

18th.—The Public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1846-47, will be brought to sale:

NOTICE.—With reference to the London Post Master General's Notification regarding the rates of postage to be charged upon Letters received from Bombay by the Government Express, which was published with a notice from this Office of yesterday's date, the following Letter since received from the Post Master General of Bombay on the subject, is also published for general information.

No. 966 *of* 1847.

General Department.

To W. TAYLER, Esquire,
Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas;* and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.,

The Post Master General having been informed by the Court of Directors of the East India Company, that on and after the 1st June next, persons in this Country may forward private correspondence by the Government Express from Bombay to Calcutta and Madras, all persons desirous of availing themselves of this privilege, will be required to mark upon the covers of their letters the words "By Express from Bombay," and in addition to this special address, it will be necessary, that all letters intended to be forwarded by the way of Southampton, should be so endorsed as hitherto; the postage to be charged in India in the delivery of letters sent by this Express will be in addition to the ordinary Inland rates.

One Rupee for every letter not exceeding half a tola in weight.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolas in weight, two tolas being the maximum weight of letters to be conveyed by Express.

On Newspapers, each Newspaper Office in Calcutta and Madras, will be allowed to receive two Newspapers at the ordinary rates of Inland postage, on all other Newspapers forwarded by Express a postage of five Rupees each will be charged, and no Newspaper will be received for the Express exceeding three tolas in weight.

2.—Parties must tender for each division separately, and be prepared for the acceptance of their offer for one division, and its rejection in another. No general tender will be accepted, but the same party may tender for both descriptions of fuel, and for more than one Division, specifying separately the rate for each. The tenders must specify the rate per hundred bazar maunds of Coal or Wood.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality, and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which, with the exception of two maunds, will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, and recently felled, of the heaviest and best quality procurable, either of the trunks of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 to 15 inches; and both coal and wood must be protected from the rain and the coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractor will be required under penalty to maintain constantly in store fuel for three months estimated consumption. The Government will not be pledged however, to take monthly or yearly the entire estimated quantity, as circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated may be insufficient; and the Contractor will be required to undertake that in such cases he will on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present estimate, and on the same terms of contract.

6.—The Clause requiring that fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the contract, but at the expiration of the contract, Government will take over or transfer to new Contractors such quantity or quantities of fuel as may remain in the Depots to the extent of two months' supply at the contract price.

7.—Should the Contractor fail to provide coal equal to the muster, or wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved fuel at the expense of the Contractor.

8.—Government will advance to the Contractor, under approved security, one half of the estimated outlay for fuel for one year, and will further on the production of receipts from Commanders of the

Steamers for fuel delivered on board their respective vessels by the Contractor pay one quarter of the contract price of the fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is; that if on account of the first year advance has been made on a larger quantity of fuel than shall on winding up the year's account appear to have been supplied the excess, shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractor on account of Monies paid to him, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of fuel supplied by him or be otherwise recoverable as a debt.

9.—Wood will not be received on Board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of wood instead of coal, the Contractor for coal shall be debited with the contract price of five maunds of wood for every maund of coal he may fail to supply. Should the Contractor for wood fail in his supply, and the Government Boat be obliged to consume coal instead, the Contractor shall for every maund of wood not supplied, pay to Government eight annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10.—The Party whose Tender is accepted, will be required to enter into the usual Penalty bond for the due fulfilment of his engagement.

By order of the Superintendent of Marine.

The 6th January, 1848.

OPIUM.—Notice is hereby given, that on Monday, the 24th January, 1848, at the hour of Eleven o'Clock in the forenoon, will be put up to Sale at the Exchange Rooms, at Calcutta, and sold by Public Auction, for Exportation by Sea, the undermentioned quantity of Opium, the provision of 1846-47, subject to the following Conditions, viz.—

Produce of Behar Agency, ...	Chests	1,830
Ditto of Benares ditto,.....	„	780
Total Chests,...		2,610

CONDITIONS OF SALE.

1st.—The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2d.—The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price; except under the circumstances for which provision is made by Clause 12th of the Conditions of Sale.

3d.—The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M; but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or, if the quantity of 2,610 Chests shall not be sold on the day advertized, the Board may dispose of the Lots which remain on hand at a future Sale.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 25 per Cent. even money of the amount for which each lot is knocked down, shall be made by the purchaser in the Sale Room, and before the lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the Purchasers at this Office, by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 26th January, 1848; or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times, and under such conditions of re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 26th January, 1848, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th.—No Tender of Money, Sub-Treasurer's Receipts, or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 26th January, 1848, will be afterwards accepted.

8th.—The Opium now advertised for Sale shall be paid for within fifteen clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday the 8th February, 1848, and in case any lots of such Opium shall not be so paid for, and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or any Public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium shall think fit, and the first Purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale, and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9th.—Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities, under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the Purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such Purchaser, and the Securities so deposited will be returned when the clearance has been made by the said Purchaser or his order.

11th.—The Officer Superintending the Sale, on the part of the Board of Customs, Salt and Opium is empowered to reject at his discretion the

any individual, unless such individual shall, on demand, tender at the time, a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid.

12th.—With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government Superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bonâ fide bidder for a lot, after it has been offered for Sale in the mode here described, shall be held and declared to be the Purchaser of the said lot, and the Officer of Government Superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees, specified in the 2d Clause of these Conditions.

13th.—The Purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of twenty-five lots, and for the lots so purchased, the Purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, and pay the same price per chest as that for which he purchased his first lot; provided always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William, in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1—Certificate of the Opium now advertized for Sale.

No. 2—Report of the Examination of such Opium.

16th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1846-47, the same precautions having been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake.

An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the dispatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Any further information respecting weight or quality of the Opium advertized for sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium; but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug which may be preferred in reference to chests after the sale and delivery of the Opium for shipment.

18th.—The Public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1846-47, will be brought to sale in the present season on or about the dates specified below:—

SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

SATURDAY, JANUARY 22, 1848.

Fort William, Home Department, Legislative, the 22d January, 1848.

Resolution.—The following Act is brought up before the Legislative Council this day—The Right Hon'ble the Governor General in Council being desirous that no time should be lost in passing the Act, Resolved, that the Rule requiring a previous publication of two months or three months before the passing of any Act of the Government of India, be suspended in respect to the following proposed Act, and that it be reconsidered at the first Legislative meeting after the 3rd of March next.

Fort William, Home Department, Legislative, the 22d January, 1848.—The following Draft of a proposed Act was read in Council for the first time on the 22d January, 1848.

ACT No. —— OF 1848.

An Act for extending the jurisdiction of the Small Cause Court at Bombay, and for enabling a uniform mode of procedure to be adopted in Causes of small amount at Law and in Equity.

Preamble.

Whereas the Judges of the Supreme Court at Bombay have from time to time, under the powers vested in them by the Charter of Justice, framed divers wholesome rules of procedure by which causes at law of a certain amount have been enabled to be brought before the Judges sitting as a Small Cause Court in a simple and economic manner, to the great benefit of suitors and to the advancement of justice, and it is expedient that the jurisdiction thus exercised should be extended and should include certain causes in Equity and other matters wherein the ends of justice require summary procedure:

And whereas the powers of the Judges do not extend to the framing of rules by which the parties to a suit at law may be made examinable, or be compelled to give discovery on oath as in suits in Equity, and it is expedient that such powers should be conferred, and that a uniform procedure should be framed for the elicitation of the truth in all cases according to the methods which have been found most efficacious in practice:

And whereas it is very desirable that the rules of procedure should enable causes whether at Law or in Equity which do not require a prolonged judicial investigation to be disposed of summarily, and that on the other hand the amplest means should exist for bringing the facts in disputed cases fully before the Court so as to enable the decision to pass upon the merits and not upon mere technicalities, and the Small Cause Court at Bombay affords an opportunity of introducing such a system of procedure it is therefore enacted as follows:

Jurisdiction of the Small Cause Court.

I. The jurisdiction exercised by Her Majesty's Judges in the Small Cause Court at Bombay shall extend to all causes whether at Law or Equity where the subject matter claimed or in dispute does not exceed the value of One Thousand Company's Rupees, to all causes founded on Bills of Exchange, Hoondees, Accounts stated and signed, and other written securities for the payment of money, and to all causes which the parties to the suit shall consent to bring before the Court.

Mode of commencing a Suit by Summons and Plaint.

II. On the application of any person desirous to bring a suit under this Act, the Clerk of the Court shall enter in a book to be kept for this purpose in his office, a Plaint in writing, stating the names and the last known places of abode of the parties, and the substance of the action intended to be brought, and thereupon a summons stating the substance of the action shall be served on the Defendant calling upon him to appear before the Court on a day therein named according to the form directed by the rules to be made for regulating the practice of the Court as hereinafter provided.

Arrest in certain Cases.

III. If the Plaintiff is apprehensive that the Defendant is likely to withdraw himself from the jurisdiction of the Court, he shall be at liberty to apply to the Judge in person for a warrant of arrest, and if the Judge should be satisfied upon examining the Plaintiff viva voce and upon oath, that the ends of justice require an arrest to be made, he may direct a Capias to be issued together with the Writ of Summons.

IV. Every Plaintiff and Defendant shall appear, except as hereinafter excepted, in person on the day specified in the Writ of Summons, and on every other day fixed for their appearance by the Court.

Personal appearance of Parties in Court.

V. A Plaintiff or Defendant may be excused from appearing in person if ill:

Grounds of excuse for non-appearance.

If absent from Bombay:

If engaged in the public service:

If exempted on account of rank from appearing in the Courts of the East India Company:

If of advanced age:

If of the female sex:

If there is a co-plaintiff, who appears in person:

If there is a co-defendant defending jointly:

If not personally cognizant of the matter in dispute:

But in all these cases the Judge may refuse to hold the party excused from appearing in person if he is not satisfied that the excuse is made in good faith, or that the matter of the excuse exists in a sufficient degree to justify him in admitting it.

VI. So soon as the Plaintiff and Defendant are before the Court, the Judge shall proceed to take the pleadings, and settle the Demurrers and Issues of Fact, and for this purpose he shall proceed to put all questions that may be necessary, and to administer Oaths to the parties so as to elicit the matters in dispute between them.

Mode of taking the Pleadings.

VII. The Defendant shall be at liberty to bring his answer to the plaint in a written form before the Court, and during the oral discussion of the pleadings, amendments may be made of the plaint and answer from time to time as the ends of justice may seem to require, but after the cause is once at issue no amendment shall be made without the special leave of the Court.

Pleadings whether tendered in writing or oral to be settled on oral discussion.

VIII. If the Defendant only answers orally to the Plaint, the substance of his answer shall be taken down in open Court under the direction of the Judge, and amendment in either Plaint or Answer if necessary shall thereupon be made by the order of the Court as in the last Clause.

If the Defendant delivers in no written plea his answer to be put in writing under direction of the Court.

IX. All the pleadings in the cause whether framed by the parties or under the order of the Court, shall be broken up into short articles or paragraphs and numbered consecutively.

All pleadings when reduced to writing to be paragraphed and numbered.

X. The Plaintiff or Defendant may, through the medium of the Court, cross examine each other as to any matter affirmed or denied on either side in pleading, and the parties to the suit and their wives in like manner shall be examinable if their testimony appears necessary to the Court.

Parties and their wives examinable thro' the medium of the Court.

XI. The Plaintiff and Defendant may also obtain discovery from each other in all cases, in which discovery would be grantable in Equity on the filing of a Bill or Cross Bill.

Discovery grantable at Law as in Equity.

XII. If it should appear to the Court at any stage of the suit, that justice cannot be done without the presence or concurrence of some person not a party to the suit, or without further evidence, the Court may summon such person to appear, and may make a decree which shall be binding upon such person, or may make such order for the adjournment of the cause to enable additional evidence to be given as may seem agreeable to justice.

Fresh parties may be added, and the cause adjourned for further evidence at the discretion of the Court.

XIII. In all cases which proceed to judgment the Court shall pronounce decrees as if the matter were pending in a Court of Equity having full jurisdiction of the subject matter, and if on the case made by the Defendant on his pleadings and evidence the ends of justice require a decree to be pronounced in his favor such decree may be made without his being put to file a Cross Bill, and the Court shall have like power to mould or modify its decrees as is possessed by the Court on its equitable side, provided always that the writs of execution at Common Law shall be issuable as heretofore in all cases wherein they are applicable.

Decrees to be made as in a Court of Equity, and in favor of Defendant if justice demands it without the necessity for a Cross Bill.

Writs of Execution at Common Law to be available.

XIV. If in the course of a suit the parties shall disagree as to the balance of an account, the Court may direct that the account be referred to an Accountant or Arbitrator nominated by the parties, or in default of such nomination to an Officer of the Court, and such Arbitrator or Officer will report the amount due on either side, subject to any exceptions which the Court will hear and decide.

An Accountant or Arbitrator to be nominated by the Court when necessary.

XV. If any suitor under this Act shall feel himself aggrieved by any decree of the said Court, he shall be at liberty to move for a new trial or in arrest of judgment before the full Court, and execution in such case shall be stayed, or shall be ordered to issue on such terms as to the Judge of the Small Cause Court shall seem just.

Appeal from decision of the Small Cause Court to lie to full Court.

XVI. The Judges of the Supreme Court shall have power to make and issue general rules for regulating the practice in all proceedings, and to frame tables of fees for the Small Cause Court, and to provide forms in all cases for which they think it necessary that a form be provided, and from time to time to alter any such rules, fees or forms; and in any case not expressly provided for herein, or by the said rules, the general principles of practise in the full Court may be adopted and applied at the discretion of the Judges, provided that all tables of fees to be framed under this Act shall be laid before the Governor General in Council within one month of their being published in open Court, and shall be in full force from their date unless they shall be disallowed by the Governor General in Council within the space of three months from their date.

Power to the Judges to frame general rules, table of fees, and forms.

XVII. And whereas it is expedient that inconsiderate litigation should be checked, and that suitors should contribute towards the expenses of Judicial

Establishments, it is hereby enacted, that the Clerk of the Court shall demand and receive from the Plaintiff in any suit brought in the said Court, one-twentieth part of the sum claimed, provided such sum do not exceed Rs. One Thousand, but if the sum claimed exceed that sum, then in addition to such twentieth part on the first thousand Rupees the sum of one per cent. on every additional hundred Rupees, which said sum if not paid in the first instance by the Plaintiff upon suit brought in the Court, may be deducted from the sum recovered for the Plaintiff and shall be considered as Costs in the Cause.

Court Fees to be paid by Suitors.

XVIII. And it is further enacted, that the Court may in every case impose a fine on the Plaintiff or Defendant, if it should appear that either party respectively had no reasonable ground for suing or defending.

Fines for inconsiderate litigation.

XIX. The Clerk of the Court shall keep an account of all sums paid under the last two clauses, and shall pay over the amount from time to time to the General Treasury, and the amount thereof shall accumulate to form a fund called the Suitor's Fund, and shall be applied towards defraying the expenses of the Court, and in such manner as the Judges, with the approval of the Governor in Council, shall direct, provided always that if in any case the interests of justice seem to require that Counsel or Attorney should be assigned to any poor suitor, the Judge shall be at liberty to make an order to such effect, and the Clerk of the Court shall thereupon take steps to carry out such order, and the taxed costs thereby incurred shall be payable out of such fund by the General Treasurer on his receipt of the Judge's order and Master's Allocatur.

Fees and Fines to form the Suitor's Fund

To be applied towards the expense of Court, and to assist poor Suitors.

XX. And whereas it is expedient that parties to suits who prevaricate or make false statements should be punished, and whereas in many cases of perjury committed before the Court the interest of justice might be expedited if the Judge imposed a small fine instead of committing the party to prison to take his trial for the offence, it is hereby enacted, that whenever the Judge is satisfied that any party to a suit in the said Court has by himself or Agent prevaricated or wilfully made a false statement, or that any witness has committed perjury, he may order such parties respectively to pay a moderate fine to be paid in the manner to be pointed out in the decree, or to be paid by the party committing the offence immediately, under pain of imprisonment for a limited time.

Fines on parties prevaricating or making false statements; and on witnesses committing perjury.

XXI. And it is hereby enacted, that all such fines shall be paid monthly into the Treasury to the credit of the Suitor's Fund.

The above fines to be paid into the Treasury.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 3d day of March 1848.

1. It is enacted, that no Officer of any of the Courts of Judicature established by Her Majesty's Charter, within the Territories subject to the Government of the East India Company, shall directly or indirectly by himself or by any other person or persons for his use or on his behalf accept from any person or persons in any manner or on any account whatsoever, any present, gratuity or reward other than his legal salary and fees and profits of office, nor act as the Manager or Director of or hold any other office in any Bank or Publick Company, except as hereinafter excepted, nor carry on or be concerned in any Commercial dealings or transactions whatever in the way of buying and selling any Goods, Wares and Merchandize, or any Shares, or any Bills, Notes, or other valuable Securities, or as agent, factor or broker, or otherwise, either for his own use or benefit, profit or advantage, or for the benefit or advantage of any other person or persons whatsoever, save and except such dealings as it may be part of the duty of any such Officer by virtue of his office to carry on. Provided also that this Act shall not be construed

Fort William, Home Department, Legislative, the 22d January, 1848.

Resolution.—The following Act is brought up before the Legislative Council this day—The Right Hon'ble the Governor General in Council being desirous that no time should be lost in passing the Act, Resolved, that the Rule requiring a previous publication of two months or three months before the passing of any Act of the Government of India, be suspended in respect to the following proposed Act, and that it be reconsidered at the first Legislative meeting after the 3rd of March next.

Fort William, Home Department, Legislative, the 22d January, 1848.—The following Draft of a proposed Act was read in Council for the first time on the 22d January, 1848.

ACT No. —— OF 1848.

An Act for extending the jurisdiction of the Small Cause Court at Bombay, and for enabling a uniform mode of procedure to be adopted in Causes of small amount at Law and in Equity.

Preamble.

Whereas the Judges of the Supreme Court at Bombay have from time to time, under the powers vested in them by the Charter of Justice, framed divers wholesome rules of procedure by which causes at law of a certain amount have been enabled to be brought before the Judges sitting as a Small Cause Court in a simple and economic manner, to the great benefit of suitors and to the advancement of justice, and it is expedient that the jurisdiction thus exercised should be extended and should include certain causes in Equity and other matters wherein the ends of justice require summary procedure:

And whereas the powers of the Judges do not extend to the framing of rules by which the parties to a suit at law may be made examinable, or be compelled to give discovery on oath as in suits in Equity, and it is expedient that such powers should be conferred, and that a uniform procedure should be framed for the elicitation of the truth in all cases according to the methods which have been found most efficacious in practice:

And whereas it is very desirable that the rules of procedure should enable causes whether at Law or in Equity which do not require a prolonged judicial investigation to be disposed of summarily, and that on the other hand the amplest means should exist for bringing the facts in disputed cases fully before the Court so as to enable the decision to pass upon the merits and not upon mere technicalities, and the Small Cause Court at Bombay affords an opportunity of introducing such a system of procedure it is therefore enacted as follows:

Jurisdiction of the Small Cause Court.

I. The jurisdiction exercised by Her Majesty's Judges in the Small Cause Court at Bombay shall extend to all causes whether at Law or Equity where the subject matter claimed or in dispute does not exceed the value of One Thousand Company's Rupees, to all causes founded on Bills of Exchange, Hoondees, Accounts stated and signed, and other written securities for the payment of money, and to all causes which the parties to the suit shall consent to bring before the Court.

Mode of commencing a Suit by Summons and Plaint.

II. On the application of any person desirous to bring a suit under this Act, the Clerk of the Court shall enter in a book to be kept for this purpose in his office, a Plaint in writing, stating the names and the last known places of abode of the parties, and the substance of the action intended to be brought, and thereupon a summons stating the substance of the action shall be served on the Defendant calling upon him to appear before the Court on a day therein named according to the form directed by the rules to be made for regulating the practice of the Court as hereinafter provided.

Arrest in certain Cases.

III. If the Plaintiff is apprehensive that the Defendant is likely to withdraw himself from the jurisdiction of the Court, he shall be at liberty to apply to the Judge in person for a warrant of arrest, and if the Judge should be satisfied upon examining the Plaintiff vivâ voce and upon oath, that the ends of justice require an arrest to be made, he may direct a Capias to be issued together with the Writ of Summons.

Personal appearance of Parties in Court.

IV. Every Plaintiff and Defendant shall appear except as hereinafter excepted, in person on the day specified in the Writ of Summons, and on every other day fixed for their appearance by the Court.

Grounds of excuse for non-appearance.

V. A Plaintiff or Defendant may be excused from appearing in person if ill:

If absent from Bombay:
If engaged in the public service:
If exempted on account of rank from appearing in the Courts of the East India Company:
If of advanced age:
If of the female sex:
If there is a co-plaintiff, who appears in person:
If there is a co-defendant defending jointly:
If not personally cognizant of the matter in dispute:

But in all these cases the Judge may refuse to hold the party excused from appearing in person if he is not satisfied that the excuse is made in good faith, or that the matter of the excuse exists in a sufficient degree to justify him in admitting it.

VI. So soon as the Plaintiff and Defendant are before the Court, the Judge shall proceed to take the pleadings, and settle the Demurrers and Issues of Fact, and for this purpose he shall proceed to put all questions that may be necessary, and to administer Oaths to the parties so as to elicit the matters in dispute between them.

Mode of taking the Pleadings.

VII. The Defendant shall be at liberty to bring his answer to the plaint in a written form before the Court, and during the oral discussion of the pleadings, amendments may be made of the plaint and answer from time to time as the ends of justice may seem to require, but after the cause is once at issue no amendment shall be made without the special leave of the Court.

Pleadings whether tendered in writing or oral to be settled on oral discussion.

VIII. If the Defendant only answers orally to the Plaint, the substance of his answer shall be taken down in open Court under the direction of the Judge, and amendment in either Plaint or Answer if necessary shall thereupon be made by the order of the Court as in the last Clause.

If the Defendant delivers in no written plea his answer to be put in writing under direction of the Court.

IX. All the pleadings in the cause whether framed by the parties or under the order of the Court, shall be broken up into short articles or paragraphs and numbered consecutively.

All pleadings when reduced to writing to be paragraphed and numbered.

X. The Plaintiff or Defendant may, through the medium of the Court, cross examine each other as to any matter affirmed or denied on either side in pleading, and the parties to the suit and their wives in like manner shall be examinable if their testimony appears necessary to the Court.

Parties and their wives examinable thro' the medium of the Court.

XI. The Plaintiff and Defendant may also obtain discovery from each other in all cases, in which discovery would be grantable in Equity on the filing of a Bill or Cross Bill.

Discovery grantable at Law as in Equity.

XII. If it should appear to the Court at any stage of the suit, that justice cannot be done without the presence or concurrence of some person not a party to the suit, or without further evidence, the Court may summon such person to appear, and may make a decree which shall be binding upon such person, or may make such order for the adjournment of the cause to enable additional evidence to be given as may seem agreeable to justice.

Fresh parties may be added, and the cause adjourned for further evidence at the discretion of the Court.

XIII. In all cases which proceed to judgment the Court shall pronounce decrees as if the matter were pending in a Court of Equity having full jurisdiction of the subject matter, and if on the case made by the Defendant on his pleadings and evidence the ends of justice require a decree to be pronounced in his favor such decree may be made without his being put to file a Cross Bill, and the Court shall have like power to mould or modify its decrees as is possessed by the Court on its equitable side, provided always that the writs of execution at Common Law shall be issuable as heretofore in all cases wherein they are applicable.

Decrees to be made as in a Court of Equity, and in favor of Defendant if justice demands it without the necessity for a Cross Bill.

Writs of Execution at Common Law to be available.

XIV. If in the course of a suit the parties shall disagree as to the balance of an account, the Court may direct that the account be referred to an Accountant or Arbitrator nominated by the parties, or in default of such nomination to an Officer of the Court, and such Arbitrator or Officer will report the amount due on either side, subject to any exceptions which the Court will hear and decide.

An Accountant or Arbitrator to be nominated by the Court when necessary.

XV. If any suitor under this Act shall feel himself aggrieved by any decree of the said Court, he shall be at liberty to move for a new trial or in arrest of judgment before the full Court, and execution in such case shall be stayed, or shall be ordered to issue on such terms as to the Judge of the Small Cause Court shall seem just.

Appeal from decision of the Small Cause Court to lie to full Court.

XVI. The Judges of the Supreme Court shall have power to make and issue general rules for regulating the practise in all proceedings, and to frame tables of fees for the Small Cause Court, and to provide forms in all cases for which they think it necessary that a form be provided, and from time to time to alter any such rules, fees or forms; and in any case not expressly provided for herein, or by the said rules, the general principles of practise in the full Court may be adopted and applied at the discretion of the Judges, provided that all tables of fees to be framed under this Act shall be laid before the Governor General in Council within one month of their being published in open Court, and shall be in full force from their date unless they shall be disallowed by the Governor General in Council within the space of three months from their date.

Power to the Judges to frame general rules, table of fees, and forms.

XVII. And whereas it is expedient that inconsiderate litigation should be checked, and that suitors should contribute towards the expenses of Judicial Establishments, it is hereby enacted, that the Clerk of the Court shall demand and receive from the Plaintiff in any suit brought in the said Court, one-twentieth part of the sum claimed, provided such sum do not exceed Rs. One Thousand, but if the sum claimed exceed that sum, then in addition to such twentieth part on the first thousand Rupees the sum of one per cent. on every additional hundred Rupees, which said sum if not paid in the first instance by the Plaintiff upon suit brought in the Court, may be deducted from the sum recovered for the Plaintiff and shall be considered as Costs in the Cause.

Court Fees to be paid by Suitors.

XVIII. And it is further enacted, that the Court may in every case impose a fine on the Plaintiff or Defendant, if it should appear that either party respectively had no reasonable ground for suing or defending.

Fines for inconsiderate litigation.

XIX. The Clerk of the Court shall keep an account of all sums paid under the last two clauses, and shall pay over the amount from time to time to the General Trea-

Fees and Fines to form the Suitor's Fund.

sury, and the amount thereof shall accumulate to form a fund called the Suitor's Fund, and shall be applied towards defraying the expenses of the Court, and in such manner as the Judges, with the approval of the Governor in Council, shall direct, provided always that if in any case the interests of justice seem to require that Counsel or Attorney should be assigned to any poor suitor, the Judge shall be at liberty to make an order to such effect, and the Clerk of the Court shall thereupon take steps to carry out such order, and the taxed costs thereby incurred shall be payable out of such fund by the General Treasurer on his receipt of the Judge's order and Master's Allocatur.

To be applied towards the expense of Court, and to assist poor Suitors.

XX. And whereas it is expedient that parties to suits who prevaricate or make false statements should be punished, and whereas in many cases of perjury committed before the Court the interest of justice might be expedited if the Judge imposed a small fine instead of committing the party to prison to take his trial for the offence, it is hereby enacted, that whenever the Judge is satisfied that any party to a suit in the said Court has by himself or Agent prevaricated or wilfully made a false statement, or that any witness has committed perjury, he may order such parties respectively to pay a moderate fine to be paid in the manner to be pointed out in the decree, or to be paid by the party committing the offence immediately, under pain of imprisonment for a limited time.

Fines on parties prevaricating or making false statements; and on witnesses committing perjury.

XXI. And it is hereby enacted, that all such fines shall be paid monthly into the Treasury to the credit of the Suitor's Fund.

The above fines to be paid into the Treasury.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 3d day of March 1848.

No. 179.—*General Orders by the Governor General, dated* 12*th September*, 1836.

The Right Hon'ble the Governor General of India in Council is pleased to rescind the various* Orders now in force in this Presidency, in regard of the occupation of ground, and the disposal of premises or buildings, situated within the limits of Military Cantonments, and to substitute for them the following Regulation, which is to have effect from the date of its promulgation at the different Stations of the Bengal Army.

* Proceedings G. G. 25th June, 1801. G. O. G. G. 28th September, 1807. G. O. G. G. 5th June, 1813.

1.—All applications for unoccupied ground, for the purpose of being enclosed, built upon or in any way appropriated to private purposes, such ground being within the limits of a Military Cantonment, are, in the first instance, to be made to the Commanding Officer of the Station, through the usual channel, and in no case are the boundaries of compounds to be changed, old roads closed, or new ones opened, without the sanction of the Commanding Officer.

2.—As the health and comfort of the Troops are paramount considerations, to which all others must give way, the Commanding Officer will be held responsible, that no ground is occupied in any way calculated to be injurious to either, or to the appearance of the Cantonment, and in forwarding an application for a grant, he must certify that it is not objectionable in those or any other respects.

3.—When no objection occurs, the application is to be forwarded, through the prescribed channel, by the Commanding Officer of the Station, to the Quarter Master General of the Army, who, if the Commander-in-Chief approves, will submit it for the orders of Government.

4.—All such applications are to be in the annexed form marked A.

5.—All grants are to be registered by the Officer of the Quarter Master General's Department attached to the Division, and at Stations where no such Officer may be present, by the Executive Officer of Public Works, to whom also, in such cases, applications for ground are to be addressed, and all grants are to be immediately noted upon the plan of the Cantonment in the Quarter Master General's Office.

6.—No ground will be granted except on the following conditions, which are to be subscribed to by every grantee, as well as by those to whom his grant may subsequently be transferred.

I. The Government to retain the power of resumption at any time, on giving one month's notice, and paying the value of such buildings as may have been authorized to be erected.

II. The ground being in every case the property of Government, cannot be sold by the grantee, but houses or other property therein situated, may be transferred by one Military or Medical Officer to another, without restriction, except in the case of reliefs, when, if required, the terms of sale or transfer are to be adjusted by a Committee of Arbitration.

III. If the ground has been built upon, the buildings are not to be disposed of to any person, of whatever description, who does not belong to the Army, until the consent of the Officer Commanding the Station shall have been previously obtained under his hand.

IV. When it is proposed with the consent of the Commanding Officer to transfer possession to a Native, should the value of the house, buildings or property to be so transferred exceed 5,000 Rupees, the sale must not be effected until the sanction of Government shall have been obtained through His Excellency the Commander-in-Chief.

7.—All houses in a Military Cantonment, being the property of persons not belonging to the Army, which may be deemed by the Commanding Officer of the Station, suitable from their locality for the accommodation of Officers, shall be claimable for purchase, or for hire, at the option of the owner, in the former case at a valuation, and in the latter at a rent to be fixed, in case of the parties disagreeing, by a Committee of Arbitration constituted as follows:

8.—The Committee is to be composed of one Civil Officer the principal one, if practicable at or in the vicinity of the Station, the Commanding Officer of the Cantonment, and an Officer belonging to the Station to be named by the proprietor of the premises, and their decision whether relating to the terms of purchase, or rent, is to be conclusive, unless it shall be reversed by Government, for whose orders the proceedings of the Committee are to be submitted through His Excellency the Commander-in-Chief, whenever the proprietor of the premises which they have valued is dissatisfied with their award.

9.—When the houses of the Officers of one Corps are to be transferred to those of another, as on the occasion of a relief, if a difference of opinion should arise as to the fair terms of the transfer, the price shall be fixed by a Committee of Arbitration constituted as in the last paragraph, but to which, in such cases, there is to be given an additional Member, to be named by the intending purchaser.

10.—In this case there is to be no appeal, and the decision of the Committee of Arbitration is to be final.

General Department.

To W. TAYLER, Esquire,
Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas;* and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.,

The Post Master General having been informed by the Court of Directors of the East India Company, that on and after the 1st June next, persons in this Country may forward private correspondence by the Government Express from Bombay to Calcutta and Madras, all persons desirous of availing themselves of this privilege, will be required to mark upon the covers of their letters the words "By Express from Bombay," and in addition to this special address, it will be necessary, that all letters intended to be forwarded by the way of Southampton, should be so endorsed as hitherto; the postage to be charged in India in the delivery of letters sent by this Express will be in addition to the ordinary Inland rates.

One Rupee for every letter not exceeding half a tola in weight.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolas in weight, two tolas being the maximum weight of letters to be conveyed by Express.

On Newspapers, each Newspaper Office in Calcutta and Madras, will be allowed to receive two Newspapers at the ordinary rates of Inland postage, on all other Newspapers forwarded by Express a postage of five Rupees each will be charged, and no Newspaper will be received for the Express exceeding three tolas in weight.

2.—Parties must tender for each division separately, and be prepared for the acceptance of their offer for one division, and its rejection in another. No general tender will be accepted, but the same party may tender for both descriptions of fuel, and for more than one Division, specifying separately the rate for each. The tenders must specify the rate per hundred bazar maunds of Coal or Wood.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality, and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which, with the exception of two maunds, will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, and recently felled, of the heaviest and best quality procurable, either of the trunks of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 to 15 inches; and both coal and wood must be protected from the rain and the coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractor will be required under penalty to maintain constantly in store fuel for three months estimated consumption. The Government will not be pledged however, to take monthly or yearly the entire estimated quantity, as circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated may be insufficient; and the Contractor will be required to undertake that in such cases he will on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present estimate, and on the same terms of contract.

6.—The Clause requiring that fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the contract, but at the expiration of the contract, Government will take over or transfer to new Contractors such quantity or quantities of fuel as may remain in the Depots to the extent of two months' supply at the contract price.

7.—Should the Contractor fail to provide coal equal to the muster, or wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved fuel at the expense of the Contractor.

8.—Government will advance to the Contractor, under approved security, one half of the estimated outlay for fuel for one year, and will further on the production of receipts from Commanders of the

Steamers for fuel delivered on board their respective vessels by the Contractor pay one quarter of the contract price of the fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of fuel than shall on winding up the year's account appear to have been supplied the excess, shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractor on account of Monies paid to him, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of fuel supplied by him or be otherwise recoverable as a debt.

9.—Wood will not be received on Board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of wood instead of coal, the Contractor for coal shall be debited with the contract price of five maunds of wood for every maund of coal he may fail to supply. Should the Contractor for wood fail in his supply, and the Government Boat be obliged to consume coal instead, the Contractor shall for every maund of wood not supplied, pay to Government eight annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10.—The Party whose Tender is accepted, will be required to enter into the usual Penalty bond for the due fulfilment of his engagement.

By order of the Superintendent of Marine.

The 6th January, 1848. JAS. SUTHERLAND, *Secretary.*

Fort William, Home Department, Legislative, the 22d January, 1848.—The following Draft of a proposed Act was read in Council for the first time on the 22d January, 1848.

Act No. —— of 1848.

An Act for extending the jurisdiction of the Small Cause Court at Bombay, and for enabling a uniform mode of procedure to be adopted in Causes of small amount at Law and in Equity.

Preamble. Whereas the Judges of the Supreme Court at Bombay have from time to time, under the powers vested in them by the Charter of Justice, framed divers wholesome rules of procedure by which causes at law of a certain amount have been enabled to be brought before the Judges sitting as a Small Cause Court in a simple and economic manner, to the great benefit of suitors and to the advancement of justice, and it is expedient that the jurisdiction thus exercised should be extended and should include certain causes in Equity and other matters wherein the ends of justice require summary procedure:

And whereas the powers of the Judges do not extend to the framing of rules by which the parties to a suit at law may be made examinable, or be compelled to give discovery on oath as in suits in Equity, and it is expedient that such powers should be conferred, and that a uniform procedure should be framed for the elicitation of the truth in all cases according to the methods which have been found most efficacious in practice:

And whereas it is very desirable that the rules of procedure should enable causes whether at Law or in Equity which do not require a prolonged judicial investigation to be disposed of summarily, and that on the other hand the amplest means should exist for bringing the facts in disputed cases fully before the Court so as to enable the decision to pass upon the merits and not upon mere technicalities, and the Small Cause Court at Bombay affords an opportunity of introducing such a system of procedure it is therefore enacted as follows:

Jurisdiction of the Small Cause Court. I. The jurisdiction exercised by Her Majesty's Judges in the Small Cause Court at Bombay shall extend to all causes whether at Law or Equity

where the subject matter claimed or in dispute does not exceed the value of One Thousand Company's Rupees, to all causes founded on Bills of Exchange, Hoondees, Accounts stated and signed, and other written securities for the payment of money, and to all causes which the parties to the suit shall consent to bring before the Court.

Mode of commencing a Suit by Summons and Plaint.

II. On the application of any person desirous to bring a suit under this Act, the Clerk of the Court shall enter in a book to be kept for this purpose in his office, a Plaint in writing, stating the names and the last known places of abode of the parties, and the substance of the action intended to be brought, and thereupon a summons stating the substance of the action shall be served on the Defendant calling upon him to appear before the Court on a day therein named according to the form directed by the rules to be made for regulating the practice of the Court as hereinafter provided.

Arrest in certain Cases.

III. If the Plaintiff is apprehensive that the Defendant is likely to withdraw himself from the jurisdiction of the Court, he shall be at liberty to apply to the Judge in person for a warrant of arrest, and if the Judge should be satisfied upon examining the Plaintiff viva voce and upon oath, that the ends of justice require an arrest to be made, he may direct a Capias to be issued together with the Writ of Summons.

Personal appearance of Parties in Court.

IV. Every Plaintiff and Defendant shall appear except as hereinafter excepted, in person on the day specified in the Writ of Summons, and on every other day fixed for their appearance by the Court.

Grounds of excuse for non-appearance.

V. A Plaintiff or Defendant may be excused from appearing in person if ill:

If absent from Bombay:

If engaged in the public service:

If exempted on account of rank from appearing in the Courts of the East India Company:

If of advanced age:

If of the female sex:

If there is a co-plaintiff, who appears in person:

If there is a co-defendant defending jointly:

If not personally cognizant of the matter in dispute:

But in all these cases the Judge may refuse to hold the party excused from appearing in person if he is not satisfied that the excuse is made in good faith, or that the matter of the excuse exists in a sufficient degree to justify him in admitting it.

Mode of taking the Pleadings.

VI. So soon as the Plaintiff and Defendant are before the Court, the Judge shall proceed to take the pleadings, and settle the Demurrers and Issues of Fact, and for this purpose he shall proceed to put all questions that may be necessary, and to administer Oaths to the parties so as to elicit the matters in dispute between them.

Pleadings whether tendered in writing or oral to be settled on oral discussion.

VII. The Defendant shall be at liberty to bring his answer to the plaint in a written form before the Court, and during the oral discussion of the pleadings, amendments may be made of the plaint and answer from time to time as the ends of justice may seem to require, but after the cause is once at issue no amendment shall be made without the special leave of the Court.

If the Defendant delivers in no written plea his answer to be put in writing under direction of the Court.

VIII. If the Defendant only answers orally to the Plaint, the substance of his answer shall be taken down in open Court under the direction of the Judge, and amendment in either Plaint or Answer if necessary shall thereupon be made by the order of the Court as in the last Clause.

All pleadings when reduced to writing to be paragraphed and numbered.

IX. All the pleadings in the cause whether framed by the parties or under the order of the Court, shall be broken up into short articles or paragraphs and numbered consecutively.

Parties and their wives examinable thro' the medium of the Court.

X. The Plaintiff or Defendant may, through the medium of the Court, cross examine each other as to any matter affirmed or denied on either side in pleading, and the parties to the suit and their wives in like manner shall be examinable if their testimony appears necessary to the Court.

Discovery grantable at Law as in Equity.

XI. The Plaintiff and Defendant may also obtain discovery from each other in all cases, in which discovery would be grantable in Equity on the filing of a Bill or Cross Bill.

Fresh parties may be added, and the cause adjourned for further evidence at the discretion of the Court.

XII. If it should appear to the Court at any stage of the suit, that justice cannot be done without the presence or concurrence of some person not a party to the suit, or without further evidence, the Court may summon such person to appear, and may make a decree which shall be binding upon such person, or may make such order for the adjournment of the cause to enable additional evidence to be given as may seem agreeable to justice.

Decrees to be made as in a Court of Equity, and in favor of Defendant if justice demands it without the necessity for a Cross Bill.

XIII. In all cases which proceed to judgment the Court shall pronounce decrees as if the matter were pending in a Court of Equity having full jurisdiction of the subject matter, and if on the case made by the Defendant on his pleadings and evidence the ends of justice require a decree to be pronounced in his favor such decree may be made without his being put to file a Cross Bill, and the Court shall have like power to mould or modify its decrees as is possessed by the Court on its equitable side, provided always that the writs of execution at Common Law shall be issuable as heretofore in all cases wherein they are applicable.

Writs of Execution at Common Law to be available.

An Accountant or Arbitrator to be nominated by the Court when necessary.

XIV. If in the course of a suit the parties shall disagree as to the balance of an account, the Court may direct that the account be referred to an Accountant or Arbitrator nominated by the parties, or in default of such nomination to an Officer of the Court, and such Arbitrator or Officer will report the amount due on

either side, subject to any exceptions which the Court will hear and decide.

Appeal from decision of the Small Cause Court to lie to full Court.

XV. If any suitor under this Act shall feel himself aggrieved by any decree of the said Court, he shall be at liberty to move for a new trial or in arrest of judgment before the full Court, and execution in such case shall be stayed, or shall be ordered to issue on such terms as to the Judge of the Small Cause Court shall seem just.

Power to the Judges to frame general rules, table of fees, and forms.

XVI. The Judges of the Supreme Court shall have power to make and issue general rules for regulating the practise in all proceedings, and to frame tables of fees for the Small Cause Court, and to provide forms in all cases for which they think it necessary that a form be provided, and from time to time to alter any such rules, fees or forms; and in any case not expressly provided for herein, or by the said rules, the general principles of practise in the full Court may be adopted and applied at the discretion of the Judges, provided that all tables of fees to be framed under this Act shall be laid before the Governor General in Council within one month of their being published in open Court, and shall be in full force from their date unless they shall be disallowed by the Governor General in Council within the space of three months from their date.

Court Fees to be paid by Suitors.

XVII. And whereas it is expedient that inconsiderate litigation should be checked, and that suitors should contribute towards the expenses of Judicial Establishments, it is hereby enacted, that the Clerk of the Court shall demand and receive from the Plaintiff in any suit brought in the said Court, one-twentieth part of the sum claimed, provided such sum do not exceed Rs. One Thousand, but if the sum claimed exceed that sum, then in addition to such twentieth part on the first thousand Rupees the sum of one per cent. on every additional hundred Rupees, which said sum if not paid in the first instance by the Plaintiff upon suit brought in the Court, may be deducted from the sum recovered for the Plaintiff and shall be considered as Costs in the Cause.

Fines for inconsiderate litigation.

XVIII. And it is further enacted, that the Court may in every case impose a fine on the Plaintiff or Defendant, if it should appear that either party respectively had no reasonable ground for suing or defending.

Fees and Fines to form the Suitor's Fund.

XIX. The Clerk of the Court shall keep an account of all sums paid under the last two clauses, and shall pay over the amount from time to time to the General Treasury, and the amount thereof shall accumulate to form a fund called the Suitor's Fund, and shall be applied towards defraying the expenses of the Court, and in such manner as the Judges, with the approval of the Governor in Council, shall direct, provided always that if in any case the interests of justice seem to require that Counsel or Attorney should be assigned to any poor suitor, the Judge shall be at liberty to make an order to such effect, and the Clerk of the Court shall thereupon take steps to carry out such order, and the taxed costs thereby incurred shall be payable out of such fund by the General Treasurer on his receipt of the Judge's order and Master's Allocatur.

To be applied towards the expense of Court, and to assist poor Suitors.

Fines on parties prevaricating or making false statements; and on witnesses committing perjury.

XX. And whereas it is expedient that parties to suits who prevaricate or make false statements should be punished, and whereas in many cases of perjury committed before the Court the interest of justice might be expedited if the Judge imposed a small fine instead of committing the party to prison to take his trial for the offence, it is hereby enacted, that whenever the Judge is satisfied that any party to a suit in the said Court has by himself or Agent prevaricated or wilfully made a false statement, or that any witness has committed perjury, he may order such parties respectively to pay a moderate fine to be paid in the manner to be pointed out in the decree, or to be paid by the party committing the offence immediately, under pain of imprisonment for a limited time.

The above fines to be paid into the Treasury.

XXI. And it is hereby enacted, that all such fines shall be paid monthly into the Treasury to the credit of the Suitor's Fund.

Fort William, 26th January, 1848.

NOTIFICATION.—An Examination will be held early in April 1848, in the College of Fort William, for the purpose of filling up existing vacancies in the Military Class of the Medical College—all candidates will be expected to possess a knowledge of the Hindustani Language, adequate to enable them to read and write it in the Persian or Devanagri characters.

2d. All Interpreters of Regiments and Battalions will be requested through the Military Department, not to grant certificates of qualification to any candidates, under the age of fifteen and above that of twenty years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this, that the above measure has been adopted.

3d. Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper descriptive roll may be prepared for transmission to the Examiners of the College of Fort William.

4th. The preference in selection, attainments being equal, will be given to those who have already been attached to, or served in civil or regimental hospitals.

5th. No candidate will be allowed to present himself for examination who cannot produce a written testimonial of his conduct and character, or afford satisfactory evidence as to who and what he may be. A few individuals of decidedly bad character have, upon recent occasions, managed to obtain admittance, it is supposed by producing false papers; the strictest care and scrutiny will therefore be exercised in examining the credentials of all future candidates.

6th. All pupils must, as a condition of their appointment, reside within the College premises at all times, and *never* be absent from morning and evening muster without special leave.

7th. All students in the Military Class are amenable to the Articles of War, and regularly enlisted as Soldiers.

8th. No candidate will be admitted to the School, who is physically unfit for the duties of a Soldier.

W. TAYLER,
Post Master General.

Fort William, Genl. Post Office,
The 24th July, 1847.

No. 966 *of* 1847.
General Department.

To W. TAYLER, Esquire,
Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas;* and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.,

GENERAL POST OFFICE, MAY 1847.

The Post Master General having been informed by the Court of Directors of the East India Company, that on and after the 1st June next, persons in this Country may forward private correspondence by the Government Express from Bombay to Calcutta and Madras, all persons desirous of availing themselves of this privilege, will be required to mark upon the covers of their letters the words "By Express from Bombay," and in addition to this special address, it will be necessary, that all letters intended to be forwarded by the way of Southampton, should be so endorsed as hitherto; the postage to be charged in India in the delivery of letters sent by this Express will be in addition to the ordinary Inland rates.

One Rupee for every letter not exceeding half a tola in weight.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolas in weight, two tolas being the maximum weight of letters to be conveyed by Express.

On Newspapers, each Newspaper Office in Calcutta and Madras, will be allowed to receive two Newspapers at the ordinary rates of Inland postage, on all other Newspapers forwarded by Express a postage of five Rupees each will be charged, and no Newspaper will be received for the Express exceeding three tolas in weight.

N. B. One tola and a quarter is nearly equivalent to half an ounce avoirdupoise.

2.—Parties must tender for each division separately, and be prepared for the acceptance of their offer for one division, and its rejection in another. No general tender will be accepted, but the same party may tender for both descriptions of fuel, and for more than one Division, specifying separately the rate for each. The tenders must specify the rate per hundred bazar maunds of Coal or Wood.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality, and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which, with the exception of two maunds, will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, and recently felled, of the heaviest and best quality procurable, either of the trunks of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 to 15 inches; and both coal and wood must be protected from the rain and the coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractor will be required under penalty to maintain constantly in store fuel for three months estimated consumption. The Government will not be pledged however, to take monthly or yearly the entire estimated quantity, as circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated may be insufficient; and the Contractor will be required to undertake that in such cases he will on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present estimate, and on the same terms of contract.

6.—The Clause requiring that fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the contract, but at the expiration of the contract, Government will take over or transfer to new Contractors such quantity or quantities of fuel as may remain in the Depots to the extent of two months' supply at the contract price.

7.—Should the Contractor fail to provide coal equal to the muster, or wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved fuel at the expense of the Contractor.

8.—Government will advance to the Contractor, under approved security, one half of the estimated outlay for fuel for one year, and will further on the production of receipts from Commanders of the

Steamers for fuel delivered on board their respective vessels by the Contractor pay one quarter of the contract price of the fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of fuel than shall on winding up the year's account appear to have been supplied the excess, shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractor on account of Monies paid to him, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of fuel supplied by him or be otherwise recoverable as a debt.

9.—Wood will not be received on Board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of wood instead of coal, the Contractor for coal shall be debited with the contract price of five maunds of wood for every maund of coal he may fail to supply. Should the Contractor for wood fail in his supply, and the Government Boat be obliged to consume coal instead, the Contractor shall for every maund of wood not supplied, pay to Government eight annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10.—The Party whose Tender is accepted, will be required to enter into the usual Penalty bond for the due fulfilment of his engagement.

By order of the Superintendent of Marine.

W. Tayler,
Post Master General.

Fort William, Genl. Post Office,
The 24th July, 1847.

No. 966 *of* 1847.

General Department.

To W. Tayler, Esquire,
Post Master General, Calcutta.

Sir,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas;* and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.,

GENERAL POST OFFICE, MAY 1847.

The Post Master General having been informed by the Court of Directors of the East India Company, that on and after the 1st June next, persons in this Country may forward private correspondence by the Government Express from Bombay to Calcutta and Madras, all persons desirous of availing themselves of this privilege, will be required to mark upon the covers of their letters the words "By Express from Bombay," and in addition to this special address, it will be necessary, that all letters intended to be forwarded by the way of Southampton, should be so endorsed as hitherto; the postage to be charged in India in the delivery of letters sent by this Express will be in addition to the ordinary Inland rates.

One Rupee for every letter not exceeding half a tola in weight.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolas in weight, two tolas being the maximum weight of letters to be conveyed by Express.

On Newspapers, each Newspaper Office in Calcutta and Madras, will be allowed to receive two Newspapers at the ordinary rates of Inland postage, on all other Newspapers forwarded by Express a postage of five Rupees each will be charged, and no Newspaper will be received for the Express exceeding three tolas in weight.

2.—Parties must tender for each division separately, and be prepared for the acceptance of their offer for one division, and its rejection in another. No general tender will be accepted, but the same party may tender for both descriptions of fuel, and for more than one Division, specifying separately the rate for each. The tenders must specify the rate per hundred bazar maunds of Coal or Wood.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality, and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which, with the exception of two maunds, will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, and recently felled, of the heaviest and best quality procurable, either of the trunks of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 to 15 inches; and both coal and wood must be protected from the rain and the coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractor will be required under penalty to maintain constantly in store fuel for three months estimated consumption. The Government will not be pledged however, to take monthly or yearly the entire estimated quantity, as circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated may be insufficient; and the Contractor will be required to undertake that in such cases he will on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present estimate, and on the same terms of contract.

6.—The Clause requiring that fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the contract, but at the expiration of the contract, Government will take over or transfer to new Contractors such quantity or quantities of fuel as may remain in the Depots to the extent of two months' supply at the contract price.

7.—Should the Contractor fail to provide coal equal to the muster, or wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved fuel at the expense of the Contractor.

8.—Government will advance to the Contractor, under approved security, one half of the estimated outlay for fuel for one year, and will further on the production of receipts from Commanders of the

Steamers for fuel delivered on board their respective vessels by the Contractor pay one quarter of the contract price of the fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of fuel than shall on winding up the year's account appear to have been supplied the excess, shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractor on account of Monies paid to him, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of fuel supplied by him or be otherwise recoverable as a debt.

9.—Wood will not be received on Board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of wood instead of coal, the Contractor for coal shall be debited with the contract price of five maunds of wood for every maund of coal he may fail to supply. Should the Contractor for wood fail in his supply, and the Government Boat be obliged to consume coal instead, the Contractor shall for every maund of wood not supplied, pay to Government eight annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10.—The Party whose Tender is accepted, will be required to enter into the usual Penalty bond for the due fulfilment of his engagement.

"Having arranged with Her Majesty's Government that the Scale for the "Conveyance of Baggage belonging to Officers and Regiments," as laid down in the Commissariat Regulations of Her Majesty's Service in accordance with a Circular issued by the Lords Commissioners of Her Majesty's Treasury, dated 29th August 1843, will as regards Her Majesty's Troops whilst on the passage to, and from India, be adopted by us, we transmit a No. in the Packet two Copies of the Circular for your information and guidance."

(COMMISSARIAT.)

CIRCULAR No. 259.

Treasury Chambers, 29th August 1843.

SIR,—The attention of the Lords Commissioners of Her Majesty's Treasury having been called to the variety of practice prevailing at the several Foreign Stations, in respect to the quantity of Baggage which Officers and others are entitled to have conveyed at the public expense, it has appeared to my Lords that a General Regulation may, with advantage, be established for this branch of the Service.

My Lords have accordingly communicated on the subject with the Secretary at War, the Lords of the Admiralty, and the Master General and Board of Ordnance, and in concurrence with the opinion of those authorities, I am commanded to transmit for your information and guidance, a Scale of Rates for the Baggage of Officers and Regimenst, for which Transport is to be provided at the public expense, when proceeding on Duty by Sea, by Land, or by Inland Navigation.

It is their Lordships wish that this Scale, which is the same as that heretofore in force at home, with certain modifications, should be made applicable to all the Stations Abroad, India and Ceylon excepted.

You will perceive, that in regulating the quantity of Baggage to be conveyed, the principle of admeasurement has been combined with weight,

and it is to be understood, that neither by land nor by water is the allowed weight or admeasurement to be exceeded.

My Lords have at the same time adverted to the mode in which the charges for Transport, as well for Baggage, as for the Service of the Army in general, are vouched in the Commissariat Accounts; and they are pleased to direct, that henceforth, the following Rules and Regulations to embrace the different Services for the which the Commissariat provide Transport, may be followed.

On receiving a requisition for Transport, you will examine it, and should it be within the limits of the Regulation, if for Baggage, or for any other authorized public Service, you will provide a sufficiency of Tonnage, if by Water, or of Waggons, Drays, Carts, or Mules (according to the customs of the Country), if by Land, for the Conveyance of the Baggage or Stores required to be transported; and as regards Transport by Land specially provided, and not furnished from a Transport Establishment attached to the Commissariat, or under a Contract specifying a rate for quantities, as it may happen that the state of the Roads or other circumstances sometimes render it necessary to increase the means of Conveyance for a given quantity of Baggage or Stores, a Certificate should be annexed to the Voucher in support of the charge in your Accounts, that the means of Transport provided have not been more than sufficient to comply with the requisitions.

If in the case of Baggage it should appear to you, that the requisition is for quantities beyond the Regulation, or, in the case of a requisition for any other purpose, that the public ought not to provide the Transport, you will submit your objection to the Officer Commanding, in the Form prescribed for questionable Issues of allowances, and take his decision thereon, reporting the case to this Board.

To facilitate as much as possible the Service, and at the same time to ensure an easy and satisfactory examination of the Accounts, it appears to my Lords to be desirable that all payments for Transport should invariably be made either at the Post or Station from or that to which the Baggage or other Articles may be transported, and without any unnecessary delay after the service shall have been performed, that the Requisitions (see Forms Nos. 1 and 2) should bear the signature of a Military Officer of the Quarter Master General's Department, if at Head Quarters, and there be an Officer of that Department on the Staff of the Command, or if not, of the Officer Commanding at an Outpost, or the proper Staff Officer at Head Quarters, and that a list according to the accompanying Form No. 3 signed by the Officer at the head of the Quarter Master General's Department, or by the Officer Commanding be annexed to your Monthly Cash Accounts.

My Lords will request the Secretary at War to give directions that these instructions may be complied with, in so far as the Military Officers are concerned, and they rely on a punctual adherence to them on your part.

I am, Sir,

Your obedient servant,

To the Commissariat Officer in Charge.

N. B. It will be observed, that it is the principle of the above regulation, to permit a larger relative

proportion of admeasurement in respect of the weight allowed, than would be admitted according to the commercial proportion, which is 40 cubic feet, or a ton in admeasurement for 20 hundred weight, or a ton in weight. But in no case is the weight allowed by this regulation to exceed, when packed, the admeasurement of 5 cubic feet for one hundred weight.

1. The allowance of Baggage for Detachments of Troops, Companies, or Services is to be in the same proportion as the part may bear to the whole.

2. Staff Officers, Cavalry Officers, and Mounted Officers of Infantry, when proceeding by water, to be allowed specially to embark, besides the weight of Baggage according to their respective ranks, the equipment for each horse required to be kept by them in the execution of their public duties, and foraged at the public expense, in the following proportions, viz.

For one horse 10 cubic feet admeasurement.

For the second and every other horse in addition 5 ditto ditto.

3. The Arms and Accoutrements of the Infantry and the Arms, Appointments and Saddlery of the Men and Horses of the Cavalry when conveyed by Sea are to be so conveyed at the public expense, without reference to the weight of admeasurement allowed for the heavy Baggage of the Troops or Companies.

4. Regimental Brevet Officers are not to be allowed the quantities according to their Brevet rank, unless they may be in the performance of the duties attaching to the Brevet rank.

5. When an Officer is ordered to proceed on duty to an Out-Station, where for his reasonable comfort and convenience it may, in the opinion of the Officer Commanding the Troops, be necessary that he should provide himself with a tent or marquee out of his own funds, the same, with its appurtenances, is to be conveyed at the public expense in addition to the quantity of Baggage allowed by this regulation.

6. In Southern Africa, and in the Australian Colonies, when an Officer is ordered to proceed on duty to an Out-Station, where the necessaries and conveniences of life are not to be procured on the spot, or within a reasonable distance, the General or other Officer Commanding at the Station from which the said Officer is detached may, upon an application to that effect, grant his authority for the carriage at the public expense, of 2 cwt. additional of Baggage, or its equivalent in admeasurement, belonging to the said Officer; and in cases where the Officer, owing to the distance of the Station to which he may be ordered, and its remoteness from any town, may appear to have a just claim to have a larger allowance of Baggage conveyed at the public expense, the General Officer Commanding will consider such cases to be special, and report the whole of the circumstances for the consideration of the Secretary at War.

7. When a married Officer is provided with a passage in a vessel belonging to, or freighted or chartered by Government, and under the terms of the engagement there shall be spare room in the vessel, not otherwise required for the public Service; or when by land, it may be necessary to hire such means of conveyance for the authorized quantities of Baggage belonging to the Officers and Men as shall admit of some addition being made without incumbrance, a discretion is given in those cases to the Officer Commanding, to direct that a limited quantity of the Baggage belonging to the family of a married Officer may be at the same time conveyed; but it is to be distinctly understood, that on no pretence whatever is an expense to be incurred for this object, nor under any circumstances is the additional Baggage of the married Officer to be conveyed in diminution of the Baggage allowed by this Regulation to the other Officers and Men of the Corps or Detachment.

No. 49 *of* 1848.—The following para. of a Military Letter, No. 124, from the Hon'ble the Court of Directors to the Governor of the Presidency of Fort William in Bengal, dated 1st December 1847, and Copy of a Circular Letter from the War Office, dated 14th January 1846, are published for general information:

"We transmit herewith two Copies of a Circular Letter from the War Office No. 959, dated the 14th January 1846, fixing the allowances to be granted to Provost Sergeants of Garrison or Barrack Cells."

War Office, 14*th January,* 1846.

Sir,—It being desirable that the allowances to the Provost Sergeants of Garrison or Barrack Cells should be at one uniform Rate, whether the individuals employed shall belong to Cavalry or Infantry, I am directed to acquaint you that, in lieu of the Rates specified in the War Office Circular of 30th April last, No. 941, the following are established from 1st instant:

G. 50121

46

At a Garrison where the number of Cells in the charge of the Provost Sergeant exceeds six,.....	An allowance exclusive of Pay and Beer Money of 1*s.* 2*d.* per diem.
At a Garrison where the number of Cells does not exceed six, or where the Provost Sergeant acts Regimentally only, and is not liable to take charge of Prisoners of other Corps, ...	An allowance, exclusive of Pay and Beer Money of 8*d.* per diem.

The allowance in every case to be charged and vouched in the manner prescribed in the Circular Letter above referred to.

I am further instructed to point out, that under the Rules and Regulations for the management of Garrison and Barrack Cells, Corporals are not eligible for the responsible situation of Provost Sergeants, neither should a Pensioner be appointed Provost Sergeant to Garrison or Barrack Cells without the previous sanction of the Adjutant General, who will communicate with the Secretary at War as to the rate of Pay to be allowed in addition to Pension.

No. 50 *of* 1848.—The following para. of a Military Letter No. 126, dated 1st December 1847, from the Hon'ble the Court of Directors to the Governor of the Presidency of Fort William in Bengal, and copy of a Circular Letter from the War Office, dated 12th November 1847, are published for general information.

We transmit herewith three copies of a Circular Letter from the War Office, No. 994, dated the

12th November 1847, stating that Soldiers who may neglect to claim their Good Conduct Pay at the periods at which they become entitled to that reward will hereafter be deemed to have established their claims thereto only from the date on which the claim may be preferred.

CIRCULAR 994.

War Office, 12th November 1847.

SIR,—I am directed to acquaint you, that in many instances, Soldiers have neglected to prefer their claims to Good Conduct Pay at the periods at which they were under the Good Conduct Warrant entitled to claim that reward.

93. 201
2 Bn.
421

This delay has been represented as peculiarly prejudicial to those men who, if they had established their claim at the time when they could have done so would, upon a subsequent entry in the Defaulters' Book, have been subjected only to the forfeiture of 1*d.* a day for one year, instead of being required to wait two years after such entry before they could establish a claim to Good Conduct Pay at all, and the Secretary at War has, in such cases been called upon to give a constrained but favorable, interpretation to the Warrant.

Although the question has entirely arisen from the neglect of the man to make that claim to which he would have been unquestionably entitled, had he preferred it at the proper time, the Secretary at War has felt it to be extremely difficult to withhold from the Soldier that reward for Good Conduct which had been promised to him by Her Majesty's Warrant, the more particularly as it is the duty of Commanding Officers to take care that Soldiers under their Command shall not suffer by their own negligence or by want of knowledge of their own right.

The Secretary at War desires therefore that it be clearly understood, that if Soldiers shall have neglected to claim Good Conduct Pay at the time at which they may have become entitled to that reward, they will not be allowed any retrospect if their claims are not preferred on or before the 31st December next for Regiments in the United Kingdom, on or before the 31st March next for Regiments in the Colonies; and on or before the 31st July next for Regiments in the East Indies and in China and Australia, and that all claims to Good Conduct Pay brought forward after those dates respectively, will be deemed to be established only from the dates on which they may be preferred.

I have the honor to be, &c.,

General Department.

To W. Tayler, Esquire,
Post Master General, Calcutta.

Sir,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas;* and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.

2.—Parties must tender for each division separately, and be prepared for the acceptance of their offer for one division, and its rejection in another. No general tender will be accepted, but the same party may tender for both descriptions of fuel, and for more than one Division, specifying separately the rate for each. The tenders must specify the rate per hundred bazar maunds of Coal or Wood.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality, and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which, with the exception of two maunds, will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, and recently felled, of the heaviest and best quality procurable, either of the trunks of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 to 15 inches; and both coal and wood must be protected from the rain and the coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractor will be required under penalty to maintain constantly in store fuel for three months estimated consumption. The Government will not be pledged however, to take monthly or yearly the entire estimated quantity, as circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated may be insufficient; and the Contractor will be required to undertake that in such cases he will on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present estimate, and on the same terms of contract.

6.—The Clause requiring that fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the contract, but at the expiration of the contract, Government will take over or transfer to new Contractors such quantity or quantities of fuel as may remain in the Depots to the extent of two months' supply at the contract price.

7.—Should the Contractor fail to provide coal equal to the muster, or wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved fuel at the expense of the Contractor.

8.—Government will advance to the Contractor, under approved security, one half of the estimated outlay for fuel for one year, and will further on the production of receipts from Commanders of the

Steamers for fuel delivered on board their respective vessels by the Contractor pay one quarter of the contract price of the fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of fuel than shall on winding up the year's account appear to have been supplied the excess, shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractor on account of Monies paid to him, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of fuel supplied by him or be otherwise recoverable as a debt.

9.—Wood will not be received on Board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of wood instead of coal, the Contractor for coal shall be debited with the contract price of five maunds of wood for every maund of coal he may fail to supply. Should the Contractor for wood fail in his supply, and the Government Boat be obliged to consume coal instead, the Contractor shall for every maund of wood not supplied, pay to Government eight annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10.—The Party whose Tender is accepted, will be required to enter into the usual Penalty bond for the due fulfilment of his engagement.

By order of the Superintendent of Marine.

NOTIFICATION.—An Examination will be held early in April 1848, in the College of Fort William, for the purpose of filling up existing vacancies in the Military Class of the Medical College—all candidates will be expected to possess a knowledge of the Hindustani Language, adequate to enable them to read and write it in the Persian or Devanagri characters.

2d. All Interpreters of Regiments and Battalions will be requested through the Military Department, not to grant certificates of qualification to any candidates, under the age of fifteen and above that of twenty years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this, that the above measure has been adopted.

3d. Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper descriptive roll may be prepared for transmission to the Examiners of the College of Fort William.

4th. The preference in selection, attainments being equal, will be given to those who have already been attached to, or served in civil or regimental hospitals.

5th. No candidate will be allowed to present himself for examination who cannot produce a written testimonial of his conduct and character, or afford satisfactory evidence as to who and what he may be. A few individuals of decidedly bad character have, upon recent occasions, managed to obtain admittance, it is supposed by producing false papers; the strictest care and scrutiny will therefore be exercised in examining the credentials of all future candidates.

6th. All pupils must, as a condition of their appointment, reside within the College premises at all times, and *never* be absent from morning and evening muster without special leave.

7th. All students in the Military Class are amenable to the Articles of War, and regularly enlisted as Soldiers.

8th. No candidate will be admitted to the School, who is physically unfit for the duties of a Soldier.

2.—Parties must tender for each division separately, and be prepared for the acceptance of their offer for one division, and its rejection in another. No general tender will be accepted, but the same party may tender for both descriptions of fuel, and for more than one Division, specifying separately the rate for each. The tenders must specify the rate per hundred bazar maunds of Coal or Wood.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality, and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which, with the exception of two maunds, will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, and recently felled, of the heaviest and best quality procurable, either of the trunks of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 to 15 inches; and both coal and wood must be protected from the rain and the coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractor will be required under penalty to maintain constantly in store fuel for three months estimated consumption. The Government will not be pledged however, to take monthly or yearly the entire estimated quantity, as circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated may be insufficient; and the Contractor will be required to undertake that in such cases he will on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present estimate, and on the same terms of contract.

6.—The Clause requiring that fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the contract, but at the expiration of the contract, Government will take over or transfer to new Contractors such quantity or quantities of fuel as may remain in the Depots to the extent of two months' supply at the contract price.

7.—Should the Contractor fail to provide coal equal to the muster, or wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved fuel at the expense of the Contractor.

8.—Government will advance to the Contractor, under approved security, one half of the estimated outlay for fuel for one year, and will further on the production of receipts from Commanders of the

Steamers for fuel delivered on board their respective vessels by the Contractor pay one quarter of the contract price of the fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of fuel than shall on winding up the year's account appear to have been supplied the excess, shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractor on account of Monies paid to him, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of fuel supplied by him or be otherwise recoverable as a debt.

9.—Wood will not be received on Board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of wood instead of coal, the Contractor for coal shall be debited with the contract price of five maunds of wood for every maund of coal he may fail to supply. Should the Contractor for wood fail in his supply, and the Government Boat be obliged to consume coal instead, the Contractor shall for every maund of wood not supplied, pay to Government eight annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10.—The Party whose Tender is accepted, will be required to enter into the usual Penalty bond for the due fulfilment of his engagement.

By order of the Superintendent of Marine.

The 6th January, 1848. JAS. SUTHERLAND, *Secretary*.

3d.—The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M; but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or, if the quantity of 2,610 Chests shall not be sold on the day advertized, the Board may dispose of the Lots which remain on hand at a future Sale.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 25 per Cent. even money of the amount for which each lot is knocked down, shall be made by the purchaser in the Sale Room, and before the lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the Purchasers at this Office, by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 23rd February, 1848; or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid shall have been delivered in, shall be re-sold at such time or times, and under such conditions of re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 23rd February 1848, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

11th.—The Officer Superintending the Sale, on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time, a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid.

12th.—With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government Superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bonâ fide bidder for a lot, after it has been offered for Sale in the mode here described, shall be held and declared to be the Purchaser of the said lot, and the Officer of Government Superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees, specified in the 2d Clause of these Conditions.

13th.—The Purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of twenty-five lots, and for the lots so purchased, the Purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, and pay the same price per chest as that for which he purchased his first lot; provided always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William, in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 2—Report of the Examination of such Opium.

16th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1846-47, the same precautions having been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake.

An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the dispatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Any further information respecting weight or quality of the Opium advertized for sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium; but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug which may be preferred in reference to chests after the sale and delivery of the Opium for shipment.

18th.—The Public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1846-47, will be brought to sale in the present season on or about the dates specified below:—

2.—Parties must tender for each division separately, and be prepared for the acceptance of their offer for one division, and its rejection in another. No general tender will be accepted, but the same party may tender for both descriptions of fuel, and for more than one Division, specifying separately the rate for each. The tenders must specify the rate per hundred bazar maunds of Coal or Wood.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality, and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which, with the exception of two maunds, will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, and recently felled, of the heaviest and best quality procurable, either of the trunks of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 to 15 inches; and both coal and wood must be protected from the rain and the coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractor will be required under penalty maintain constantly in store fuel for three months estimated consumption. The Government will not be pledged however, to take monthly or yearly the entire estimated quantity, as circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated may be insufficient; and the Contractor will be required to undertake that in such cases he will on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present estimate, and on the same terms of contract.

6.—The Clause requiring that fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the contract, but at the expiration of the contract, Government will take over or transfer to new Contractors such quantity or quantities of fuel as may remain in the Depots to the extent of two months' supply at the contract price.

7.—Should the Contractor fail to provide coal equal to the muster, or wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved fuel at the expense of the Contractor.

8.—Government will advance to the Contractor, under approved security, one half of the estimated outlay for fuel for one year, and will further on the production of receipts from Commanders of the

Steamers for fuel delivered on board their respective vessels by the Contractor pay one quarter of the contract price of the fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of fuel than shall on winding up the year's account appear to have been supplied the excess, shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractor on account of Monies paid to him, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of fuel supplied by him or be otherwise recoverable as a debt.

9.—Wood will not be received on Board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of wood instead of coal, the Contractor for coal shall be debited with the contract price of five maunds of wood for every maund of coal he may fail to supply. Should the Contractor for wood fail in his supply, and the Government Boat be obliged to consume coal instead, the Contractor shall for every maund of wood not supplied, pay to Government eight annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10.—The Party whose Tender is accepted, will be required to enter into the usual Penalty bond for the due fulfilment of his engagement.

By order of the Superintendent of Marine.

The 6th January, 1848. JAS. SUTHERLAND, *Secretary*.

Produce of Behar Agency, ...	Chests	1,830
Ditto of Benares ditto,.....	„	780
Total Chests,...		2,610

CONDITIONS OF SALE.

1st.—The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2d.—The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price; except under the circumstances for which provision is made by Clause 12th of the Conditions of Sale.

3d.—The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M; but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a public Holiday.) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or, if the quantity of 2,610 Chests shall not be sold on the day advertized, the Board may dispose of the Lots which remain on hand at a future Sale.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 25 per Cent. even money of the amount for which each lot is knocked down, shall be made by the purchaser in the Sale Room, and before the lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the Purchasers at this Office, by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 23rd February, 1848; or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times, and under such conditions of re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 23rd February 1848, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th.—No Tender of Money, Sub-Treasurer's Receipts, or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 23rd February, 1848, will be afterwards accepted.

8th.—The Opium now advertised for Sale shall be paid for within fifteen clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday the 7th of March, 1848, and in case any lots of such Opium shall not be so paid for, and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or any Public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium shall think fit, and the first Purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale, and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9th.—Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities, under the fifth of the pre-

sent Conditions, will be received in this Office, except from the party recorded as the Purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such Purchaser, and the Securities so deposited will be returned when clearance has been made by the said Purchaser or his order.

11th.—The Officer Superintending the Sale, on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time, a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid.

12th.—With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government Superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bonâ fide bidder for a lot, after it has been offered for Sale in the mode here described, shall be held and declared to be the Purchaser of the said lot, and the Officer of Government Superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees, specified in the 2d Clause of these Conditions.

13th.—The Purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of twenty-five lots, and for the lots so purchased, the Purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, and pay the same price per chest as that for which he purchased his first lot; provided always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William, in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1—Certificate of the Opium now advertized for Sale.

No. 2—Report of the Examination of such Opium.

16th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1846-47, the same precautions having been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake.

An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the dispatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Any further information respecting weight or quality of the Opium advertized for sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium; but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug which may be preferred in reference to chests after the sale and delivery of the Opium for shipment.

18th.—The Public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1846-47, will be brought to sale in the present season on or about the dates specified below:—

General Department.

To W. Tayler, Esquire,
Post Master General, Calcutta.

Sir,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas;* and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight,* because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be

forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.,

GENERAL POST OFFICE, MAY 1847.

The Post Master General having been informed by the Court of Directors of the East India Company, that on and after the 1st June next, persons in this Country may forward private correspondence by the Government Express from Bombay to Calcutta and Madras, all persons desirous of availing themselves of this privilege, will be required to mark upon the covers of their letters the words "By Express from Bombay," and in addition to this special address, it will be necessary, that all letters intended to be forwarded by the way of Southampton, should be so endorsed as hitherto; the postage to be charged in India in the delivery of letters sent by this Express will be in addition to the ordinary Inland rates.

One Rupee for every letter not exceeding half a tola in weight.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolas in weight, two tolas being the maximum weight of letters to be conveyed by Express.

On Newspapers, each Newspaper Office in Calcutta and Madras, will be allowed to receive two Newspapers at the ordinary rates of Inland postage, on all other Newspapers forwarded by Express a postage of five Rupees each will be charged, and no Newspaper will be received for the Express exceeding three tolas in weight.

N. B. One tola and a quarter is nearly equivalent to half an ounce avoirdupoise.

2.—Parties must tender for each division separately, and be prepared for the acceptance of their offer for one division, and its rejection in another. No general tender will be accepted, but the same party may tender for both descriptions of fuel, and for more than one Division, specifying separately the rate for each. The tenders must specify the rate per hundred bazar maunds of Coal or Wood.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality, and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which, with the exception of two maunds, will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, and recently felled, of the heaviest and best quality procurable, either of the trunks of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 to 15 inches; and both coal and wood must be protected from the rain and the coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractor will be required under penalty to maintain constantly in store fuel for three months estimated consumption. The Government will not be pledged however, to take monthly or yearly the entire estimated quantity, as circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated may be insufficient; and the Contractor will be required to undertake that in such cases he will on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present estimate, and on the same terms of contract.

6.—The Clause requiring that fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the contract, but at the expiration of the contract, Government will take over or transfer to new Contractors such quantity or quantities of fuel as may remain in the Depots to the extent of two months' supply at the contract price.

7.—Should the Contractor fail to provide coal equal to the muster, or wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved fuel at the expense of the Contractor.

8.—Government will advance to the Contractor, under approved security, one half of the estimated outlay for fuel for one year, and will further on the production of receipts from Commanders of the

Steamers for fuel delivered on board their respective vessels by the Contractor pay one quarter of the contract price of the fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of fuel than shall on winding up the year's account appear to have been supplied the excess, shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractor on account of Monies paid to him, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of fuel supplied by him or be otherwise recoverable as a debt.

9.—Wood will not be received on Board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of wood instead of coal, the Contractor for coal shall be debited with the contract price of five maunds of wood for every maund of coal he may fail to supply. Should the Contractor for wood fail in his supply, and the Government Boat be obliged to consume coal instead, the Contractor shall for every maund of wood not supplied, pay to Government eight annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10.—The Party whose Tender is accepted, will be required to enter into the usual Penalty bond for the due fulfilment of his engagement.

By order of the Superintendent of Marine.

The 6th January, 1848. JAS. SUTHERLAND, *Secretary.*

CONDITIONS OF SALE

1st.—The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2d.—The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price; except under the circumstances for which provision is made by Clause 12th of the Conditions of Sale.

3d.—The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M; but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or, if the quantity of 2,610 Chests shall not be sold on the day advertized, the Board may dispose of the Lots which remain on hand at a future Sale.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 25 per Cent. even money of the amount for which each lot is knocked down, shall be made by the purchaser in the Sale Room, and before the lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the Purchasers at this Office, by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 23rd February, 1848; or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times, and under such conditions of re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 23rd February 1848, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th.—No Tender of Money, Sub-Treasurer's Receipts, or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 23rd February, 1848, will be afterwards accepted.

8th.—The Opium now advertised for Sale shall be paid for within fifteen clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday the 7th of March, 1848, and in case any lots of such Opium shall not be so paid for, and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or any Public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium shall think fit, and the first Purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale, and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9th.—Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities, under the fifth of the pre-

sent Conditions, will be received in this Office, except from the party recorded as the Purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such Purchaser, and the Securities so deposited will be returned when clearance has been made by the said Purchaser or his order.

11th.—The Officer Superintending the Sale, on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time, a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid.

12th.—With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government Superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bonâ fide bidder for a lot, after it has been offered for Sale in the mode here described, shall be held and declared to be the Purchaser of the said lot, and the Officer of Government Superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees, specified in the 2d Clause of these Conditions.

13th.—The Purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of twenty-five lots, and for the lots so purchased, the Purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, and pay the same price per chest as that for which he purchased his first lot; provided always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William, in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1—Certificate of the Opium now advertized for Sale.

No. 2—Report of the Examination of such Opium.

16th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1846-47, the same precautions having been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake.

An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the dispatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Any further information respecting weight or quality of the Opium advertized for sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium; but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug which may be preferred in reference to chests after the sale and delivery of the Opium for shipment.

18th.—The Public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1846-47, will be brought to sale in the present season on or about the dates specified below:—

NOTIFICATION.—An Examination will be held early in April 1848, in the College of Fort William, for the purpose of filling up existing vacancies in the Military Class of the Medical College—all candidates will be expected to possess a knowledge of the Hindustani Language, adequate to enable them to read and write it in the Persian or Devanagri characters.

2d. All Interpreters of Regiments and Battalions will be requested through the Military Department, not to grant certificates of qualification to any candidates, under the age of fifteen and above that of twenty years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this, that the above measure has been adopted.

3d. Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper descriptive roll may be prepared for transmission to the Examiners of the College of Fort William.

4th. The preference in selection, attainments being equal, will be given to those who have already been attached to, or served in civil or regimental hospitals.

5th. No candidate will be allowed to present himself for examination who cannot produce a written testimonial of his conduct and character, or afford satisfactory evidence as to who and what he may be. A few individuals of decidedly bad character have, upon recent occasions, managed to obtain admittance, it is supposed by producing false papers; the strictest care and scrutiny will therefore be exercised in examining the credentials of all future candidates.

6th. All pupils must, as a condition of their appointment, reside within the College premises at all times, and *never* be absent from morning and evening muster without special leave.

7th. All students in the Military Class are amenable to the Articles of War, and regularly enlisted as Soldiers.

8th. No candidate will be admitted to the School, who is physically unfit for the duties of a Soldier.

Section XI.—The Government of each Presidency may grant to Civil or Military Servants holding Civil Appointments, leave of absence for one month in each year, without deduction from the Salaries and Emoluments drawn by such Servants. No second leave can be granted under this Rule, until the completion of eleven months, from the expiration of the last leave.

NOTICE.—With reference to the London Post Master General's Notification regarding the rates of postage to be charged upon Letters received from Bombay by the Government Express, which was published with a notice from this Office of yesterday's date, the following Letter since received from the Post Master General of Bombay on the subject, is also published for general information.

W. TAYLER,
Post Master General.

Fort William, Genl. Post Office,
The 24th July, 1847.

No. 966 *of* 1847.
General Department.

To W. TAYLER, Esquire,
Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas;* and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notifica-

tion of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c,

NOTICE.—The following Notice of the Post Master General of London, received through the Post Master General of Bombay, is published for general information.

W. TAYLER, *Post Master Genl.*

Calcutta, Genl. Post Office,
the 23d July, 1847.

GENERAL POST OFFICE, MAY 1847.

The Post Master General having been informed by the Court of Directors of the East India Company, that on and after the 1st June next, persons in this Country may forward private correspondence by the Government Express from Bombay to Calcutta and Madras, all persons desirous of availing themselves of this privilege, will be required to mark upon the covers of their letters the words "By Express from Bombay," and in addition to this special address, it will be necessary, that all letters intended to be forwarded by the way of Southampton, should be so endorsed as hitherto; the postage to be charged in India in the delivery of letters sent by this Express will be in addition to the ordinary Inland rates.

One Rupee for every letter not exceeding half a tola in weight.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolas in weight, two tolas being the maximum weight of letters to be conveyed by Express.

On Newspapers, each Newspaper Office in Calcutta and Madras, will be allowed to receive two Newspapers at the ordinary rates of Inland postage, on all other Newspapers forwarded by Express a postage of five Rupees each will be charged, and no Newspaper will be received for the Express exceeding three tolas in weight.

N. B. One tola and a quarter is nearly equivalent to half an ounce avoirdupoise.

No general tender will be accepted, but the same party may tender for both descriptions of fuel, and for more than one Division, specifying separately the rate for each. The tenders must specify the rate per hundred bazar maunds of Coal or Wood.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality, and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which, with the exception of two maunds, will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, and recently felled, of the heaviest and best quality procurable, either of the trunks of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 to 15 inches; and both coal and wood must be protected from the rain and the coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractor will be required under penalty to maintain constantly in store fuel for three months estimated consumption. The Government will not be pledged however, to take monthly or yearly the entire estimated quantity, as circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated may be insufficient; and the Contractor will be required to undertake that in such cases he will on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present estimate, and on the same terms of contract.

6.—The Clause requiring that fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the contract, but at the expiration of the contract, Government will take over or transfer to new Contractors such quantity or quantities of fuel as may remain in the Depots to the extent of two months' supply at the contract price.

7.—Should the Contractor fail to provide coal equal to the muster, or wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved fuel at the expense of the Contractor.

8.—Government will advance to the Contractor, under approved security, one half of the estimated outlay for fuel for one year, and will further on the production of receipts from Commanders of the

Steamers for fuel delivered on board their respective vessels by the Contractor pay one quarter of the contract price of the fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of fuel than shall on winding up the year's account appear to have been supplied the excess, shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractor on account of Monies paid to him, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of fuel supplied by him or be otherwise recoverable as a debt.

9.—Wood will not be received on Board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of wood instead of coal, the Contractor for coal shall be debited with the contract price of five maunds of wood for every maund of coal he may fail to supply. Should the Contractor for wood fail in his supply, and the Government Boat be obliged to consume coal instead, the Contractor shall for every maund of wood not supplied, pay to Government eight annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10.—The Party whose Tender is accepted, will be required to enter into the usual Penalty bond for the due fulfilment of his engagement.

By order of the Superintendent of Marine.

Ditto of Benares ditto,.....	„	780

CONDITIONS OF SALE.

1st.—The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2d.—The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price; except under the circumstances for which provision is made by Clause 12th of the Conditions of Sale.

3d.—The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M; but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a public Holiday.) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or, if the quantity of 2,610 Chests shall not be sold on the day advertized, the Board may dispose of the Lots which remain on hand at a future Sale.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 25 per Cent. even money of the amount for which each lot is knocked down, shall be made by the purchaser in the Sale Room, and before the lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the Purchasers at this Office, by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Wednesday, the 23rd February, 1848; or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times, and under such conditions of re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 23rd February 1848, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th.—No Tender of Money, Sub-Treasurer's Receipts, or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 23rd February, 1848, will be afterwards accepted.

8th.—The Opium now advertised for Sale shall be paid for within fifteen clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday the 7th of March, 1848, and in case any lots of such Opium shall not be so paid for, and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or any Public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium shall think fit, and the first Purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale, and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9th.—Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities, under the fifth of the pre-

sent Conditions, will be received in this Office, except from the party recorded as the Purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such Purchaser, and the Securities so deposited will be returned when clearance has been made by the said Purchaser or his order.

11th.—The Officer Superintending the Sale, on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time, a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid.

12th.—With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government Superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bonâ fide bidder for a lot, after it has been offered for Sale in the mode here described, shall be held and declared to be the Purchaser of the said lot, and the Officer of Government Superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees, specified in the 2d Clause of these Conditions.

13th.—The Purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of twenty-five lots, and for the lots so purchased, the Purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, and pay the same price per chest as that for which he purchased his first lot; provided always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William, in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1—Certificate of the Opium now advertized for Sale.

No. 2—Report of the Examination of such Opium.

16th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1846-47, the same precautions having been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake.

An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the dispatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Any further information respecting weight or quality of the Opium advertized for sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium; but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug which may be preferred in reference to chests after the sale and delivery of the Opium for shipment.

18th.—The Public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1846-47, will be brought to sale in the present season on or about the dates specified below:—

JUST PUBLISHED,

By W. Ridsdale, Military Orphan Society's Press, Calcutta.

Part I. of the **India Register of Medical Science**, a new Monthly Medical Journal, edited by Edward Edlin, M. D., Dy. Apothy. Genl. It is designed to Register the Medical Observations, Experience, and News of the three Presidencies. In this it differs from former Periodicals, which have been chiefly confined to the Presidencies in which they have been printed. The Editor believes that the three Presidencies may permanently maintain a Medical Periodical, but that either separately will scarcely do so. He appeals to the Profession for prompt support.

Part I. contains an account of Professor Webb's new and striking views of the one origin of diseases, such as Fever, Cholera, Dysentery—Chloroform, its history and manufacture in India.—Strychnia in the disease of Horses, called "gone in the loins"—a 'Review of my Reviewers,' by Dr. Esdaile, and other topics.

Parts II., III., IV. will contain complete Medical Lists of the three Presidencies, corrected to a late date, with much interesting professional information. Terms 12 Rs. a year in advance, Transmission at the Editor's cost to Madras and Bombay, if the Periodical meet with encouragement in those Presidencies.

J. R. BURLTON BENNETT,

Calcutta, General Post Office, the 16th February, 1848.

NOTICE.—With reference to the London Post Master General's Notification regarding the rates of postage to be charged upon Letters received from Bombay by the Government Express, which was published with a notice from this Office of yesterday's date, the following Letter since received from the Post Master General of Bombay on the subject, is also published for general information.

W. TAYLER,
Post Master General.

Fort William, Genl. Post Office,
The 24th July, 1847.

No. 966 *of* 1847.

General Department.

To W. TAYLER, Esquire,
Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas;* and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.,

2.—Parties must tender for each division separately, and be prepared for the acceptance of their offer for one division, and its rejection in another. No general tender will be accepted, but the same party may tender for both descriptions of fuel, and for more than one Division, specifying separately the rate for each. The tenders must specify the rate per hundred bazar maunds of Coal or Wood.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality, and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which, with the exception of two maunds, will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, and recently felled, of the heaviest and best quality procurable, either of the trunks of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 to 15 inches; and both coal and wood must be protected from the rain and the coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractor will be required under penalty to maintain constantly in store fuel for three months estimated consumption. The Government will not be pledged however, to take monthly or yearly the entire estimated quantity, as circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated may be insufficient; and the Contractor will be required to undertake that in such cases he will on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present estimate, and on the same terms of contract.

6.—The Clause requiring that fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the contract, but at the expiration of the contract, Government will take over or transfer to new Contractors such quantity or quantities of fuel as may remain in the Depots to the extent of two months' supply at the contract price.

7.—Should the Contractor fail to provide coal equal to the muster, or wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved fuel at the expense of the Contractor.

8.—Government will advance to the Contractor, under approved security, one half of the estimated outlay for fuel for one year, and will further on the production of receipts from Commanders of the

Steamers for fuel delivered on board their respective vessels by the Contractor pay one quarter of the contract price of the fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of fuel than shall on winding up the year's account appear to have been supplied the excess, shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractor on account of Monies paid to him, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of fuel supplied by him or be otherwise recoverable as a debt.

9.—Wood will not be received on Board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of wood instead of coal, the Contractor for coal shall be debited with the contract price of five maunds of wood for every maund of coal he may fail to supply. Should the Contractor for wood fail in his supply, and the Government Boat be obliged to consume coal instead, the Contractor shall for every maund of wood not supplied, pay to Government eight annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10.—The Party whose Tender is accepted, will be required to enter into the usual Penalty bond for the due fulfilment of his engagement.

By order of the Superintendent of Marine.

Part I. of the **India Register of Medical Science** a new Monthly Medical Journal, edited by Edward Edlin, M. D., Dy. Apothy. Genl. It is designed to Register the Medical Observations, Experience, and News of the three Presidencies. In this it differs from former Periodicals, which have been chiefly confined to the Presidencies in which they have been printed. The Editor believes that the three Presidencies may permanently maintain a Medical Periodical, but that either separately will scarcely do so. He appeals to the Profession for prompt support.

Part I. contains an account of Professor Webb's new and striking views of the one origin of diseases, such as Fever, Cholera, Dysentery—Chloroform, its history and manufacture in India.—Strychnia in the disease of Horses, called "gone in the loins"—a 'Review of my Reviewers,' by Dr. Esdaile, and other topics.

Parts II., III., IV. will contain complete Medical Lists of the three Presidencies, corrected to a late date, with much interesting professional information. Terms 12 Rs. a year in advance, Transmission at the Editor's cost to Madras and Bombay, if the Periodical meet with encouragement in those Presidencies.

No. 85 *of* 1848.—With reference to General Order of the 25th October 1822, providing for the issue of wholesome meat to the European Troops, the Right Hon'ble the Governor General in Council is pleased to promulgate the following additional Rules, which are to be considered applicable to all descriptions of Provisions tendered by the Commissariat or its Contractors, for the use of the Soldier in health or sickness.

Whenever any portion of the rations, or diet, tendered for a Corps or Hospital is deemed objectionable, and the Contractor declines exchanging them forthwith, the Commanding Officer should immediately assemble a Regimental Committee for the purpose of inspecting them.

Should the Regimental Committee be of opinion that the articles are unfit to be issued to the men, the Report of the Committee is to be at once sent to the Executive Commissariat Officer, with a view to his immediate attendance, care being taken that the Rations are meanwhile kept in a shady place, under charge of a Sentry.

Should the Commissariat Officer on inspection of the condemned articles coincide in opinion with the Regimental Committee, he will immediately require the Contractor to substitute fresh rations, and in the event of his failing to do so, within a reasonable time, the Commissariat Officer will supply the deficiency at the cost of the Contractor.

If, on the other hand, the Commissariat Officer should be of opinion that the articles objected to, by the Regimental Committee ought to be issued, he will forthwith apply to the Officer Commanding the Station for a Special Committee, which should, when practicable, be composed of Officers not under the rank of Captain, with one or more Medical Officers, and the decision of which Committee is to be considered final.

In all cases of condemnation of Provisions, the Committee Reports should shew whether the articles are deemed of inferior quality only, or decidedly unwholesome; and when pronounced positively unwholesome, whether by a Regimental Committee, the opinion of which is concurred in by the Commanding and Commissariat Officers, or by a Station Committee subsequently convened in accordance with the foregoing Rule, the Provisions are instantly to be destroyed in the presence of the Committee.

Whenever it may happen that from sickness or other unavoidable cause, the Commissariat Officer is unable to proceed to the Lines or Hospital of a Corps to inspect rations condemned by a Regimental Committee, a Special Station Committee is to be at once applied for, and the condemned articles are under no circumstances to be sent to the Commissariat Officer's quarters for inspection previous to the assembly of the Station Committee.

The above additional Rules are to have effect from the date of the expiry of the present contracts, and all Officers concerned will be held strictly and invariably responsible for the observance of them.

No. 86 *of* 1848.—The Right Hon'ble the Governor General in Council having taken into his consideration the opinions of a number of Medical Officers experienced in the treatment of European Troops, in regard to the introduction of Punkahs in European Barracks, is pleased to promulgate the following Rules for their supply and maintenance.

Punkahs shall be supplied at the expense of the State to the Barracks occupied by European Troops at the different stations in the Plains under this Presidency, to be pulled night and day, during the hot season.

The sum of Rupees (25) Twenty-five a month, per Company; and in proportion to the Regulated Strength per Troop, will be granted by Government towards the expense of maintaining Establishments for pulling Punkahs; any additional expenditure that may be necessary for pulling them, being defrayed by the Canteen Fund.

The Punkah Pullers will be entertained at the commencement of the hot season, and discharged at the close of the rains, by Station or other Order, by the Officer Commanding, based on the Report of a Committee, one Member of which should, if possible, be a Medical Officer. Commanding Officers are enjoined to assemble such Committees when it may appear necessary.

The amount chargeable to Government will be paid by the Executive Officer to Commanding Officers of Regiments, monthly, and at detached Stations, to the Officer Commanding the Detachment or Company, and brought forward in the Monthly Current Bills, to which should be attached the receipts from those Officers.

To prevent accidents from breaking of Punkah ropes, the Executive Officer will see that the hanging ropes are examined occasionally, and if necessary, he will at once supply new ropes, supporting the charge by an order from the Commanding Officer.

Commanding Officers will take measures to prevent clothes or other articles being hung on the Punkahs, and Punkah ropes, and take precautions to exact a proper proportion of labor from the Punkah Pullers, who should be placed under the orders of Non-Commissioned Officers, as well to see that they perform their duty, as to protect them from ill usage.

Libraries, Canteens, and Main Guard, may be supplied with Punkahs, but on the distinct understanding, that no excess beyond Rupees (25) Twenty-five per Company, will be defrayed by the Government.

The Military Board will take immediate measures for putting up the requisite number of Punkahs, leaving the position of them to be determined by the Regimental Officers.

No. 87 *of* 1848.—Pensioned Serjeant J. Rooney is appointed an Assistant Overseer in the Department of Public Works, and placed at the disposal of the Officiating Superintending Engineer South Eastern Provinces, for employment in the Arracan Division.

2.—Parties must tender for each division separately, and be prepared for the acceptance of their offer for one division, and its rejection in another. No general tender will be accepted, but the same party may tender for both descriptions of fuel, and for more than one Division, specifying separately the rate for each. The tenders must specify the rate per hundred bazar maunds of Coal or Wood.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality, and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which, with the exception of two maunds, will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, and recently felled, of the heaviest and best quality procurable, either of the trunks of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 to 15 inches; and both coal and wood must be protected from the rain and the coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractor will be required under penalty to maintain constantly in store fuel for three months estimated consumption. The Government will not be pledged however, to take monthly or yearly the entire estimated quantity, as circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated may be insufficient; and the Contractor will be required to undertake that in such cases he will on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present estimate, and on the same terms of contract.

6.—The Clause requiring that fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the contract, but at the expiration of the contract, Government will take over or transfer to new Contractors such quantity or quantities of fuel as may remain in the Depots to the extent of two months' supply at the contract price.

7.—Should the Contractor fail to provide coal equal to the muster, or wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved fuel at the expense of the Contractor.

8.—Government will advance to the Contractor, under approved security, one half of the estimated outlay for fuel for one year, and will further on the production of receipts from Commanders of the

Steamers for fuel delivered on board their respective vessels by the Contractor pay one quarter of the contract price of the fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of fuel than shall on winding up the year's account appear to have been supplied the excess, shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractor on account of Monies paid to him, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of fuel supplied by him or be otherwise recoverable as a debt.

9.—Wood will not be received on Board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of wood instead of coal, the Contractor for coal shall be debited with the contract price of five maunds of wood for every maund of coal he may fail to supply. Should the Contractor for wood fail in his supply, and the Government Boat be obliged to consume coal instead, the Contractor shall for every maund of wood not supplied, pay to Government eight annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10.—The Party whose Tender is accepted, will be required to enter into the usual Penalty bond for the due fulfilment of his engagement.

By order of the Superintendent of Marine.

The 6th January, 1848. JAS. SUTHERLAND, *Secretary.*

It is designed to Register the Medical Observations, Experience, and News of the three Presidencies. In this it differs from former Periodicals, which have been chiefly confined to the Presidencies in which they have been printed. The Editor believes that the three Presidencies may permanently maintain a Medical Periodical, but that either separately will scarcely do so. He appeals to the Profession for prompt support.

Part I. contains an account of Professor Webb's new and striking views of the one origin of diseases, such as Fever, Cholera, Dysentery—Chloroform, its history and manufacture in India.—Strychnia in the disease of Horses, called "gone in the loins"—a 'Review of my Reviewers,' by Dr. Esdaile, and other topics.

Parts II., III., IV. will contain complete Medical Lists of the three Presidencies, corrected to a late date, with much interesting professional information. Terms 12 Rs. a year in advance, Transmission at the Editor's cost to Madras and Bombay, if the Periodical meet with encouragement in those Presidencies.

NOTICE.—Mean Time was this day shewn to the Shipping in the River from the Semaphore Tower in the Fort, One Second (1s.) after Mean Noon.

GEORGE WARREN, *Lt. Col., Town Major.*

Fort William, 28th February, 1848.

NOTIFICATION.—An Examination will be held early in April 1848, in the College of Fort William, for the purpose of filling up existing vacancies in the Military Class of the Medical College—all candidates will be expected to possess a knowledge of the Hindustani Language, adequate to enable them to read and write it in the Persian or Devanagri characters.

2d. All Interpreters of Regiments and Battalions will be requested through the Military Department, not to grant certificates of qualification to any candidates, under the age of fifteen and above that of twenty years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this, that the above measure has been adopted.

3d. Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper descriptive roll may be prepared for transmission to the Examiners of the College of Fort William.

4th. The preference in selection, attainments being equal, will be given to those who have already been attached to, or served in civil or regimental hospitals.

5th. No candidate will be allowed to present himself for examination who cannot produce a written testimonial of his conduct and character, or afford satisfactory evidence as to who and what he may be. A few individuals of decidedly bad character have, upon recent occasions, managed to obtain admittance, it is supposed by producing false papers; the strictest care and scrutiny will therefore be exercised in examining the credentials of all future candidates.

6th. All pupils must, as a condition of their appointment, reside within the College premises at all times, and *never* be absent from morning and evening muster without special leave.

7th. All students in the Military Class are amenable to the Articles of War, and regularly enlisted as Soldiers.

8th. No candidate will be admitted to the School, who is physically unfit for the duties of a Soldier.

NOTICE.—With reference to the London Post Master General's Notification regarding the rates of postage to be charged upon Letters received from Bombay by the Government Express, which was published with a notice from this Office of yesterday's date, the following Letter since received from the Post Master General of Bombay on the subject, is also published for general information.

W. TAYLER,

Post Master General.

Fort William, Genl. Post Office,
The 24th July, 1847.

No. 966 *of* 1847.

General Department.

To W. TAYLER, Esquire,
Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas;* and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight,* because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas,* but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit,* and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.,

Post Master General.

2.—Parties must tender for each division separately, and be prepared for the acceptance of their offer for one division, and its rejection in another. No general tender will be accepted, but the same party may tender for both descriptions of fuel, and for more than one Division, specifying separately the rate for each. The tenders must specify the rate per hundred bazar maunds of Coal or Wood.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality, and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which, with the exception of two maunds, will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, and recently felled, of the heaviest and best quality procurable, either of the trunks of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 to 15 inches; and both coal and wood must be protected from the rain and the coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractor will be required under penalty to maintain constantly in store fuel for three months estimated consumption. The Government will not be pledged however, to take monthly or yearly the entire estimated quantity, as circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated may be insufficient; and the Contractor will be required to undertake that in such cases he will on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present estimate, and on the same terms of contract.

6.—The Clause requiring that fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the contract, but at the expiration of the contract, Government will take over or transfer to new Contractors such quantity or quantities of fuel as may remain in the Depots to the extent of two months' supply at the contract price.

7.—Should the Contractor fail to provide coal equal to the muster, or wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved fuel at the expense of the Contractor.

8.—Government will advance to the Contractor, under approved security, one half of the estimated outlay for fuel for one year, and will further on the production of receipts from Commanders of the

Steamers for fuel delivered on board their respective vessels by the Contractor pay one quarter of the contract price of the fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of fuel than shall on winding up the year's account appear to have been supplied the excess, shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractor on account of Monies paid to him, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of fuel supplied by him or be otherwise recoverable as a debt.

9.—Wood will not be received on Board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of wood instead of coal, the Contractor for coal shall be debited with the contract price of five maunds of wood for every maund of coal he may fail to supply. Should the Contractor for wood fail in his supply, and the Government Boat be obliged to consume coal instead, the Contractor shall for every maund of wood not supplied, pay to Government eight annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10.—The Party whose Tender is accepted, will be required to enter into the usual Penalty bond for the due fulfilment of his engagement.

By order of the Superintendent of Marine.

SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

WEDNESDAY, MARCH 1, 1848.

Fort William, Home Department, Legislative, the 26th February, 1848.

The following Act passed by the Governor General of India in Council on the 26th of February 1848 is hereby promulgated for general information.

Act No. II. of 1848.

An Act to confer certain powers and privileges on the Commissioners for the Improvement of the Town of Calcutta, and to provide for the execution of certain public works by them.

Whereas by Act No. XVI. of 1847, it was amongst other things enacted, that the whole proceeds of the rates and taxes therein aforesaid, after paying all establishments and incidental expences should, together with such monies as the Government of Bengal, with the sanction of the Governor General in Council, might direct to be paid over to the Commissioners for the Improvement of the Town of Calcutta therein aforesaid, be applied by them to the following purposes, viz.

Formation of Tanks and Aqueducts for the conveyance of water to all parts of the Town.

Opening of Streets and Squares in crowded parts of the Town.

Filling up Stagnant Pools of Water and removing obstructions to the free circulation of air.

Lighting and Watering the Roads and Streets.

Cleansing and repairing the same and the drains of the said Town.

And improving and embellishing the said Town generally.

And whereas for the effectual accomplishment of the purposes aforesaid it is expedient that the said Commissioners should be empowered to appoint a Clerk and a Surveyor and other necessary Officers, and that the said Commissioners and their said Clerk and their said Surveyor and other Officers should exercise powers interfering with the rights and property of individuals:

I. It is therefore hereby enacted, that the said Commissioners shall, subject to confirmation or disallowance by the Governor of Bengal, nominate and appoint fit and proper persons to be their Surveyor and Clerk and other necessary Officers, who shall receive such salaries as to the Governor of Bengal shall seem meet.

II. And it is hereby enacted, that for the purpose of constructing one or more Aqueducts for bringing pure and wholesome water to the Town of Calcutta from any place without the local limits of the jurisdiction of Her Majesty's Supreme Court of Judicature, it shall be lawful, whenever a plan for an Aqueduct shall have been approved by the Governor of Bengal, for every Commissioner, and for the Surveyor and Clerk to the Commissioners with such Assistants as they may require, to exercise in the construction of such Aqueduct, throughout the line of country through which such Aqueduct is to run, all the powers which by this Act it is lawful for them to exercise within the said local limits, and which may be necessary for the construction of such Aqueduct without being subject to any action or molestation whatever for so doing. And it shall also be lawful for any Magistrate of any district through which the said Aqueduct is to run, in furtherance of the construction of such Aqueduct, to do such acts, and he is hereby required to do such acts as it is by this Act lawful for a Magistrate of the Town of Calcutta to do, and as he is by this Act required to do in furtherance of any work to be executed by the said Commissioners within the said local limits.

III. And it is hereby enacted, that it shall be lawful for the said Commissioners instead of executing any of the works which by this Act they are authorized to execute, by themselves, their Servants and Assistants, to execute the same by contract with any individual or Company who may be willing to undertake the same, and in that case it shall be lawful for such individual or such Company to exercise and enjoy all the powers and privileges which by this Act it is lawful for the said Commissioners to exercise and enjoy in the execution of any such work.

IV. And it is enacted, that if in carrying into execution any of the powers or authorities of this Act any house, building or other hereditament shall be damaged or otherwise prejudicially affected, the said Commissioners shall make good such damage and pay to the Owner and Occupier of such house, building or other hereditament such amount of compensation for such injury as shall be agreed upon between such Owner and Occupier, and the said Commissioners, and if such Owner or Occupier, and the said Commissioners cannot agree as to the amount of such compensation and the

proportions thereof to be paid to such Owner and Occupier respectively then the amount of such compensation, and also the proportions which the persons claiming the same are entitled to shall be settled and recovered by arbitration or the verdict of a Jury to be summoned and returned in the manner provided in Act No. XXII. of 1847, entitled an Act to enable the Commissioners who may be appointed under Act No. XVI. of 1847, to purchase real or personal property for the Improvement of the Town of Calcutta.

V. And it is enacted, that if any person at any time shall obstruct or molest the said Commissioners or any Clerk, or Surveyor, or other Officer, or any workman, or other person employed by them, or any person or Company with whom they may have contracted under the provisions of this Act, or any person employed by them in the performance and execution of their or his duty, or any thing which they are respectively required or authorized to do by virtue, or in consequence of this Act, every such person so offending shall for every such offence on conviction before a Magistrate, forfeit and pay any sum not exceeding Fifty Rupees.

VI. And it is enacted, that every Commissioner and the Surveyor, and Clerk to the Commissioners, with such Assistants as they may require, shall for the purposes of this Act, have full power and authority at all seasonable hours in the day time to enter, or to direct his subordinate Officers to enter into and upon any land or tenement, and in and upon the land on which any house, building or other erection is built or building, or intended to be built, and into and upon any buildings or any part thereof without being liable to any action at Law or Suit in Equity, or any other legal proceedings or molestation whatsoever for or on account of such entry, or of any thing done or to be done in any part thereof in pursuance of this Act. Provided that none of the persons abovementioned shall enter upon any lands or tenements which may be occupied at the time unless with the consent of the occupier thereof, without previously giving the said occupier reasonable notice of his or their intention to do so.

VII. And it is enacted, that the management and controul over all and every of the streets, public ways and public thoroughfares of every kind and description within the said Town of Calcutta existing at the time of the passing of this Act, and of all parts of the said Town which shall hereafter become streets, public ways or public thoroughfares of any kind or description, and the pavements and other materials therein, and all erections and buildings, materials, implements or other things provided for the said streets, public ways and public thoroughfares by or under the authority of the Government of Bengal, or by the Magistrates of Calcutta, or by the said Commissioners, shall be the property of, and are hereby vested in the said Commissioners as Trustees.

VIII. And it is enacted, that it shall be lawful for the said Commissioners with the consent and approbation of the Government of Bengal to pave and water such of the streets, public ways and public thoroughfares existing in the said Town at the time of the passing of this Act, or at any future time as they shall think fit.

IX. And it is enacted, that the said Commissioners shall keep in sufficient repair every street, public way and public thoroughfare existing in the said Town at the time of passing this Act, or at any future time, and shall be liable to be indicted for not sufficiently repairing the same.

X. And it is enacted, that if any person shall displace, take up or make any alteration in the pavements, flags or other materials of any foot or carriage way in any street within the said Town without the consent in writing of the said Commissioners, or of their said Surveyor, or shall cause any obstruction to, or make any encroachment upon any street in the said Town, any such person so offending shall for every such offence on conviction before a Magistrate forfeit and pay a sum not exceeding Fifty Rupees.

XI. And whereas it is essential to the health and convenience of the inhabitants that straight and spacious streets and thoroughfares should be continued where they have been begun, and should be opened at convenient and suitable distances where such do not at present exist so as to perforate the mass of buildings within the said Town in straight lines as nearly as may be from South to North, and from East to West, crossing each other at right angles, and from South East to North West and from South West to North East, crossing the straight lines abovementioned diagonally with large open spaces forming squares or circles at convenient and suitable distances from whence the said streets may conveniently diverge in lines without interruption to the river and to the open country without the said Town so far as the completion of such plan may be practicable and where not entirely practicable upon a plan as nearly approaching to such plan as may be: And whereas it is also expedient and necessary that the narrow lanes and gullys which compose the greater part of the said Town inhabited by the Native inhabitants should be converted into such straight and spacious streets and thoroughfares formed as abovementioned due regard being had to the compensation of Owners of houses, buildings and grounds, which may be required to be vested in the said Commissioners for any such purposes as aforesaid:

It is enacted, that as soon as may be after the passing of this Act, the said Commissioners shall cause plans to be made by their said local Surveyor and by other competent Surveyors, shewing the direction and breadth of such streets and thoroughfares, and the situations and dimensions of such open spaces to form squares or circles as aforesaid, which in their opinion shall be the most suitable for carrying into effect the abovementioned objects, keeping in view the salubrity of the said Town, the convenience of communication within the same, and the economy with which the said improvements may be carried into execution, together with estimates of the expence of the necessary works and estimates of the probable value of the houses, buildings and grounds, which it will be necessary for the said Commissioners to purchase for these purposes, and the said Commissioners shall select from the plans which shall be so furnished to them the one which they, or a majority of them, shall consider the best and most eligible, and shall transmit to the Secretary to the Government of Bengal, the said plan and the resolution of the Commissioners thereupon for the consideration of the said Governor of Bengal, and upon the said Governor signifying through the said Secretary by writing, signed by the said Secretary, his approval of such plan, the said Commissioners shall proceed with all convenient speed to carry the same into execution so far as the funds at their disposal, and the circumstances under which the works are to be carried into execution will allow, in conjunction with the other improvements contemplated by this Act, and in case the said Governor shall signify his disapproval of the plan so submitted to him, the said Commissioners

shall cause another plan to be drawn by the same or any other competent Surveyor, which plan shall in like manner be submitted by the said Commissioners to the said Governor, and so from time to time until such plan shall be finally approved of by the said Governor, and as soon as may be after such final approval of the said Governor shall be intimated to the said Commissioners as aforesaid, the said Commissioners shall proceed to carry the said plan so approved into execution with all such convenient speed as aforesaid.

XII. And it is enacted, that the said plan having been so submitted to and having been approved by the said Governor as aforesaid, the said Commissioners shall proceed in conformity with the provisions of Act No. XXII. of 1847, with the purchase of such houses, buildings and grounds as it may be necessary to purchase for the execution of such plan, and shall upon such purchase being completed give orders to their said local Surveyor to proceed with the said works without further reference to the said Governor.

XIII. And whereas it is essentially necessary to the salubrity of the said Town to make provision for the effectual sewerage and drainage of the same:

It is enacted, that as soon as conveniently may be after the passing of this Act the said Commissioners shall cause their said Surveyor to make a careful survey of the whole of the said Town, and in an accurate and distinct report to be framed by him to state what in his opinion are the defects of such sewerage, works and drains as shall at that time exist therein, and what alterations of the same, and what new main and other sewers and drains are necessary and proper for the effectual draining and clearing of the whole of the said Town, and what reservoirs, engines, sluices, penstocks and other works are required for properly flushing and cleansing out such sewers and drains, and at and from what places such drains and sewers respectively ought to commence, in what precise direction they are to be conducted, and at what places respectively they ought to terminate.

XIV. And whereas it is of the most essential importance that all the inhabitants of the said Town should be supplied with good and wholesome water for drinking and for domestic purposes to the utmost extent that the local and other circumstances of the said Town will permit, and especially that the poorer inhabitants thereof should be so supplied with water; and whereas supplies of water are also required for the efficient and wholesome cleansing and watering of the streets, and cleansing the main and other sewers and drains which may be constructed or maintained under the provisions of this Act:

It is enacted, that the said Commissioners shall at the same time cause their said Surveyor to report upon the existing supplies of water in the said Town, the sufficiency or insufficiency of such supply for all the several purposes aforesaid, and the healthful or palatable quality as water for drinking of every description of water so supplied, or which the said Surveyor shall recommend in future to be supplied, and with a view to test the accuracy of his report upon this latter subject the said Commissioners shall cause such water or waters to be analysed and reported on by competent Chemists and Medical men, and the said Surveyor shall also state in his report from what point on the River Hooghly, North of Calcutta, water in sufficient quantity can be conveyed into the Town for the domestic purposes of the said inhabitants, and for the efficient and wholesome cleansing and watering of the said streets, and cleansing the main and other sewers and drains which shall or may be constructed and maintained under the provisions of this Act, and shall state whether in his opinion one supply of water from one place can be commanded adequate to all these several purposes, and from what distance and at what probable expence, and what reservoirs, engines, sluices, canals, aqueducts, pipes and other works, and of what respective dimensions are required for the adequate and abundant supply of such water for all such purposes as aforesaid.

XV. And for carrying into effect the purposes aforesaid it is enacted, that all sewers and drains, together with all buildings and other works, materials and things therewith connected, and all canals, aqueducts, tanks and wells provided for or lawfully applied to public use, and which are not the property of any private person or persons, together with all buildings, engines, works, materials and things therewith connected existing in the said Town at the time of the passing of this Act, or which hereafter shall at any time be constructed and made therein whether constructed at the cost of the said Commissioners or otherwise, and the entire management and controul over the same, subject to the provisions hereinafter contained, shall be the property of, and are hereby vested in the said Commissioners as such Trustees as aforesaid.

XVI. And it is enacted, that the said Commissioners shall cause to be constructed and made such and so many sewers and drains, and such and so many reservoirs, canals, aqueducts, engines and other works, and to be laid such and so many water pipes as shall in the opinion of the said Commissioners be necessary and proper for the effectual draining and cleansing of the whole of the Town aforesaid, and for the properly flushing and cleansing out such sewers in and under or across all or any of the streets and ways whether dedicated to the public use or not, roads and other places within the said Town, and if needful through and across all under ground cellars and vaults which they may find under any of the said streets, ways, roads or places, doing as little damage as may be, and also to cause such and so many rings and openings to be made or left in the sides of the said sewers as will be sufficient for the making or branching any drain or drains from any or all of the houses built, and which may probably be built adjoining or near thereto into any of the said sewers as the said Commissioners shall think fit necessary and expedient for that purpose; and in case it shall be found necessary for completing any of the aforesaid works to build, carry or continue the same in into or through any enclosed lands or other place not being a public way, it shall be lawful for the said Commissioners to build, carry or continue the same in into or through the said lands or other places accordingly, and the said Commissioners may and shall cause such sewers to communicate with and empty themselves into any public river, stream, canal or water-course, or to cause the refuse from such sewers to be conveyed by an appropriate channel to the most convenient site for its deposit, collection and sale, and its application as manure for agricultural purposes or otherwise as they shall deem most expedient, but so that the same shall in no case become a public nuisance or annoyance to the neighbourhood, and all such sewers, water-courses, canals, reservoirs and other works and premises shall be the property of and are hereby vested in the said Commissioners, and shall be at all times under the care, control and management of the said Commissioners and of their Surveyor and Officers.

XVII. And it is enacted, that the said Commissioners shall have authority from time to time as they shall see fit, and they are hereby required to widen, deepen, embank, alter, arch over, amend, clean and scour out all or any of the sewers within the said Town as may be necessary, and also to cleanse and drain off into any sewers or otherwise abate all stagnant pools, ditches, tanks and other receptacles of foul water and filth existing within the said Town, whether the same be the private property of any person or persons or otherwise, and further in cases in which any of the existing or future sewers vested in the said Commissioners shall from any cause whatever appear to the said Commissioners to have become useless or unnecessary, it shall be lawful for the said Commissioners if they shall think fit so to do to take up, stop, fill in and discontinue such old sewers in such manner that the same shall not be or become a nuisance or annoyance to the neighbourhood.

XVIII. And it is enacted, that before beginning to dig or lay the foundations of any new house within the said Town, or to re-build any house therein, and also before making any drain for the purpose of draining water directly or indirectly from any land or tenement into any sewer under the jurisdiction of the said Commissioners, fourteen clear days notice in writing shall be given to the Clerk to the said Commissioners by delivering the same to him, or leaving it at his office by the person intending to build or re-build such house, or to make such drain, and every such foundation shall be laid at such level as the said Surveyor of the said Commissioners shall direct, and every such branch drain shall be made in such direction, manner and form, and of such materials and workmanship as the said Surveyor shall order, and the making of every such drain shall be under the survey and control of the said Commissioners; and in default of such notice, or if such building or drain shall be begun or made without or in any respect contrary to any order of the said Surveyor, or of the provisions of this Act, it shall be lawful for the said Commissioners to cause such building to be demolished, and to cause such drain to be relaid, amended or remade as the case may require, and to cause the expenses thereof to be levied and repaid to them from and by the Owner thereof in the manner hereinafter provided.

XIX. HOME DEPARTMENT,

LEGISLATIVE,

THE 26TH FEBRUARY, 1848.

The following Act passed by the Governor General of India in Council on the 26th February, 1848, is hereby promulgated for general information:

ACT No. IV. OF 1848.

An Act for regulating Coroner's Juries.

It is hereby enacted, that from and after the First day of May, 1848, on all Inquests to be held by the Coroners of Calcutta, Madras or Bombay, no greater number than five Jurors shall be necessary, and that every finding of a Jury consisting of five Jurors shall be to all intents and purposes as good, valid and effectual in Law, as if such finding had been the finding of twelve Jurors.

II. And it is hereby enacted, that when any person shall have been duly summoned to attend as a Juror by any of the said Coroners and shall fail or neglect to attend at the time and place specified in such summons, it shall be lawful for any such Coroner to cause such person to be openly called in his Court three times to appear and serve as a Juror, and upon the non-appearance of such person and proof that such summons has been served upon him, or left at his usual place of abode, to impose such fine upon the person so making default, not exceeding Fifty Rupees, as to such Coroner shall seem fit, and such Coroner shall make out and sign a Certificate, containing the name and surname, the residence and trade, or calling of every person so making default, together with the amount of the fine which shall have been imposed, and the cause of such fine, and shall transmit such certificate to one of the Magistrates of the Presidency of which he is the Coroner, and shall cause a copy of such certificate to be served upon the person so fined, by having it left at his usual place of residence, or by sending the same through the Post Office, addressed as aforesaid, and thereupon such Magistrate shall cause such fine to be levied according to the provisions of Act No. II. of 1839, in the same manner as if such fine had been imposed by himself.

III. And whereas it is expedient to make provisions for supporting Coroner's Inquisitions and for preventing the same from being quashed on account of technical defects:

It is therefore hereby enacted, that no Inquisition found upon or by any Inquest of any of the said Coroners, nor any judgment recorded upon or by virtue of any such Inquisition shall be quashed, stayed or reversed for want of the averment therein, of any matter unnecessary to be proved, nor for the omission of the words "with force and arms," or of the words "against the peace," or of the words "against the form of the Statute," or for the omission or insertion of any other words or expressions of mere form or surplusage, nor for the insertion of the words "upon their oath," instead of the words "upon their oaths," nor for omitting to state the time at which the offence was committed when time is not of the essence of the offence, nor for stating the time imperfectly, nor because any person or persons mentioned in any such Inquisition is or are designated by a name of office or other descriptive appellation instead of his, her or their proper name or names, nor by reason of the non-insertion of the names of the Jurors in the body of any such Inquisition, or of any difference in the spelling of the names of any of the Jurors in the body of any such Inquisition and the names subscribed thereto, nor because any Juror or Jurors shall have set his or their mark or marks to any such Inquisition instead of subscribing his or their name or names thereto, nor because any such mark or marks is or are unattested, provided that the name or names of such Juror or Jurors is or are set forth, nor because any Juror or Jurors has or have signed his or their Christian name or names or other name or names which is not or are not a family name or names by means of an initial or partial signature only, and not at full length, nor because of any erasures or inter-lineations appearing in any such Inquisition, unless the same shall be proved to have been made therein after the same was signed, nor (except only in cases of murder or manslaughter) for or by reason of any such Inquisition not being duly sealed or written upon parchment, nor by reason of any such Inquisition having been taken before any Deputy instead of the Coroner himself, nor because the Coroner and Jury did not all view the body at one and the same instant, provided that they all viewed the body at the first sitting of the Inquest, and in all or any such cases of technical defect as are hereinbefore mentioned, it shall be lawful for any

Judge of Her Majesty's Supreme Court at the Presidency at which such Inquest shall have been held, if he shall so think fit, upon the occasion of any such Inquisition being called in question before him, to order the same to be amended in any of the respects aforesaid, and the same shall forthwith be amended accordingly.

IV. And it is enacted, that it shall be lawful for each of the Coroners of Calcutta, Madras and Bombay from time to time to appoint by writing under his hand and seal a fit and proper person, such appointment being subject to the approval of the Governor of the Presidency of which he is the Coroner, to act for him as his Deputy in the holding of Inquests; and all Inquests taken and other acts performed by any such Deputy Coroner under and by virtue of any such appointment shall be deemed and taken to be the acts and deeds of the Coroner by whom such appointment was made. Provided that no such Deputy shall act for any such Coroner except during the illness of the said Coroner or during his absence for any lawful and reasonable cause. Provided also that every such appointment may at any time be cancelled and revoked by the Coroner by whom the same was made.

Export Overland Mail via Bombay.

THE Government of Bombay having appointed the 1st of the ensuing month of April for the departure of the next Steamer therefrom, with a Mail for Suez—Notice accordingly is hereby given, for general information, that the latest safe date, for the transmission of letters and papers from Calcutta, which may be intended for conveyance by that opportunity, will be Monday, the 20th proximo, and that the first set of the Overland Packets will be closed at, and despatched from, this Office on Saturday, the 18th idem.

J. R. BURLTON BENNETT,

Fort William, Genl. Post Office,
the 29th February, 1848.

NOTICE is hereby given, that pursuant to the instructions of Her Majesty's Post Master General, all Letters posted or received at this Office, for transmission to Europe by the Overland Mails, (whether direct or viâ Bombay,) if not otherwise specially superscribed, will be sent by way of Marseilles.

Calcutta, Genl. Post Office, the 7th Sept. 1846.

NOTICE.—With reference to the London Post Master General's Notification regarding the rates of postage to be charged upon Letters received from Bombay by the Government Express, which was published with a notice from this Office of yesterday's date, the following Letter since received from the Post Master General of Bombay on the subject, is also published for general information.

No. 966 *of* 1847.

General Department.

To W. TAYLER, Esquire,

Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas;* and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight,* because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.,

NOTICE.—The following Notice of the Post Master General of London, received through the Post Master General of Bombay, is published for general information.

W. TAYLER, *Post Master Genl.*

Calcutta, Genl. Post Office,
the 23d July, 1847.

GENERAL POST OFFICE, MAY 1847.

The Post Master General having been informed by the Court of Directors of the East India Company, that on and after the 1st June next, persons in this Country may forward private correspondence by the Government Express from Bombay to Calcutta and Madras, all persons desirous of availing themselves of this privilege, will be required to mark upon the covers of their letters the words "By Express from Bombay," and in addition to this special address, it will be necessary, that all letters intended to be forwarded by the way of Southampton, should be so endorsed as hitherto; the postage to be charged in India in the delivery of letters sent by this Express will be in addition to the ordinary Inland rates.

One Rupee for every letter not exceeding half a tola in weight.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolas in weight, two tolas being the maximum weight of letters to be conveyed by Express.

On Newspapers, each Newspaper Office in Calcutta and Madras, will be allowed to receive two Newspapers at the ordinary rates of Inland postage, on all other Newspapers forwarded by Express a postage of five Rupees each will be charged, and no Newspaper will be received for the Express exceeding three tolas in weight.

N. B. One tola and a quarter is nearly equivalent to half an ounce avoirdupoise.

Pre-Payment of Indian (Inland and Ship) Postage on Covers forwarded to Hong Kong.

NOTICE is hereby given, that in conformity to the instructions of Her Majesty's Post Master General, no Letter or Newspaper will, in future, be received at this Office for transmission to Hong Kong, unless the entire amount of Indian (Inland and Ship) Postage due for the conveyance of the same to its ulterior destination, shall be previously paid by the Sender at the time of posting at the Despatching Office.

It is to be distinctly understood that this rule does not apply to the description of covers forwarded by the Peninsular and Oriental Company's Contract Steamers, as on them, the prescribed British Packet rate of Postage is charged.

Calcutta, Genl. Post Office, the 4th Sept. 1846.

Revised Rates of British Packet Postage, leviable on Newspapers, Prices Current and Commercial Lists, conveyed by the Peninsular and Oriental Company's Steamers from and to Indian Ports.

WITH reference to the Notification issued by this Office, under date the 17th April last, further notice is hereby given for general information, that under the instructions of Government, every Newspaper, Price Current, or Commercial List, which may be posted for conveyance by the Peninsular and Oriental Company's Contract Steamers, from any one Indian Port to another, shall henceforth be charged with British Packet Postage, at the rate of Nine Pie, or Three Pice, (Three Quarters of an Anna,) instead of Eight Pie, as formerly fixed.

2.—Parties must tender for each division separately, and be prepared for the acceptance of their offer for one division, and its rejection in another. No general tender will be accepted, but the same party may tender for both descriptions of fuel, and for more than one Division, specifying separately the rate for each. The tenders must specify the rate per hundred bazar maunds of Coal or Wood.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality, and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which, with the exception of two maunds, will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, and recently felled, of the heaviest and best quality procurable, either of the trunks of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 to 15 inches; and both coal and wood must be protected from the rain and the coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractor will be required under penalty to maintain constantly in store fuel for three months estimated consumption. The Government will not be pledged however, to take monthly or yearly the entire estimated quantity, as circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated may be insufficient; and the Contractor will be required to undertake that in such cases he will on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present estimate, and on the same terms of contract.

6.—The Clause requiring that fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the contract, but at the expiration of the contract, Government will take over or transfer to new Contractors such quantity or quantities of fuel as may remain in the Depots to the extent of two months' supply at the contract price.

7.—Should the Contractor fail to provide coal equal to the muster, or wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved fuel at the expense of the Contractor.

8.—Government will advance to the Contractor, under approved security, one half of the estimated outlay for fuel for one year, and will further on the production of receipts from Commanders of the

Steamers for fuel delivered on board their respective vessels by the Contractor pay one quarter of the contract price of the fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of fuel than shall on winding up the year's account appear to have been supplied the excess, shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractor on account of Monies paid to him, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of fuel supplied by him or be otherwise recoverable as a debt.

9.—Wood will not be received on Board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of wood instead of coal, the Contractor for coal shall be debited with the contract price of five maunds of wood for every maund of coal he may fail to supply. Should the Contractor for wood fail in his supply, and the Government Boat be obliged to consume coal instead, the Contractor shall for every maund of wood not supplied, pay to Government eight annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10.—The Party whose Tender is accepted, will be required to enter into the usual Penalty bond for the due fulfilment of his engagement.

By order of the Superintendent of Marine.

SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

SATURDAY, MARCH 4, 1848.

Fort William, Home Department, Legislative, the 26th February, 1848.

The following Act passed by the Governor General of India in Council on the 26th of February 1848 is hereby promulgated for general information.

ACT No. II. OF 1848.

An Act to confer certain powers and privileges on the Commissioners for the Improvement of the Town of Calcutta, and to provide for the execution of certain public works by them.

Whereas by Act No. XVI. of 1847, it was amongst other things enacted, that the whole proceeds of the rates and taxes therein aforesaid, after paying all establishments and incidental expences should, together with such monies as the Government of Bengal, with the sanction of the Governor General in Council, might direct to be paid over to the Commissioners for the Improvement of the Town of Calcutta therein aforesaid, be applied by them to the following purposes, viz.

Formation of Tanks and Aqueducts for the conveyance of water to all parts of the Town.

Opening of Streets and Squares in crowded parts of the Town.

Filling up Stagnant Pools of Water and removing obstructions to the free circulation of air.

Lighting and Watering the Roads and Streets.

Cleansing and repairing the same and the drains of the said Town.

And improving and embellishing the said Town generally.

And whereas for the effectual accomplishment of the purposes aforesaid it is expedient that the said Commissioners should be empowered to appoint a Clerk and a Surveyor and other necessary Officers, and that the said Commissioners and their said Clerk and their said Surveyor and other Officers should exercise powers interfering with the rights and property of individuals:

I. It is therefore hereby enacted, that the said Commissioners shall, subject to confirmation or disallowance by the Governor of Bengal, nominate and appoint fit and proper persons to be their Surveyor and Clerk and other necessary Officers, who shall receive such salaries as to the Governor of Bengal shall seem meet.

II. And it is hereby enacted, that for the purpose of constructing one or more Aqueducts for bringing pure and wholesome water to the Town of Calcutta from any place without the local limits of the jurisdiction of Her Majesty's Supreme Court of Judicature, it shall be lawful, whenever a plan for an Aqueduct shall have been approved by the Governor of Bengal, for every Commissioner, and for the Surveyor and Clerk to the Commissioners with such Assistants as they may require, to exercise in the construction of such Aqueduct, throughout the line of country through which such Aqueduct is to run, all the powers which by this Act it is lawful for them to exercise within the said local limits, and which may be necessary for the construction of such Aqueduct without being subject to any action or molestation whatever for so doing. And it shall also be lawful for any Magistrate of any district through which the said Aqueduct is to run, in furtherance of the construction of such Aqueduct, to do such acts, and he is hereby required to do such acts as it is by this Act lawful for a Magistrate of the Town of Calcutta to do, and as he is by this Act required to do in furtherance of any work to be executed by the said Commissioners within the said local limits.

III. And it is hereby enacted, that it shall be lawful for the said Commissioners instead of executing any of the works which by this Act they are authorized to execute, by themselves, their Servants and Assistants, to execute the same by contract with any individual or Company who may be willing to undertake the same, and in that case it shall be lawful for such individual or such Company to exercise and enjoy all the powers and privileges which by this Act it is lawful for the said Commissioners to exercise and enjoy in the execution of any such work.

IV. And it is enacted, that if in carrying into execution any of the powers or authorities of this Act any house, building or other hereditament shall be damaged or otherwise prejudicially affected, the said Commissioners shall make good such damage and pay to the Owner and Occupier of such house, building or other hereditament such amount of compensation for such injury as shall be agreed upon between such Owner and Occupier, and the said Commissioners, and if such Owner or Occupier, and the said Commissioners cannot agree as to the amount of such compensation and the proportions thereof to be paid to such Owner and Occupier respectively then the amount of such compensation, and also the proportions which the persons claiming the same are entitled to shall be settled and recovered by arbitration or the verdict of a Jury to be summoned and returned in the manner provided in Act No. XXII. of 1847, entitled an Act to enable the Commissioners who may be

appointed under Act No. XVI. of 1847, to purchase real or personal property for the Improvement of the Town of Calcutta.

V. And it is enacted, that if any person at any time shall obstruct or molest the said Commissioners or any Clerk, or Surveyor, or other Officer, or any workman, or other person employed by them, or any person or Company with whom they may have contracted under the provisions of this Act, or any person employed by them in the performance and execution of their or his duty, or any thing which they are respectively required or authorized to do by virtue, or in consequence of this Act, every such person so offending shall for every such offence on conviction before a Magistrate, forfeit and pay any sum not exceeding Fifty Rupees.

VI. And it is enacted, that every Commissioner and the Surveyor, and Clerk to the Commissioners, with such Assistants as they may require, shall for the purposes of this Act, have full power and authority at all seasonable hours in the day time to enter, or to direct his subordinate Officers to enter into and upon any land or tenement, and in and upon the land on which any house, building or other erection is built or building, or intended to be built, and into and upon any buildings or any part thereof without being liable to any action at Law or Suit in Equity, or any other legal proceedings or molestation whatsoever for or on account of such entry, or of any thing done or to be done in any part thereof in pursuance of this Act. Provided that none of the persons abovementioned shall enter upon any lands or tenements which may be occupied at the time unless with the consent of the occupier thereof, without previously giving the said occupier reasonable notice of his or their intention to do so.

VII. And it is enacted, that the management and controul over all and every of the streets, public ways and public thoroughfares of every kind and description within the said Town of Calcutta existing at the time of the passing of this Act, and of all parts of the said Town which shall hereafter become streets, public ways or public thoroughfares of any kind or description, and the pavements and other materials therein, and all erections and buildings, materials, implements or other things provided for the said streets, public ways and public thoroughfares by or under the authority of the Government of Bengal, or by the Magistrates of Calcutta, or by the said Commissioners, shall be the property of, and are hereby vested in the said Commissioners as Trustees.

VIII. And it is enacted, that it shall be lawful for the said Commissioners with the consent and approbation of the Government of Bengal to pave and water such of the streets, public ways and public thoroughfares existing in the said Town at the time of the passing of this Act, or at any future time as they shall think fit.

IX. And it is enacted, that the said Commissioners shall keep in sufficient repair every street, public way and public thoroughfare existing in the said Town at the time of passing this Act, or at any future time, and shall be liable to be indicted for not sufficiently repairing the same.

X. And it is enacted, that if any person shall displace, take up or make any alteration in the pavements, flags or other materials of any foot or carriage way in any street within the said Town without the consent in writing of the said Commissioners, or of their said Surveyor, or shall cause any obstruction to, or make any encroachment upon any street in the said Town, any such person so offending shall for every such offence on conviction before a Magistrate forfeit and pay a sum not exceeding Fifty Rupees.

XI. And whereas it is essential to the health and convenience of the inhabitants that straight and spacious streets and thoroughfares should be continued where they have been begun, and should be opened at convenient and suitable distances where such do not at present exist so as to perforate the mass of buildings within the said Town in straight lines as nearly as may be from South to North, and from East to West, crossing each other at right angles, and from South East to North West and from South West to North East, crossing the straight lines abovementioned diagonally with large open spaces forming squares or circles at convenient and suitable distances from whence the said streets may conveniently diverge in lines without interruption to the river and to the open country without the said Town so far as the completion of such plan may be practicable and where not entirely practicable upon a plan as nearly approaching to such plan as may be: And whereas it is also expedient and necessary that the narrow lanes and gullys which compose the greater part of the said Town inhabited by the Native inhabitants should be converted into such straight and spacious streets and thoroughfares formed as abovementioned due regard being had to the compensation of Owners of houses, buildings and grounds, which may be required to be vested in the said Commissioners for any such purposes as aforesaid:

It is enacted, that as soon as may be after the passing of this Act, the said Commissioners shall cause plans to be made by their said local Surveyor and by other competent Surveyors, shewing the direction and breadth of such streets and thoroughfares, and the situations and dimensions of such open spaces to form squares or circles as aforesaid, which in their opinion shall be the most suitable for carrying into effect the abovementioned objects, keeping in view the salubrity of the said Town, the convenience of communication within the same, and the economy with which the said improvements may be carried into execution, together with estimates of the expence of the necessary works and estimates of the probable value of the houses, buildings and grounds, which it will be necessary for the said Commissioners to purchase for these purposes, and the said Commissioners shall select from the plans which shall be so furnished to them the one which they, or a majority of them, shall consider the best and most eligible, and shall transmit to the Secretary to the Government of Bengal, the said plan and the resolution of the Commissioners thereupon for the consideration of the said Governor of Bengal, and upon the said Governor signifying through the said Secretary by writing, signed by the said Secretary, his approval of such plan, the said Commissioners shall proceed with all convenient speed to carry the same into execution so far as the funds at their disposal, and the circumstances under which the works are to be carried into execution will allow, in conjunction with the other improvements contemplated by this Act, and in case the said Governor shall signify his disapproval of the plan so submitted to him, the said Commissioners shall cause another plan to be drawn by the same or any other competent Surveyor, which plan shall in like manner be submitted by the said Commissioners to the said Governor, and so from time to time until such plan shall be finally approved of by the said Governor, and as soon as may be after such final approval of the said Governor shall be intimated to the said Commissioners as aforesaid, the said Commissioners shall proceed to carry the said plan so approved into execution with all such convenient speed as aforesaid.

XII. And it is enacted, that the said plan having been so submitted to and having been ap-

proved by the said Governor as aforesaid, the said Commissioners shall proceed in conformity with the provisions of Act No. XXII. of 1847, with the purchase of such houses, buildings and grounds as it may be necessary to purchase for the execution of such plan, and shall upon such purchase being completed give orders to their said local Surveyor to proceed with the said works without further reference to the said Governor.

XIII. And whereas it is essentially necessary to the salubrity of the said Town to make provision for the effectual sewerage and drainage of the same:

It is enacted, that as soon as conveniently may be after the passing of this Act the said Commissioners shall cause their said Surveyor to make a careful survey of the whole of the said Town, and in an accurate and distinct report to be framed by him to state what in his opinion are the defects of such sewerage, works and drains as shall at that time exist therein, and what alterations of the same, and what new main and other sewers and drains are necessary and proper for the effectual draining and clearing of the whole of the said Town, and what reservoirs, engines, sluices, penstocks and other works are required for properly flushing and cleansing out such sewers and drains, and at and from what places such drains and sewers respectively ought to commence, in what precise direction they are to be conducted, and at what places respectively they ought to terminate.

XIV. And whereas it is of the most essential importance that all the inhabitants of the said Town should be supplied with good and wholesome water for drinking and for domestic purposes to the utmost extent that the local and other circumstances of the said Town will permit, and especially that the poorer inhabitants thereof should be so supplied with water; and whereas supplies of water are also required for the efficient and wholesome cleansing and watering of the streets, and cleansing the main and other sewers and drains which may be constructed or maintained under the provisions of this Act:

It is enacted, that the said Commissioners shall at the same time cause their said Surveyor to report upon the existing supplies of water in the said Town, the sufficiency or insufficiency of such supply for all the several purposes aforesaid, and the healthful or palatable quality as water for drinking of every description of water so supplied, or which the said Surveyor shall recommend in future to be supplied, and with a view to test the accuracy of his report upon this latter subject the said Commissioners shall cause such water or waters to be analysed and reported on by competent Chemists and Medical men, and the said Surveyor shall also state in his report from what point on the River Hooghly, North of Calcutta, water in sufficient quantity can be conveyed into the Town for the domestic purposes of the said inhabitants, and for the efficient and wholesome cleansing and watering of the said streets, and cleansing the main and other sewers and drains which shall or may be constructed and maintained under the provisions of this Act, and shall state whether in his opinion one supply of water from one place can be commanded adequate to all these several purposes, and from what distance and at what probable expence, and what reservoirs, engines, sluices, canals, aqueducts, pipes and other works, and of what respective dimensions are required for the adequate and abundant supply of such water for all such purposes as aforesaid.

XV. And for carrying into effect the purposes aforesaid it is enacted, that all sewers and drains, together with all buildings and other works, materials and things therewith connected, and all canals, aqueducts, tanks and wells provided for or lawfully applied to public use, and which are not the property of any private person or persons, together with all buildings, engines, works, materials and things therewith connected existing in the said Town at the time of the passing of this Act, or which hereafter shall at any time be constructed and made therein whether constructed at the cost of the said Commissioners or otherwise, and the entire management and controul over the same, subject to the provisions hereinafter contained, shall be the property of, and are hereby vested in the said Commissioners as such Trustees as aforesaid.

XVI. And it is enacted, that the said Commissioners shall cause to be constructed and made such and so many sewers and drains, and such and so many reservoirs, canals, aqueducts, engines and other works, and to be laid such and so many water pipes as shall in the opinion of the said Commissioners be necessary and proper for the effectual draining and cleansing of the whole of the Town aforesaid, and for the properly flushing and cleansing out such sewers in and under or across all or any of the streets and ways whether dedicated to the public use or not, roads and other places within the said Town, and if needful through and across all under ground cellars and vaults which they may find under any of the said streets, ways, roads or places, doing as little damage as may be, and also to cause such and so many rings and openings to be made or left in the sides of the said sewers as will be sufficient for the making or branching any drain or drains from any or all of the houses built, and which may probably be built adjoining or near thereto into any of the said sewers as the said Commissioners shall think fit necessary and expedient for that purpose; and in case it shall be found necessary for completing any of the aforesaid works to build, carry or continue the same in into or through any enclosed lands or other place not being a public way, it shall be lawful for the said Commissioners to build, carry or continue the same in into or through the said lands or other places accordingly, and the said Commissioners may and shall cause such sewers to communicate with and empty themselves into any public river, stream, canal or water-course, or to cause the refuse from such sewers to be conveyed by an appropriate channel to the most convenient site for its deposit, collection and sale, and its application as manure for agricultural purposes or otherwise as they shall deem most expedient, but so that the same shall in no case become a public nuisance or annoyance to the neighbourhood, and all such sewers, water-courses, canals, reservoirs and other works and premises shall be the property of and are hereby vested in the said Commissioners, and shall be at all times under the care, control and management of the said Commissioners and of their Surveyor and Officers.

XVII. And it is enacted, that the said Commissioners shall have authority from time to time as they shall see fit, and they are hereby required to widen, deepen, embank, alter, arch over, amend, clean and scour out all or any of the sewers within the said Town as may be necessary, and also to cleanse and drain off into any sewers or otherwise abate all stagnant pools, ditches, tanks and other receptacles of foul water and filth existing within the said Town, whether the same be the private property of any person or persons or otherwise, and further in cases in which any of the existing or future sewers vested in the said Commissioners shall from any cause whatever appear to the said Commissioners to have become useless or unnecessary, it shall be lawful for the said Commissioners if they shall think fit so to do to take up, stop, fill

in and discontinue such old sewers in such manner that the same shall not be or become a nuisance or annoyance to the neighbourhood.

XVIII. And it is enacted, that before beginning to dig or lay the foundations of any new house within the said Town, or to re-build any house therein, and also before making any drain for the purpose of draining water directly or indirectly from any land or tenement into any sewer under the jurisdiction of the said Commissioners, fourteen clear days notice in writing shall be given to the Clerk to the said Commissioners by delivering the same to him, or leaving it at his office by the person intending to build or re-build such house, or to make such drain, and every such foundation shall be laid at such level as the said Surveyor of the said Commissioners shall direct, and every such branch drain shall be made in such direction, manner and form, and of such materials and workmanship as the said Surveyor shall order, and the making of every such drain shall be under the survey and control of the said Commissioners; and in default of such notice, or if such building or drain shall be begun or made without or in any respect contrary to any order of the said Surveyor, or of the provisions of this Act, it shall be lawful for the said Commissioners to cause such building to be demolished, and to cause such drain to be relaid, amended or remade as the case may require, and to cause the expenses thereof to be levied and repaid to them from and by the Owner thereof in the manner hereinafter provided.

XIX. And it is enacted, that it shall be lawful for any person at his own expence to make or branch any drain into any of the sewers vested in the said Commissioners, or authorized to be made by virtue of this Act, or otherwise acquired by the said Commissioners, such drain being made of such a size and in such a manner of communication in all respects as the said Surveyor of the said Commissioners shall direct or appoint, and for that purpose to take up and remove so much of the pavement and other materials of any street, as may be required unless the said Commissioners shall consent and agree which they are hereby authorized to do to form so much and such portion of such drain as shall lead from the point of communication in such sewer to the extremity of such street, and in case any person shall make or branch any drain into any of the said sewers so vested in the said Commissioners, or authorized to be made under and by virtue of this Act of a larger size, or in a different manner and form of communication than shall be directed or appointed by the said Surveyor, every person so offending shall for every such offence forfeit and pay on conviction before a Magistrate a sum not exceeding Fifty Rupees.

XX. And whereas it would tend to insure a greater efficiency and economy in the execution of works if the same were executed by persons under the immediate direction and controul of the Surveyor of the said Commissioners, it is enacted, that it shall be lawful for the said Commissioners to contract and agree with the Owners of any houses or other tenements within the said Town, that any drains required to be made by such Owners shall be constructed and made by the Surveyor of the said Commissioners, and the cost price of making such drains (as certified by the said Surveyor of the said Commissioners) shall be repaid by such Owners to the said Commissioners, and in default of such payment the same may be recovered in the manner hereinafter provided.

XXI. And whereas the noxious effluvia exhaling from gully holes of sewers and drains has been found to be injurious to health, and it is therefore expedient that some provision should be made in respect thereof to obviate the same, it is enacted, that the said Commissioners and the Owners of any private drains in the Town aforesaid, shall by providing proper traps or other coverings, or by ventilation, or by such other ways and means as shall be practicable for that purpose effectually prevent the effluvia of sewers and drains from exhaling from gully holes, gratings or any other openings whatsoever of drains or sewers in streets or other places, and in case the Owner of any private sewer or drain shall neglect or delay so to do, the Surveyor of the said Commissioners shall give him notice effectually to prevent the effluvia of such sewer or drain from so exhaling, and if the same shall not be effectually done by such Owner within ten days after such notice shall have been given him, the said Surveyor shall forthwith provide and apply proper traps or other coverings, or such other means as aforesaid so as effectually to prevent such effluvia from exhaling and the expence incurred thereby shall be paid by the Owner of such sewer or drain to be recovered in manner hereinafter mentioned.

XXII. And it is hereby enacted, that it shall be lawful for the said Commissioners and their said Surveyor, and they and he are hereby required when any of the streets, public ways or public thoroughfares, vested in them shall be under repair, or where any sewers or drains are making, or shall be under repair to take proper precautions against danger by shoreing up and protecting the adjoining houses, and to fix and place, or cause to be fixed and placed such, and so many bars, chains or posts across, or in any of the said streets, public ways or public thoroughfares to prevent the passing and repassing of carriages, carts or other vehicles, cattle or horses during the time of such works and repairs being carried on, as shall be necessary and proper, and the said Commissioners and their said Surveyor shall cause any sewer or drain or other works during the construction or repair thereof by them to be well and sufficiently lighted and attended by fit and proper persons during the night to prevent accidents, and if any person shall take down, alter or remove any of the said bars, chains or posts, or extinguish any light attached to or connected with the said bars, chains or posts without the authority or consent of the Surveyor of the said Commissioners, every such person so offending shall for every such offence forfeit and pay on conviction before a Magistrate any sum not exceeding Fifty Rupees.

XXIII. And it is enacted, that the said Commissioners shall with a due regard to the convenience and the preservation of the health of the inhabitants of the said Town give strict orders to their said Surveyor to cause, and their said Surveyor shall duly cause all the streets, ways, thoroughfares and alleys thereof whether dedicated to the use of the public or not, together with the foot pavements or footpaths from time to time to be properly swept and cleansed, and all dust, dirt and filth of every sort which may be found thereon to be collected and removed therefrom, and all the soil ashes, rubbish and filth to be taken and carried away from the houses and premises of the inhabitants of the said Town at convenient hours and times, and shall cause all or any of the privies and cesspools within the said Town to be cleansed and emptied in a sufficient and proper manner as shall be required, and that the said Surveyor shall from time to time give public notice on what days, at what times in every week the said streets, public ways and public thoroughfares shall be swept and cleansed, and such dirt, dust and night soil, rubbish, filth and ashes carried away, and how and in

what manner the same shall be carried away and where the same shall be deposited, and shall give such orders and directions as to the said Surveyor acting under the orders and control of the said Commissioners shall appear proper and necessary, and it shall be lawful for the said Commissioners to purchase or hire any carts, carriages and other machines, and also any horses or cattle for the better executing and performing any of the above duties.

XXIV. And it is enacted, that the dirt, dust, night soil and filth to be so collected from the said streets, thoroughfares, alleys, footways, privies, sewers and cesspools, and all the dust, ashes and rubbish to be collected, taken and carried away from all and every of the houses and elsewhere within the said Town shall be the property of the said Commissioners, and are hereby vested in them; and the said Commissioners shall have full power to sell and dispose of the same through their said Clerk or Surveyor for the purpose of this Act as they shall think proper, and the money arising from the sale thereof shall be applied for the purpose of this Act, and the person purchasing the same shall have full power and authority to take, carry away and dispose of the same for his own proper use and benefit.

XXV. And it is enacted, that it shall be lawful for the said Commissioners for the purpose of watering the said streets, public ways and public thoroughfares in the said Town to sink wells and lay, erect and place pipes, conduits and pumps in any of the said streets, public ways or public thoroughfares, and to provide any other apparatus proper for that purpose, and to remove and alter the same when and as the said Commissioners shall think proper, and it shall be lawful for the said Commissioners, and they are hereby required to excavate and provide a sufficient number of spacious and convenient tanks or sufficient runs of water through the said Town for the inhabitants to bathe in at suitable and proper times and in suitable and proper places as may best serve to unite the health and comfort of the labouring population with public decency, making due allowance for the habits and customs of the country.

XXVI. And it is enacted, that it shall be lawful for the said Commissioners, and they are hereby required from time to time to make such Bye-laws as they shall think fit for all or any of the purposes following, that is to say,

For preventing nuisances in any streets or near thereto and effecting cleanliness therein.

For making regulations for the registering and inspection of slaughter houses and markets, and for keeping the same in a cleanly and proper state, and for removing filth therefrom at least once in every twenty-four hours, and for requiring that they shall be provided with a sufficient supply of water.

For the punishment of persons selling unwholesome meat, fish, vegetables, sweetmeats and grain, for the food of man, and for seizing and condemning the same.

For regulating the duties of scavengers, and for regulating the management of urinals and privies.

For making regulations for cleansing filthy and unwholesome dwellings.

For supplying private houses with water from the public reservoirs.

For making regulations to prevent persons bathing and washing their bodies in tanks and water courses provided for the domestic uses of the inhabitants of the said Town and to limit the hours of bathing in the tanks and water-courses provided for the purpose of bathing in such manner as shall appear to the said Commissioners necessary to the health, cleanliness and comfort of the labouring population.

For enforcing upon the inhabitants of the said Town the performance of such acts and the abstinence from such acts as an enlightened regard to the health, cleanliness and decency of the said Town ought to induce them to perform and to abstain from due consideration being had for the feelings, manners and customs of the various races of which the said inhabitants consist.

For ascertaining and fixing what pecuniary penalties shall be incurred by persons breaking such Bye-laws. Provided always, that no such last mentioned penalty shall exceed for any one offence the sum of Fifty Rupees, nor in case of continuing nuisance the sum of Five Rupees for every day during which such nuisance shall be continued and unremedied.

XXVII. And it is enacted, that no Bye-law made under the powers for that purpose herein last contained shall be of any force until the same shall have been laid before the Governor of the Presidency of Fort William in Bengal and his approbation thereof, and that of the Governor General in Council, shall have been certified to the said Commissioners under his hand by the Secretary to the Government of Fort William in Bengal, nor until the expiration of forty days after the same Bye-law shall have been published once in two of the Calcutta Newspapers, and a copy of such Bye-law with a declaration thereon, signed by the Clerk to the said Commissioners that the same has been approved by the said Governor and published in two Newspapers as aforesaid with the date of such publication, shall be received as evidence of such Bye-law, and of the approval and publishing thereof as aforesaid in all Courts of Law and Equity and before all Magistrates.

XXVIII. And it is enacted, that all Bye-laws made in pursuance of this Act shall be printed, and a copy thereof shall be posted up and continue so posted in the Office of the Clerk of the said Commissioners, and copies thereof shall be delivered to any person who may apply for the same on payment of such sum as the said Commissioners shall think fit not exceeding Four Annas.

XXIX. And it is enacted, that all the provisions hereinafter contained relative to offences against this Act punishable upon summary conviction shall be taken to apply to all offences commited in breach of any Bye-law made by the said Commissioners by virtue of this Act.

XXX. And it is enacted, that it shall be lawful for the said Commissioners to direct any prosecution for any public nuisance whatsoever, which shall be permitted or suffered within the said Town, and to order proceedings to be taken for the recovery of any penalties and for the punishment of any persons offending against the provisions of this Act, and to direct and order the expences of such prosecutions and other proceedings to be paid and borne by and out of the funds placed at the disposal of the said Commissioners under the provisions of this Act.

XXXI. And it is enacted, that it shall be lawful for the said Commissioners to sue and be sued, to prefer any bill of indictment or information, or to take any other proceeding against any person who shall steal, take, or carry away, or wilfully deface or injure any property, articles, or thing belonging to the said Commissioners, and in every such case it shall be sufficient to state generally the property, article, or thing, in respect of which such proceeding shall have been taken, to be the property of the said Commissioners.

XXXII. And it is enacted, that nothing in this Act contained shall be construed to render

lawful any act or omission on the part of any person which is or but for this Act would be deemed and adjudged to be a nuisance at Common Law, nor to exempt any person guilty of a nuisance at Common Law from prosecution or action in respect thereof. Provided always, that if any person convicted of an offence under this Act shall have paid the whole amount adjudged to be paid under such conviction, and the costs thereof in every such case he shall be released from all further or other criminal proceedings for the same offence.

XXXIII. The following Act passed by the Governor General of India in Council on the 26th February, 1848, is hereby promulgated for general information:

ACT No IV. OF 1848.

An Act for regulating Coroner's Juries.

It is hereby enacted, that from and after the First day of May, 1848, on all Inquests to be held by the Coroners of Calcutta, Madras or Bombay, no greater number than five Jurors shall be necessary, and that every finding of a Jury consisting of five Jurors shall be to all intents and purposes as good, valid and effectual in Law, as if such finding had been the finding of twelve Jurors.

II. And it is hereby enacted, that when any person shall have been duly summoned to attend as a Juror by any of the said Coroners and shall fail or neglect to attend at the time and place specified in such summons, it shall be lawful for any such Coroner to cause such person to be openly called in his Court three times to appear and serve as a Juror, and upon the non-appearance of such person and proof that such summons has been served upon him, or left at his usual place of abode, to impose such fine upon the person so making default, not exceeding Fifty Rupees, as to such Coroner shall seem fit, and such Coroner shall make out and sign a Certificate, containing the name and surname, the residence and trade, or calling of every person so making default, together with the amount of the fine which shall have been imposed, and the cause of such fine, and shall transmit such certificate to one of the Magistrates of the Presidency of which he is the Coroner, and shall cause a copy of such certificate to be served upon the person so fined, by having it left at his usual place of residence, or by sending the same through the Post Office, addressed as aforesaid, and thereupon such Magistrate shall cause such fine to be levied according to the provisions of Act No. II. of 1839, in the same manner as if such fine had been imposed by himself.

III. And whereas it is expedient to make provisions for supporting Coroner's Inquisitions and for preventing the same from being quashed on account of technical defects:

It is therefore hereby enacted, that no Inquisition found upon or by any Inquest of any of the said Coroners, nor any judgment recorded upon or by virtue of any such Inquisition shall be quashed, stayed or reversed for want of the averment therein, of any matter unnecessary to be proved, nor for the omission of the words "with force and arms," or of the words "against the peace," or of the words "against the form of the Statute," or for the omission or insertion of any other words or expressions of mere form or surplusage, nor for the insertion of the words "upon their oath," instead of the words "upon their oaths," nor for omitting to state the time at which the offence was committed when time is not of the essence of the offence, nor for stating the time imperfectly, nor because any person or persons mentioned in any such Inquisition is or are designated by a name of office or other descriptive appellation instead of his, her or their proper name or names, nor by reason of the non-insertion of the names of the Jurors in the body of any such Inquisition, or of any difference in the spelling of the names of any of the Jurors in the body of any such Inquisition and the names subscribed thereto, nor because any Juror or Jurors shall have set his or their mark or marks to any such Inquisition instead of subscribing his or their name or names thereto, nor because any such mark or marks is or are unattested, provided that the name or names of such Juror or Jurors is or are set forth, nor because any Juror or Jurors has or have signed his or their Christian name or names or other name or names which is not or are not a family name or names by means of an initial or partial signature only, and not at full length, nor because of any erasures or inter-lineations appearing in any such Inquisition, unless the same shall be proved to have been made therein after the same was signed, nor (except only in cases of murder or manslaughter) for or by reason of any such Inquisition not being duly sealed or written upon parchment, nor by reason of any such Inquisition having been taken before any Deputy instead of the Coroner himself, nor because the Coroner and Jury did not all view the body at one and the same instant, provided that they all viewed the body at the first sitting of the Inquest, and in all or any such cases of technical defect as are hereinbefore mentioned, it shall be lawful for any Judge of Her Majesty's Supreme Court at the Presidency at which such Inquest shall have been held, if he shall so think fit, upon the occasion of any such Inquisition being called in question before him, to order the same to be amended in any of the respects aforesaid, and the same shall forthwith be amended accordingly.

IV. And it is enacted, that it shall be lawful for each of the Coroners of Calcutta, Madras and Bombay from time to time to appoint by writing under his hand and seal a fit and proper person, such appointment being subject to the approval of the Governor of the Presidency of which he is the Coroner, to act for him as his Deputy in the holding of Inquests; and all Inquests taken and other acts performed by any such Deputy Coroner under and by virtue of any such appointment shall be deemed and taken to be the acts and deeds of the Coroner by whom such appointment was made. And it is hereby enacted, that in the Territories subject to the Presidency of Bengal, it shall be lawful for the Zillah and City Magistrates and Joint Magistrates to take Mochulkas or Penal Recognizances in the form annexed to this Act, as well from British subjects as from other persons in all cases wherein it may appear just and necessary to require the same for the maintenance of the peace in their respective jurisdictions although the party to be bound in such recognizances may not have been convicted of any specific offence, provided that the amount of the recognizance in all such cases shall be proportionate to the condition in life of the said party and to the circumstances of the case.

III. And it is hereby enacted, that in cases of an aggravated nature wherein it may appear necessary to require security for keeping the peace in addition to the recognizance of the party, it shall be lawful for such Magistrates to direct the same and to fix a reasonable amount for the security bond to be executed in the form annexed to this Act by the surety or sureties.

IV. And it is hereby enacted, that whenever it shall appear to the Magistrate that the period for which the party should be bound to keep the peace with or without additional security, need not exceed one year, it shall be lawful for him, without reference to superior authority, to give directions accordingly, and in default of such recognizance or additional security, to commit the party to prison in the Civil Jail until he shall do what has been required of him.

V. And it is hereby enacted, that whenever it shall appear to the Magistrate that the period for which the party should be bound to keep the peace with or without additional security ought to exceed the period of one year, the Magistrate shall record his opinion to that effect with an order specifying the amount of recognizance and security as well as the number of sureties which should in his judgment be required, and the period for which the recognizance and security should be required, which however shall in no case exceed three years. VI. Provided always and it is hereby enacted, that no party shall be kept in prison under the foregoing provisions of this Act for a longer period than that for which the recognizance and securities have been required from him.

VII. And it is hereby enacted, that the Provisions contained in Sections 5, 6 and 7, of Regulation VIII. of 1818, of the Bengal Code, shall be applicable to all persons confined under the foregoing provisions of this Act, and to all sureties who shall have given security under this Act.

VIII. And it is hereby enacted, that whenever it may be proved before the Magistrate that any such recognizance has been forfeited, he shall proceed to enforce the penalty of such recognizance in the mode prescribed for the satisfaction of decrees of the Civil Court.

IX. And it is hereby enacted, that whenever it may be proved before the Magistrate that any such recognizance has been forfeited if a security bond shall have been taken and the Magistrate shall think that proceedings should he had upon such bond, he shall give notice to the surety or sureties to pay the penalty, or to shew cause why it should not be paid, and if no sufficient cause shall be shewn, the Magistrate shall proceed to recover the penalty from such surety or sureties by the attachment and sale of any of his or their property in the mode prescribed for the attachment and sale of

NOTIFICATION.—An Examination will be held early in April 1848, in the College of Fort William, for the purpose of filling up existing vacancies in the Military Class of the Medical College—all candidates will be expected to possess a knowledge of the Hindustani Language, adequate to enable them to read and write it in the Persian or Devanagri characters.

2d. All Interpreters of Regiments and Battalions will be requested through the Military Department, not to grant certificates of qualification to any candidates, under the age of fifteen and above that of twenty years, and likewise to reject all who may not pass the prescribed ordeal with a sufficient degree of fluency and facility. Much disappointment, expense, and inconvenience have already been experienced by lads from distant stations being furnished with certificates, who were found on examination quite unqualified for admission, and it is with a view to prevent the recurrence of this, that the above measure has been adopted.

3d. Candidates for admission will be required to present themselves before the Secretary to the Medical College, at least three days prior to the day of examination, in order that a proper descriptive roll may be prepared for transmission to the Examiners of the College of Fort William.

4th. The preference in selection, attainments being equal, will be given to those who have already been attached to, or served in civil or regimental hospitals.

5th. No candidate will be allowed to present himself for examination who cannot produce a written testimonial of his conduct and character, or afford satisfactory evidence as to who and what he may be. A few individuals of decidedly bad character have, upon recent occasions, managed to obtain admittance, it is supposed by producing false papers; the strictest care and scrutiny will therefore be exercised in examining the credentials of all future candidates.

6th. All pupils must, as a condition of their appointment, reside within the College premises at all times, and *never* be absent from morning and evening muster without special leave.

7th. All students in the Military Class are amenable to the Articles of War, and regularly enlisted as Soldiers.

8th. No candidate will be admitted to the School, who is physically unfit for the duties of a Soldier.

NOTICE.—With reference to the London Post Master General's Notification regarding the rates of postage to be charged upon Letters received from Bombay by the Government Express, which was published with a notice from this Office of yesterday's date, the following Letter since received from the Post Master General of Bombay on the subject, is also published for general information.

W. TAYLER,

Post Master General.

Fort William, Genl. Post Office,
The 24th July, 1847.

No. 966 *of* 1847.

General Department.

To W. TAYLER, Esquire,

Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas;* and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.,

2.—Parties must tender for each division separately, and be prepared for the acceptance of their offer for one division, and its rejection in another. No general tender will be accepted, but the same party may tender for both descriptions of fuel, and for more than one Division, specifying separately the rate for each. The tenders must specify the rate per hundred bazar maunds of Coal or Wood.

3.—The Coal must be the best Raneegunge, or equal to the best Raneegunge in quality, and twelve maunds of the Coal tendered, must be sent to the Steam Foundry at Kidderpore for trial, which, with the exception of two maunds, will be lost to those whose tenders are not accepted, two maunds will be returned if sent for within one week of notice being given of the result of the tenders of the Coal sent by the party or parties whose tender is accepted, two maunds will be retained as a muster of the quality contracted for.

4.—The Wood must be dry, and recently felled, of the heaviest and best quality procurable, either of the trunks of trees or large branches of not less than 20 inches girth. It must be free from bark and cut into lengths not exceeding 3 feet and split into pieces, the girth of which shall not exceed 13 to 15 inches; and both coal and wood must be protected from the rain and the coal from the sun also. The Contractor must undertake to deliver the Fuel on board the Steamers by weight, and at the rate of one hundred maunds per hour under a penalty of two Goldmohurs for every hour of the Boat's detention on this occasion beyond the time necessary to take in a certain quantity at the above rate.

5.—The Contractor will be required under penalty to maintain constantly in store fuel for three months estimated consumption. The Government will not be pledged however, to take monthly or yearly the entire estimated quantity, as circumstances may occur to prevent the full quantity being required, such as the withdrawal of Boats from the line. On the other hand, it may happen, that from an increase in the number of Boats, or of voyages, or from other causes, the quantity now estimated may be insufficient; and the Contractor will be required to undertake that in such cases he will on three months' notice being given, meet a demand to any extent not exceeding twenty-five per cent. on the present estimate, and on the same terms of contract.

6.—The Clause requiring that fuel for three months shall always be maintained in store, will not be in force during the last three months of the term of the contract, but at the expiration of the contract, Government will take over or transfer to new Contractors such quantity or quantities of fuel as may remain in the Depots to the extent of two months' supply at the contract price.

7.—Should the Contractor fail to provide coal equal to the muster, or wood not of the best quality, such failure shall be considered a breach of Contract, and in such case it shall be lawful for Government through their Officers or other persons to provide good and approved fuel at the expense of the Contractor.

8.—Government will advance to the Contractor, under approved security, one half of the estimated outlay for fuel for one year, and will further on the production of receipts from Commanders of the

Steamers for fuel delivered on board their respective vessels by the Contractor pay one quarter of the contract price of the fuel so delivered, and at the end of the year or as soon after as it may be practicable, balance the account and make a further advance to meet the expence of the second year upon an equitable adjustment, that is, that if on account of the first year advance has been made on a larger quantity of fuel than shall on winding up the year's account appear to have been supplied the excess, shall be considered as part of the advance on account of the second year, when if any balance be due to Government from the Contractor on account of Monies paid to him, the same shall be deducted from the sum that may be due to the Contractor on one-fourth the value of fuel supplied by him or be otherwise recoverable as a debt.

9.—Wood will not be received on Board the Government Steamers instead of Coal, but if the Contractor for that article fail in the supply, he shall be open to a prosecution by Government for breach of Contract, or if under any circumstances, Government shall permit the use of wood instead of coal, the Contractor for coal shall be debited with the contract price of five maunds of wood for every maund of coal he may fail to supply. Should the Contractor for wood fail in his supply, and the Government Boat be obliged to consume coal instead, the Contractor shall for every maund of wood not supplied, pay to Government eight annas per maund, and it shall be lawful for Government to deduct the amount of such forfeiture or fine from any balance of any unadjusted account remaining in their hands, or otherwise to sue for it on the Contract.

10.—The Party whose Tender is accepted, will be required to enter into the usual Penalty bond for the due fulfilment of his engagement.

By order of the Superintendent of Marine.

1st.—The Opium will be sold for Exportation by Sea only, and no Certificate will be granted except to cover such Export.

2d.—The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price; except under the circumstances for which provision is made by Clause 12th of the Conditions of Sale.

3d.—The Sale shall commence at the hour of 11 A. M., and shall not be continued after the hour of 5 P. M; but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Customs, Salt and Opium, be resumed on the next day following (not being Sunday or a public Holiday,) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of; or, if the quantity of 2,610 Chests shall not be sold on the day advertized, the Board may dispose of the Lots which remain on hand at a future Sale.

4th.—Each Lot to contain Five Chests.

5th.—A deposit in a Promissory Note for 25 per Cent. even money of the amount for which each lot is knocked down, shall be made by the purchaser in the Sale Room, and before the lot is Registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the Purchasers at this Office, by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Friday, the 24th March, 1848; or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts, or deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times, and under such conditions of re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such re-sale, shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6th.—The Promissory Notes taken on the day of Sale, under the last mentioned Condition, if remaining unredeemed on the said 24th March, 1848, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7th.—No Tender of Money, Sub-Treasurer's Receipts, or Public Securities, on account of Opium, upon which the prescribed deposit may not have been made before 4 o'Clock of the 24th March, 1848, will be afterwards accepted.

8th.—The Opium now advertised for Sale shall be paid for within fifteen clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Thursday the 6th of April, 1848, and in case any lots of such Opium shall not be so paid for, and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or any Public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Customs, Salt and Opium shall think fit, and the first Purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale, and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9th.—Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each Certificate or Order, and it is to be clearly understood, that the Certificates or Orders so taken out shall be considered final and not afterwards changeable for other Certificates or Orders authorizing the delivery of single lots, or of a different number of

lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10th.—No Sub-Treasurer's Receipts, or Deposit of Public Securities, under the fifth of the present Conditions, will be received in this Office, except from the party recorded as the Purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such Purchaser, and the Securities so deposited will be returned when clearance has been made by the said Purchaser or his order.

11th.—The Officer Superintending the Sale, on the part of the Board of Customs, Salt and Opium, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time, a deposit either in Bank of Bengal Notes, Sub-Treasurer's Receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid.

12th.—With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified, that the Officer of Government Superintending the Sale, shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bonâ fide bidder for a lot, after it has been offered for Sale in the mode here described, shall be held and declared to be the Purchaser of the said lot, and the Officer of Government Superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees, specified in the 2d Clause of these Conditions.

13th.—The Purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of twenty lots, and for the lots so purchased, the Purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, and pay the same price per chest as that for which he purchased his first lot; provided always, that there remain a sufficient number of lots of that Opium to complete the said twenty-five, but not otherwise.

14th.—In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William, in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15th.—The following Papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date, by application at the Office of the Secretary to the Board of Customs, Salt and Opium.

No. 1—Certificate of the Opium now advertized for Sale.

No. 2—Report of the Examination of such Opium.

16th.—The Public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1846-47, the same precautions having been taken as those which have been observed during past years, to have the Drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake.

An account of the weight of the Drug when packed at Behar and Benares, and a statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the dispatches on arrival at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium, and further that four chests of Behar and Benares Opium, which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale, to enable them to judge of the state of preservation in which the Drug has kept.

17th.—Any further information respecting weight or quality of the Opium advertized for sale, that may be desired by parties connected with the Trade will, as heretofore, be furnished to them on application at the Office of the Board of Customs, Salt and Opium; but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the Drug which may be preferred in reference to chests after the sale and delivery of the Opium for shipment.

18th.—The Public are hereby informed, that in addition to the quantity abovementioned, the following quantities, more or less, of Behar and Benares Opium of 1846-47, will be brought to sale in the present season on or about the dates specified below:—

SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

WEDNESDAY, MARCH 8, 1848.

Fort William, Home Department, Legislative, the 26th February, 1848.

The following Act passed by the Governor General of India in Council on the 26th of February 1848 is hereby promulgated for general information.

ACT No. II. OF 1848.

An Act to confer certain powers and privileges on the Commissioners for the Improvement of the Town of Calcutta, and to provide for the execution of certain public works by them.

Whereas by Act No. XVI. of 1847, it was amongst other things enacted, that the whole proceeds of the rates and taxes therein aforesaid, after paying all establishments and incidental expences should, together with such monies as the Government of Bengal, with the sanction of the Governor General in Council, might direct to be paid over to the Commissioners for the Improvement of the Town of Calcutta therein aforesaid, be applied by them to the following purposes, viz.

Formation of Tanks and Aqueducts for the conveyance of water to all parts of the Town.

Opening of Streets and Squares in crowded parts of the Town.

Filling up Stagnant Pools of Water and removing obstructions to the free circulation of air.

Lighting and Watering the Roads and Streets.

Cleansing and repairing the same and the drains of the said Town.

And improving and embellishing the said Town generally.

And whereas for the effectual accomplishment of the purposes aforesaid it is expedient that the said Commissioners should be empowered to appoint a Clerk and a Surveyor and other necessary Officers, and that the said Commissioners and their said Clerk and their said Surveyor and other Officers should exercise powers interfering with the rights and property of individuals:

I. It is therefore hereby enacted, that the said Commissioners shall, subject to confirmation or disallowance by the Governor of Bengal, nominate and appoint fit and proper persons to be their Surveyor and Clerk and other necessary Officers, who shall receive such salaries as to the Governor of Bengal shall seem meet.

II. And it is hereby enacted, that for the purpose of constructing one or more Aqueducts for bringing pure and wholesome water to the Town of Calcutta from any place without the local limits of the jurisdiction of Her Majesty's Supreme Court of Judicature, it shall be lawful, whenever a plan for an Aqueduct shall have been approved by the Governor of Bengal, for every Commissioner, and for the Surveyor and Clerk to the Commissioners with such Assistants as they may require, to exercise in the construction of such Aqueduct, throughout the line of country through which such Aqueduct is to run, all the powers which by this Act it is lawful for them to exercise within the said local limits, and which may be necessary for the construction of such Aqueduct without being subject to any action or molestation whatever for so doing. And it shall also be lawful for any Magistrate of any district through which the said Aqueduct is to run, in furtherance of the construction of such Aqueduct, to do such acts, and he is hereby required to do such acts as it is by this Act lawful for a Magistrate of the Town of Calcutta to do, and as he is by this Act required to do in furtherance of any work to be executed by the said Commissioners within the said local limits.

III. And it is hereby enacted, that it shall be lawful for the said Commissioners instead of executing any of the works which by this Act they are authorized to execute, by themselves, their Servants and Assistants, to execute the same by contract with any individual or Company who may be willing to undertake the same, and in that case it shall be lawful for such individual or such Company to exercise and enjoy all the powers and privileges which by this Act it is lawful for the said Commissioners to exercise and enjoy in the execution of any such work.

IV. And it is enacted, that if in carrying into execution any of the powers or authorities of this Act any house, building or other hereditament shall be damaged or otherwise prejudicially affected, the said Commissioners shall make good such damage and pay to the Owner and Occupier of such house, building or other hereditament such amount of compensation for such injury as shall be agreed upon between such Owner and Occupier, and the said Commissioners, and if such Owner or Occupier, and the said Commissioners cannot agree as to the amount of such compensation and the proportions thereof to be paid to such Owner and Occupier respectively then the amount of such compensation, and also the proportions which the persons claiming the same are entitled to shall be settled and recovered by arbitration or the verdict of a Jury to be summoned and returned in the manner provided in Act No. XXII. of 1847, entitled an Act to enable the Commissioners who may be

appointed under Act No. XVI. of 1847, to purchase real or personal property for the Improvement of the Town of Calcutta.

V. And it is enacted, that if any person at any time shall obstruct or molest the said Commissioners or any Clerk, or Surveyor, or other Officer, or any workman, or other person employed by them, or any person or Company with whom they may have contracted under the provisions of this Act, or any person employed by them in the performance and execution of their or his duty, or any thing which they are respectively required or authorized to do by virtue, or in consequence of this Act, every such person so offending shall for every such offence on conviction before a Magistrate, forfeit and pay any sum not exceeding Fifty Rupees.

VI. And it is enacted, that every Commissioner and the Surveyor, and Clerk to the Commissioners, with such Assistants as they may require, shall for the purposes of this Act, have full power and authority at all seasonable hours in the day time to enter, or to direct his subordinate Officers to enter into and upon any land or tenement, and in and upon the land on which any house, building or other erection is built or building, or intended to be built, and into and upon any buildings or any part thereof without being liable to any action at Law or Suit in Equity, or any other legal proceedings or molestation whatsoever for or on account of such entry, or of any thing done or to be done in any part thereof in pursuance of this Act. Provided that none of the persons abovementioned shall enter upon any lands or tenements which may be occupied at the time unless with the consent of the occupier thereof, without previously giving the said occupier reasonable notice of his or their intention to do so.

VII. And it is enacted, that the management and controul over all and every of the streets, public ways and public thoroughfares of every kind and description within the said Town of Calcutta existing at the time of the passing of this Act, and of all parts of the said Town which shall hereafter become streets, public ways or public thoroughfares of any kind or description, and the pavements and other materials therein, and all erections and buildings, materials, implements or other things provided for the said streets, public ways and public thoroughfares by or under the authority of the Government of Bengal, or by the Magistrates of Calcutta, or by the said Commisssioners, shall be the property of, and are hereby vested in the said Commissioners as Trustees.

VIII. And it is enacted, that it shall be lawful for the said Commissioners with the consent and approbation of the Government of Bengal to pave and water such of the streets, public ways and public thoroughfares existing in the said Town at the time of the passing of this Act, or at any future time as they shall think fit.

IX. And it is enacted, that the said Commissioners shall keep in sufficient repair every street, public way and public thoroughfare existing in the said Town at the time of passing this Act, or at any future time, and shall be liable to be indicted for not sufficiently repairing the same.

X. And it is enacted, that if any person shall displace, take up or make any alteration in the pavements, flags or other materials of any foot or carriage way in any street within the said Town without the consent in writing of the said Commissioners, or of their said Surveyor, or shall cause any obstruction to, or make any encroachment upon any street in the said Town, any such person so offending shall for every such offence on conviction before a Magistrate forfeit and pay a sum not exceeding Fifty Rupees.

XI. And whereas it is essential to the health and convenience of the inhabitants that straight and spacious streets and thoroughfares should be continued where they have been begun, and should be opened at convenient and suitable distances where such do not at present exist so as to perforate the mass of buildings within the said Town in straight lines as nearly as may be from South to North, and from East to West, crossing each other at right angles, and from South East to North West and from South West to North East, crossing the straight lines abovementioned diagonally with large open spaces forming squares or circles at convenient and suitable distances from whence the said streets may conveniently diverge in lines without interruption to the river and to the open country without the said Town so far as the completion of such plan may be practicable and where not entirely practicable upon a plan as nearly approaching to such plan as may be: And whereas it is also expedient and necessary that the narrow lanes and gullys which compose the greater part of the said Town inhabited by the Native inhabitants should be converted into such straight and spacious streets and thoroughfares formed as abovementioned due regard being had to the compensation of Owners of houses, buildings and grounds, which may be required to be vested in the said Commissioners for any such purposes as aforesaid:

It is enacted, that as soon as may be after the passing of this Act, the said Commissioners shall cause plans to be made by their said local Surveyor and by other competent Surveyors, shewing the direction and breadth of such streets and thoroughfares, and the situations and dimensions of such open spaces to form squares or circles as aforesaid, which in their opinion shall be the most suitable for carrying into effect the abovementioned objects, keeping in view the salubrity of the said Town, the convenience of communication within the same, and the economy with which the said improvements may be carried into execution, together with estimates of the expence of the necessary works and estimates of the probable value of the houses, buildings and grounds, which it will be necessary for the said Commissioners to purchase for these purposes, and the said Commissioners shall select from the plans which shall be so furnished to them the one which they, or a majority of them, shall consider the best and most eligible, and shall transmit to the Secretary to the Government of Bengal, the said plan and the resolution of the Commissioners thereupon for the consideration of the said Governor of Bengal, and upon the said Governor signifying through the said Secretary by writing, signed by the said Secretary, his approval of such plan, the said Commissioners shall proceed with all convenient speed to carry the same into execution so far as the funds at their disposal, and the circumstances under which the works are to be carried into execution will allow, in conjunction with the other improvements contemplated by this Act, and in case the said Governor shall signify his disapproval of the plan so submitted to him, the said Commissioners shall cause another plan to be drawn by the same or any other competent Surveyor, which plan shall in like manner be submitted by the said Commissioners to the said Governor, and so from time to time until such plan shall be finally approved of by the said Governor, and as soon as may be after such final approval of the said Governor shall be intimated to the said Commissioners as aforesaid, the said Commissioners shall proceed to carry the said plan so approved into execution with all such convenient speed as aforesaid.

XII. And it is enacted, that the said plan having been so submitted to and having been ap-

proved by the said Governor as aforesaid, the said Commissioners shall proceed in conformity with the provisions of Act No. XXII. of 1847, with the purchase of such houses, buildings and grounds as it may be necessary to purchase for the execution of such plan, and shall upon such purchase being completed give orders to their said local Surveyor to proceed with the said works without further reference to the said Governor.

XIII. And whereas it is essentially necessary to the salubrity of the said Town to make provision for the effectual sewerage and drainage of the same:

It is enacted, that as soon as conveniently may be after the passing of this Act the said Commissioners shall cause their said Surveyor to make a careful survey of the whole of the said Town, and in an accurate and distinct report to be framed by him to state what in his opinion are the defects of such sewerage, works and drains as shall at that time exist therein, and what alterations of the same, and what new main and other sewers and drains are necessary and proper for the effectual draining and clearing of the whole of the said Town, and what reservoirs, engines, sluices, penstocks and other works are required for properly flushing and cleansing out such sewers and drains, and at and from what places such drains and sewers respectively ought to commence, in what precise direction they are to be conducted, and at what places respectively they ought to terminate.

XIV. And whereas it is of the most essential importance that all the inhabitants of the said Town should be supplied with good and wholesome water for drinking and for domestic purposes to the utmost extent that the local and other circumstances of the said Town will permit, and especially that the poorer inhabitants thereof should be so supplied with water; and whereas supplies of water are also required for the efficient and wholesome cleansing and watering of the streets, and cleansing the main and other sewers and drains which may be constructed or maintained under the provisions of this Act:

It is enacted, that the said Commissioners shall at the same time cause their said Surveyor to report upon the existing supplies of water in the said Town, the sufficiency or insufficiency of such supply for all the several purposes aforesaid, and the healthful or palatable quality as water for drinking of every description of water so supplied, or which the said Surveyor shall recommend in future to be supplied, and with a view to test the accuracy of his report upon this latter subject the said Commissioners shall cause such water or waters to be analysed and reported on by competent Chemists and Medical men, and the said Surveyor shall also state in his report from what point on the River Hooghly, North of Calcutta, water in sufficient quantity can be conveyed into the Town for the domestic purposes of the said inhabitants, and for the efficient and wholesome cleansing and watering of the said streets, and cleansing the main and other sewers and drains which shall or may be constructed and maintained under the provisions of this Act, and shall state whether in his opinion one supply of water from one place can be commanded adequate to all these several purposes, and from what distance and at what probable expence, and what reservoirs, engines, sluices, canals, aqueducts, pipes and other works, and of what respective dimensions are required for the adequate and abundant supply of such water for all such purposes as aforesaid.

XV. And for carrying into effect the purposes aforesaid it is enacted, that all sewers and drains, together with all buildings and other works, materials and things therewith connected, and all canals, aqueducts, tanks and wells provided for or lawfully applied to public use, and which are not the property of any private person or persons, together with all buildings, engines, works, materials and things therewith connected existing in the said Town at the time of the passing of this Act, or which hereafter shall at any time be constructed and made therein whether constructed at the cost of the said Commissioners or otherwise, and the entire management and controul over the same, subject to the provisions hereinafter contained, shall be the property of, and are hereby vested in the said Commissioners as such Trustees as aforesaid.

XVI. And it is enacted, that the said Commissioners shall cause to be constructed and made such and so many sewers ,and drains, and such and so many reservoirs, canals, aqueducts, engines and other works, and to be laid such and so many water pipes as shall in the opinion of the said Commissioners be necessary and proper for the effectual draining and cleansing of the whole of the Town aforesaid, and for the properly flushing and cleansing out such sewers in and under or across all or any of the streets and ways whether dedicated to the public use or not, roads and other places within the said Town, and if needful through and across all under ground cellars and vaults which they may find under any of the said streets, ways, roads or places, doing as little damage as may be, and also to cause such and so many rings and openings to be made or left in the sides of the said sewers as will be sufficient for the making or branching any drain or drains from any or all of the houses built, and which may probably be built adjoining or near thereto into any of the said sewers as the said Commissioners shall think fit necessary and expedient for that purpose; and in case it shall be found necessary for completing any of the aforesaid works to build, carry or continue the same in into or through any enclosed lands or other place not being a public way, it shall be lawful for the said Commissioners to build, carry or continue the same in into or through the said lands or other places accordingly, and the said Commissioners may and shall cause such sewers to communicate with and empty themselves into any public river, stream, canal or water-course, or to cause the refuse from such sewers to be conveyed by an appropriate channel to the most convenient site for its deposit, collection and sale, and its application as manure for agricultural purposes or otherwise as they shall deem most expedient, but so that the same shall in no case become a public nuisance or annoyance to the neighbourhood, and all such sewers, water-courses, canals, reservoirs and other works and premises shall be the property of and are hereby vested in the said Commissioners, and shall be at all times under the care, control and management of the said Commissioners and of their Surveyor and Officers.

XVII. And it is enacted, that the said Commissioners shall have authority from time to time as they shall see fit, and they are hereby required to widen, deepen, embank, alter, arch over, amend, clean and scour out all or any of the sewers within the said Town as may be necessary, and also to cleanse and drain off into any sewers or otherwise abate all stagnant pools, ditches, tanks and other receptacles of foul water and filth existing within the said Town, whether the same be the private property of any person or persons or otherwise, and further in cases in which any of the existing or future sewers vested in the said Commissioners shall from any cause whatever appear to the said Commissioners to have become useless or unnecessary, it shall be lawful for the said Commissioners if they shall think fit so to do to take up, stop, fill

LIV. And it is enacted, that where in this Act or in Act No. XVI. of 1847, any sum of money whether in the nature of penalty or otherwise is directed to be levied by distress, such sum of money shall be levied by distress and sale of the Goods and Chattels of the party liable to pay the same, and the overplus arising from such Goods and Chattels after satisfying such sum of money, and the expenses of the distress and sale shall be returned on demand to the party whose Goods shall have been destrained.

LV. And it is enacted, that no distress levied by virtue of this Act, or of Act No. XVI. of 1847, shall be deemed unlawful, nor shall any party making the same be deemed a trespasser on account of any defect or want of form in the summons, conviction, warrant of distress, or other proceeding relating thereto, nor shall any such party be deemed a trespasser ab initio on account of any irregularity afterwards committed by him, but all persons aggrieved by such defect or irregularity may and shall recover full satisfaction for the special damage in an action on the case in Her Majesty's said Supreme Court.

LVI. And it is enacted, that the Magistrate by whom any such penalty or forfeiture shall be imposed may when the application thereof is not otherwise provided for, award not more than one-half thereof to the informer, and shall award the remainder to the said Commissioners to be by them applied to the purposes of this Act as to them shall appear fit, and shall order the same to be paid over to the Clerk of the said Commissioners for that purpose whose receipt shall be a good and sufficient discharge to the person so paying the same.

LVII. And it is enacted, that no person shall be liable to the payment of any penalty or forfeiture imposed by virtue of this Act, for any offence complained of before a Magistrate, unless the complaint respecting such offence shall have been made before such Magistrate within six months next after the commission of such offence.

LVIII. And it is enacted, that if through any act, neglect or default, on account whereof any person shall have incurred any penalty imposed by this Act, any damage to the property of the said Commissioners shall have been committed by such person, he shall be liable to make good such damage as well as to pay such penalty, and the amount of such damages shall in case of dispute be determined by the Magistrate by whom the party incurring such penalty shall have been convicted, and in case such damages shall not be paid on demand the same may be recovered by action of debt or on the case in Her Majesty's said Supreme Court of Judicature.

LIX. And it is enacted, that it shall be lawful for any Magistrate to summon any person to appear before him as a witness in any matter in which such Magistrate shall have jurisdiction under the provisions of this Act at a time and place to be mentioned in such summons, and require from him an oath or solemn affirmation that he will testify the truth in such matter, and if any person so summoned shall without reasonable cause refuse or neglect to appear at the time and place appointed for that purpose, having been paid or tendered a reasonable sum for his expenses if from distance or any other cause he shall be lawfully entitled to claim such expenses, or if any person appearing shall refuse to be examined on his oath or solemn affirmation according to law, or to give evidence before such Magistrate or Assistant Magistrate, every such person shall for every such offence forfeit and pay a sum not exceeding fifty Rupees.

THE 26TH FEBRUARY, 1848.

The following Act passed by the Governor General of India in Council on the 26th February, 1848, is hereby promulgated for general information:

ACT No. IV. OF 1848.

An Act for regulating Coroner's Juries.

It is hereby enacted, that from and after the First day of May, 1848, on all Inquests to be held by the Coroners of Calcutta, Madras or Bombay, no greater number than five Jurors shall be necessary, and that every finding of a Jury consisting of five Jurors shall be to all intents and purposes as good, valid and effectual in Law, as if such finding had been the finding of twelve Jurors.

II. And it is hereby enacted, that when any person shall have been duly summoned to attend as a Juror by any of the said Coroners and shall fail or neglect to attend at the time and place specified in such summons, it shall be lawful for any such Coroner to cause such person to be openly called in his Court three times to appear and serve as a Juror, and upon the non-appearance of such person and proof that such summons has been served upon him, or left at his usual place of abode, to impose such fine upon the person so making default, not exceeding Fifty Rupees, as to such Coroner shall seem fit, and such Coroner shall make out and sign a Certificate, containing the name and surname, the residence and trade, or calling of every person so making default, together with the amount of the fine which shall have been imposed, and the cause of such fine, and shall transmit such certificate to one of the Magistrates of the Presidency of which he is the Coroner, and shall cause a copy of such certificate to be served upon the person so fined, by having it left at his usual place of residence, or by sending the same through the Post Office, addressed as aforesaid, and thereupon such Magistrate shall cause such fine to be levied according to the provisions of Act No. II. of 1839, in the same manner as if such fine had been imposed by himself.

III. And whereas it is expedient to make provisions for supporting Coroner's Inquisitions and for preventing the same from being quashed on account of technical defects:

It is therefore hereby enacted, that no Inquisition found upon or by any Inquest of any of the said Coroners, nor any judgment recorded upon or by virtue of any such Inquisition shall be quashed, stayed or reversed for want of the averment therein, of any matter unnecessary to be proved, nor for the omission of the words "with force and arms," or of the words "against the peace," or of the words "against the form of the Statute," or for the omission or insertion of any other words or expressions of mere form or surplusage, nor for the insertion of the words "upon their oath," instead of the words "upon their oaths," nor for omitting to state the time at which the offence was committed when time is not of the essence of the offence, nor for stating the time imperfectly, nor because any person or persons mentioned in any such Inquisition is or are designated by a name of office or other descriptive appellation instead of his, her or their proper name or names, nor by reason of the non-insertion of the names of the Jurors in the body of any such Inquisition, or of any difference in the spelling of the names of any of the Jurors in the body of any such Inquisition and the names subscribed thereto, nor because any Juror or Jurors shall have set his or their mark or marks to any such Inquisition instead of subscribing his or their name or names thereto, nor because any such mark or marks is or are unattested, provided that the name or names of such Juror or Jurors is or are set forth, nor because any Juror or Jurors has or have signed his or their Christian name or names or other name or names which is not or are not a family name or names by means of an initial or partial signature only, and not at full length, nor because of any erasures or inter-lineations appearing in any such Inquisition, unless the same shall be proved to have been made therein after the same was signed, nor (except only in cases of murder or manslaughter) for or by reason of any such Inquisition not being duly sealed or written upon parchment, nor by reason of any such Inquisition having been taken before any Deputy instead of the Coroner himself, nor because the Coroner and Jury did not all view the body at one and the same instant, provided that they all viewed the body at the first sitting of the Inquest, and in all or any such cases of technical defect as are hereinbefore mentioned, it shall be lawful for any Judge of Her Majesty's Supreme Court at the Presidency at which such Inquest shall have been held, if he shall so think fit, upon the occasion of any such Inquisition being called in question before him, to order the same to be amended in any of the respects aforesaid, and the same shall forthwith be amended accordingly.

IV. And it is enacted, that it shall be lawful for each of the Coroners of Calcutta, Madras and Bombay from time to time to appoint by writing under his hand and seal a fit and proper person, such appointment being subject to the approval of the Governor of the Presidency of which he is the Coroner, to act for him as his Deputy in the holding of Inquests; and all Inquests taken and other acts performed by any such Deputy Coroner under and by virtue of any such appointment shall be deemed and taken to be the acts and deeds of the Coroner by whom such appointment was made. Provided that no such Deputy shall act for any such Coroner except during the illness of the said Coroner or during his absence for any lawful and reasonable cause. Provided also that every such appointment may at any time be cancelled and revoked by the Coroner by whom the same was made.

Fort William, Home Department, the 11th March, 1848.

A vacancy having occurred in the Council of India by the expiration of the term prescribed by the Hon'ble Court of Directors, of five years for which Sir Thomas Herbert Maddock, Knight, was appointed to his seat by the Hon'ble the Court of Directors, the Governor General in Council has been this day pleased to appoint Sir Thomas Herbert Maddock, Knight, an Ordinary Member of the Supreme Council of India.

By order of the Right Hon'ble the Governor General of India in Council,

G. A. Bushby, *Secy. to the Govt. of India.*

Fort William, Home Department, Legislative, the 4th March 1848.

The following Act passed by the Governor General of India in Council on the 4th March, 1848, is hereby promulgated for general information.

Act No. V. of 1848.

An Act to amend the Law regarding the taking of Mochulkas or Penal Recognizances.

I. It is hereby enacted, that Section 4, Regulation IV. of 1825, of the Bengal Code, is repealed.

II. And it is hereby enacted, that in the Territories subject to the Presidency of Bengal, it shall be lawful for the Zillah and City Magistrates and Joint Magistrates to take Mochulkas or Penal Recognizances in the form annexed to this Act, as well from British subjects as from other persons in all cases wherein it may appear just and necessary to require the same for the maintenance of the peace in their respective jurisdictions although the party to be bound in such recognizances may not have been convicted of any specific offence, provided that the amount of the recognizance in all such cases shall be proportionate to the condition in life of the said party and to the circumstances of the case.

III. And it is hereby enacted, that in cases of an aggravated nature wherein it may appear necessary to require security for keeping the peace in addition to the recognizance of the party, it shall be lawful for such Magistrates to direct the same and to fix a reasonable amount for the security bond to be executed in the form annexed to this Act by the surety or sureties.

IV. And it is hereby enacted, that whenever it shall appear to the Magistrate that the period for which the party should be bound to keep the peace with or without additional security, need not exceed one year, it shall be lawful for him, without reference to superior authority, to give directions accordingly, and in default of such recognizance or additional security, to commit the party to prison in the Civil Jail until he shall do what has been required of him.

V. And it is hereby enacted, that whenever it shall appear to the Magistrate that the period for which the party should be bound to keep the peace with or without additional security ought to exceed the period of one year, the Magistrate shall record his opinion to that effect with an order specifying the amount of recognizance and security as well as the number of sureties which should in his judgment be required, and the period for which the recognizance and security should be required, which however shall in no case exceed three years. If the party shall not furnish the recognizance and security so required, the proceedings shall be laid before the Sessions Judge, who, after examining them and calling for any further information which he may think necessary, shall pass orders on the case confirming, modifying or annulling the orders of the Magistrate, and if the orders so passed by the Sessions Judge confirm to any extent the requisition for recognizance or securities the Sessions Judge shall direct the Magistrate to commit the party to prison in the Civil Jail until he shall do what has been required of him.

VI. Provided always and it is hereby enacted, that no party shall be kept in prison under the foregoing provisions of this Act for a longer period than that for which the recognizance and securities have been required from him.

VII. And it is hereby enacted, that the Provisions contained in Sections 5, 6 and 7, of Regulation VIII. of 1818, of the Bengal Code, shall be applicable to all persons confined under the foregoing provisions of this Act, and to all sureties who shall have given security under this Act.

VIII. And it is hereby enacted, that whenever it may be proved before the Magistrate that any such recognizance has been forfeited, he shall proceed to enforce the penalty of such recognizance in the mode prescribed for the satisfaction of decrees of the Civil Court.

IX. And it is hereby enacted, that whenever it may be proved before the Magistrate that any such recognizance has been forfeited if a security bond shall have been taken and the Magistrate shall think that proceedings should be had upon such bond, he shall give notice to the surety or sureties to pay the penalty, or to shew cause why it should not be paid, and if no sufficient cause shall be shewn, the Magistrate shall proceed to recover the penalty from such surety or sureties by the attachment and sale of any of his or their property in the mode prescribed for the attachment and sale of property in satisfaction of decrees of the Civil Court, and if the penalty be not paid and cannot be recovered by such attachment and sale, such surety or sureties shall be liable to confinement by order of the Magistrate in the Civil Jail of the station during a period not exceeding six months.
